FRENCH INVASION COAST

18 June 1944

View of ships and the French coast. A plane in flight; smoke moving up from the coast. A few British destroyers at sea; one of them fires.

A view from ship showing part of its railing and other ships in the distance as they fire broadside to the shore.

LS, dusk, ships lying offshore. Two ships signal with blinker lamps.

HMS on battleship, casualty is taken from a landing craft alongside.

HMS, dead soldier covered with canvas.

LSs, coast showing ships near the shore; planes flying overhead L/R.

In one shot a bomb can be seen exploding very prominently on the distant shore.

LS of water. In the far distance a plane which appears to be on fire comes down twd the water.

NOTE: The second story is of poor photographic quality and original material is dirty. Film is being kept for its historical value.
