2. Promotions. Forty-seven promotions were effective during the month of December in the grades PFC through Master Sergeant. There were 4 Meritorious Combat Promotions.

3, Awards. Twenty-three personnel were recommended for personal awards. Ten awards were presented to members of this Battalion, eight of which were Purple Heart Medals.

INTELLIGENCE

1. Weather. The weather during December was comparatively dry. Only 3.79 inches of rain fell, considerably less than the expected 9.2 inches. The high and low temperatures were 83 degrees and 62 degrees respectively, while the average temperature was 75 degrees.

2. Mine Incidents. Mine incidents continued to plague the battalion. Two Company C tanks hit mines ranging in size from 100 to 150 lbs of explosive, resulting in major damage and necessitating replacement of both vehicles. A total of three WIA(E) resulted from these incidents. One flame tank also hit a mine during the month resulting in only light damage and one minor injury.

3. Indications. The rains should continue to decrease, leading to improved tank operating conditions. As conditions improve, enemy employment of anti-tank mines may be expected to increase along frequently used routes and in probable operating areas. With TET drawing near, enemy activities will most likely be stepped up in intensity.
