DECLASSIFIED

SYNOPSIS:

22 August - At 0625H 2 squads from Company "E" plus a detachment of Engineers commenced mine sweep of Anderson Trail to junction Highway # 1; road sweep completed with negative incidents. At 0645H daylight activities (patrols and outposts) commenced. At 0730H H/3 received sniper fire from vicinity BT 023583. Small arms and M-79 rounds were returned. Sniper fire ceased and patrol continued its mission. At 1000H H/1 received fire vicinity BT 025583 from 5 buildings located at BT 028585. Returned small arms fire and grenades. A man was seen running away into the tree line. Area was searched with negative results. At 1045H a wire team received 5 rounds of sniper fire from vicinity BT 003634. ONTOS returned fire and probably wounded 1 VC. At 1100H F Company while conducting a company size sweep in the vicinity of coordinates AT 996593 came under extremely heavy automatic weapons fire by an unknown number of VC from vicinity AT 998595. F Company used all organic weapons and called 81mm mortar mission while returning fire. The company swept forward cautiously forcing the VC to break contact. The area was swept with no further contact. 1 M16A1 AP mine placed to break up the attack was found and destroyed. Company suffered 2 WIA's who received medical evacuation. At 1100H F/2 patrol vicinity AT 995637 in the southwest fired at a sniper who was shooting at 2-ONTOS at BT 004635. The patrol continued after the sniper broke contact. At 1120H a squad from H/1 at BT 025580 received 7-8 rounds sniper fire from vicinity BT 027582. Small arms fire was returned and firing ceased. M-1 ball ammunition was found at snipers position upon search. At 1340H F/2 patrol in the vicinity AT 995624 observed two VC with weapons at AT 993628. VC were taken under small arms fire and fled; during the firing a member of the patrol tripped a grenade-type booby trap which detonated and caused 2 WIA's. One was evacuated; one less serious remained. At 1600H communication wire section with squad size security unit and engineers discovered 3 booby traps in the vicinity BT 009635. Booby traps were rendered safe. They consisted of 1 M-26 grenade (lying on spoon, with pin pulled, under a piece of cardboard) and 2 VC anti-personnel mines rigged with trip wires. At 1815H E/2 received 1 sniper round from vicinity BT 025635 causing 1 WIA at coordinates BT 025635. Since sniper position could not be exactly determined, no fire was returned due to nearness of a village. WIA was evacuated. At 1854H all daylight

activities secured and night time activities (patrols/ambushes and listening posts) commenced. During the period 0805H-1915H E/1 patrol received several sniper rounds from vicinity BT 012615. No fire returned since sniper's position could not be determined exactly. They swept the apparent location and received fire from the right flank (in the vic BT 012615) and also from the rear (in the vic BT 015615). An 81mm mortar mission was called and small arms fire was returned. Area was swept and several VC were observed running into distant treeline; one was armed with a rifle. One document was found and was returned to battalion S-2. Hotel Company's CP in vicinity BT 025577 received 3 incoming 60mm mortar rounds and 20-30 rounds from both east and west at 220130H. H/3/A in LP (vic BT 029579) observed 6 personnel and area was illuminated. Surveillance of the area was continued through the night. At 220720H H&S Company mine sweeping detail on Anderson Trail discovered 1 box type mine with 50 to 60 pounds of TNT in the vicinity BT 031641 at 220700H. Mine was blown in place. At 222300H FRAG O for 22 August issued: operation 216-66 terminates 221200H; Echo Company commence extensive patrolling to "W" area; Golf Conduct patrol activities in "R" area; Hotel continue dismantle camp and patrol in the "S" area. There were 1 Company, 5 Platoon, 4 Squad Search and Destroy patrols; 1 squad and 1 fire team security patrol, 8 squad ambushes and 2 listening posts employed.

SYNOPSIS:

23 August - Mine sweep of Anderson Trail completed at 0710H with negative results. At 0645H night time activities secured and daylight activities (search and clear/security patrols and outposts) commenced. At 0940H G/1/A activated a M16A1 mine vicinity AT 982568. As corpsman were administering first aid to the wounded, one wounded marine detonated a second M16A1 mine; results were 2 KIA and 11 WIA. At 0950H E/3 patrol at BT 039685 received light sniper fire from vicinity BT 039585; patrol returned fire and VC broke contact into an unknown direction. Area was swept and a blood trail was found. Several young Vietnamese men were noted lounging within the swept area; ID cards were checked and none were on the Black List. At 1100H H/1 located 1 VC grenade with an electrical cord running from it (vic BT 014577) into a nearby rice paddy; grenade was destroyed in place and patrol continued. At 1100H one corpsman of E/3 at BT 034624 detonated a mine consisting of one 7.62mm tracer round; round went through his foot and the individual was helo/med-evaced. At 1130H H/1 patrol apprehended one Vietnamese male in hut (vic BT 013578) with an empty demolition bag; VCS was turned over to District Headquarters. At 1250H Hotel Company CP (BT 025573) received heavy semi and automatic weapons fire from vicinity BT 025575. Area was swept and two tunnels were closed with grenades. One VC was observed fleeing into the treeline (vic BT 028579) and was fired upon by patrol; VC appeared to stagger before disappearing into treeline. At 1558H Hotel Company CP received heavy sniper fire from vicinity BT 025579; VC broke contact into the treeline; two of the VC were females. Area was swept with negative results. At 1600H a resupply column of OTTER'S returning from Hotel Company struck a mine estimated to 40-60 lbs of TNT. One OTTER was almost completely destroyed and 5 WIA's resulted. Four Marines were med-evaced and 1 returned to BAS. At 1915H nighttime activities (patrols, ambushes, and listening posts) commenced. At 2120H Tanks attached to Golf Company at AT 977567; boat was forced ashore on opposite bank by fire when a large

Secondary explosion was observed resulting in 2 VC KIA probable. AT 2120H Golf Company CP (AT 982563) observed activity in the treeline at AT 985564. Area was illuminated and 3 VC were sighted. Small arms and .50 Cal fire was employed resulting in three secondary explosions were observed resulting in 3 VC KIA probable. Area to be swept at first light. There were 9 platoon and 8 squad search and destroy patrols, 4 platoon and 5 squad security patrols, 5 squad ambushes and 2 listening posts during the period.

S-3	Regt	0130	SPOT REPORT A - H&S Company B - 232000H-240035H C - FR: Bn CP Lines EN: BT 009630 D - At 232000H H&S lines spotted 1VC with infra-red sniper scope. VC was taken under fire and dropped to the ground after 3rd round was fired. H&S did not go after him immediately but instead used him for an ambush. After a period of time a patrol was dispatched after the VC. The battery for the sniper scope went down and was replaced approx. 30 minutes later. After scanning the area the body was missing and two people were sighted carrying an object large enough to be a body. The scope also picked up 15 objects in a tree line which had not been there previously. The 15 objects were taken under fire with 300 rounds 7.62 and 30 M79 rounds. Results unknown at present. E - Patrol returned at 240030H and will again search both areas at first light. F-I-None J - 1(probable) K-Q-Negative.

SYNOPSIS:

During the hours of 232000H and 240035H H&S Company manning the CP perimeter observed 1 VC in the vicinity BT 009630 by means of infra-red sniperscope. VC was taken under fire and seen to fall. A reinforced squad size patrol was dispatched with a sniper scope to locate the body. At this time more images were observed in the tree line in the same vicinity carrying what appeared to be a body. They were taken under fire with small arms and M-79 rounds. Area was searched at first light and footprints were found. At 0540H night time activities secured and daylight activities (search and clear operations, security patrols, and outposts) commenced. At 0620H Mine/security sweep of Anderson Trail to Highway # 1; completed at 0716H with negative results. At 0845H H&S security patrol in vicinity BT 028635 received one sniper round from vicinity BT 024634. Fire was not returned due to the presence of civilians in the area, however, area was searched

with negative results. At 1017H "G" Company completed sweep of area of contact (vic 982563) and located three holes with dried blood. At 1140H F/2 patrol at AT 999625 received automatic fire from an undetermined number of VC from vicinity AT 995628. Fire was returned with small arms fire and area was swept with negative results. Contact results: 4 non-med evac WIA's. At 1926H day time activities secured and night time activities (patrols/ambushes and listening posts) commenced. At 2035H Golf Company CP (AT 982564) received 2 rounds of sniper fire from vicinity AT 980568. Fire was not returned since the sniper's exact location was not known. At 2208H FRAG ORDER for 25 Aug 66 issued: All units conduct short range patrols and ambushes with emphasis on latter; Hotel plan to close present camp on 26 Aug 66; H&S provide mine sweep/Anderson Trail security and one platoon for CP security; Echo provide one platoon for CP security. There were 2 company, 3 platoon, and 3 squad search and destroy patrols, 2 platoon and 5 squad security patrols, 5 squad ambushes and 2 listening posts during the period.

SYNOPSIS:

25 August: Mine sweep of Anderson Trail to junction Highway # 1/sweep completed at 0747H with negative results. At 1010H one member of H/3 activated a VC booby trapped grenade at coordinates BT 037594 resulting in 1 U.S. WIA. H/3 began receiving light sniper fire from vicinity BT 030594 while awaiting the arrival of med-evac helo; patrol returned fire with small arms and 81mm mortars and the VC broke contact in an unknown direction. A search of the area was conducted with negative results and the med-evac was completed without incident. At 1040H E/2/A patrol at BT 023623 received 15-20 rounds of sniper fire from the vicinity BT 022618; fire was returned with semi and automatic fire. VC broke contact in an unknown direction and area was swept with negative results. At 1110H H/3 at BT 025594 received heavy small arms fire resulting in 1 WIA from the vicinity BT 030594 and BT 030596. 81mm mortar mission was called and the area was swept with negative results. At 1240H F/2 patrol at AT 998629 received sniper fire from the vicinity AT 993624. Small arms fire was returned and sniper fire ceased. Area was swept with negative results. At 1315H 2/1 CP (BT 015628) received 10 rounds of sniper fire from an unknown direction; fire was not returned since the sniper's position was not known. At 1315H E/1/A patrol at BT 029621 received automatic fire resulting in 1 WIA from the vicinity BT 029619. Small arms fire was returned and the area was swept with negative results. At 1719H 81mm mortar section located in the Bn CP at BT 015628 received sniper fire from the southeast vicinity BT 025625; all units were alerted. At 2100H Warning Order was issued to Golf Company: Be prepared to move present camp to new vicinity W-1 area. There were 3 platoon and 3 squad search and destroy patrols, 3 platoon and 3 squad security patrols, 3 squad ambushes and 2 listening posts during the period.

SYNOPSIS:

26 August - Lt 0526H FRAG ORDER for 26 August issued: All units continue patrolling/ambushing activities; H&S and F Company provide 1 platoon for CP security. Mine sweep of Anderson Trail completed at 0740H with negative results. At 0655H all night time activities secured and daylight (search and clear/security patrols and outposts) commenced. At 1115H F/3/A patrol observed 2 VC at BT 007623; VC were taken under fire with small arms and area was searched. Blood was found throughout the area. Results: 1 VC WIA (probable). At 1220H F/1/A patrol at BT 01261; moving southwest, tripped a booby trap of an unknown nature resulting in 1 U.S. WIA (non-med evac). At 1245H E/1 patrol received some automatic fire from an unknown number of VC in the vic BT 018616; fire was returned with all organic weapons and VC broke contact in an unknown direction; area was swept with negative results. At 1455H E/1 patrol received approximately 200 rounds of automatic fire from an unknown number of VC from the vic BT 014614; fire was returned with all organic weapons; VC broke contact and area was swept with negative results. Contact results: 1 U.S. WIA (non-med evac). At 1625H E/1 patrol found 1 M16A1 "Tomato Can" mine at BT 010619; mine was rendered inactive and returned to Bn CP. At 1905H FRAG ORDER for 27 August issued: All units continue assigned mission; H&S and F Company provide 1 platoon for CP security. At 1930H all daylight activities secured and night time (patrols/ambushes and listening posts) commenced. There were 5 platoon and 6 squad search and destroy; 3 platoon and 8 squad security patrols, 10 squad ambushes, and 2 listening posts employed.

SYNOPSIS:

DECLASSIFIED

27 August - All night time activities returned to respective CP's at 0623H and daylight (search and clear/security patrols and outposts) commenced. Mine sweep of Anderson Trail completed at 0800H. At 1030H H/3 patrol in an LVT crossing the river at BT 015559 sighted 5 sampans at BT 015556; 10 VC sighted jumping into the river after discarding equipment into river. VC were taken under fire with small arms and sampans were sunk after a thorough search was conducted; results of contact 1 VC WIA (probable). At 1130H Echo Company located at BT 000611 received approximately 140 rounds of machinegun fire from vicinity AT 999619; fire was returned with small arms and 80mm mortar fire mission. Area was swept with negative results. At 1320H a tank meeting Golf Company's resupply convoy struck a mine at coordinates AT 984584; mine estimated to contain 60 lbs of explosives. Results were tank tread blown off and 5 U.S. WIA's which were med-evacuated at 1350H. At 1420H Echo Company at coordinates BT 000611 received semi and automatic weapons fire from vicinity AT 999608; fire was returned with small arms and an 81mm mortar fire mission. Area was swept with negative results. At 1958H night time activities (patrols/ambushes and listening posts) commenced and daylight activities secured. At 2035H FRAG ORDER for 28 August issued. All companies continue assigned missions. Hotel Company commence move to new CP. H&S and Echo companies provide 1 platoon for CP security; Golf Company commence disassembly of CP area. There were 2 platoon and 2 squad search and destroy patrols, 4 platoon and 5 squad security patrols, 1 platoon and 4 squad ambushes and 3 listening posts during this period.

SYNOPSIS:

29 August - At 0014H G Company CP lines (AT 983566) observed 2 VC in front of perimeter lines; 4 rounds of M-79 were fired and 1 VC was seen to fall; the other ran into the treeline. A search of the area was conducted at first light with negative results. Contact results; 1 VC MIA (probable). At 0600H night time activities secured and daylight activities (search and clear/security patrol and outposts) commenced. Mine sweep of Anderson Trail completed at 0745H with negative results. At 0700H H/3 (BT 046561) requested a mod-ovac for 1 Vietnamese female who was shot by the local VC at vicinity BT 045567; Vietnamese was mod-ovac at 0735H. At 0900H E/1 at BT 020626 was fired upon by automatic weapons from vicinity BT 029620. Fire was returned with 8 M-79 rounds, a heavy volume of machine gun fire and 81mm mortar mission was called. A sweep of the area was conducted with negative results. Between the hours of 0930H - 1115H E/1 moving south received heavy automatic and small arm fire at BT 030619 from vicinity BT 028619. Patrol called for an 81mm mortars in addition to all organic weapons. Swept VC position and continued receiving heavy automatic fire from across the river vicinity BT 030617. 81mm mortar and artillery missions were called on the area. Due to extraction of wounded and obstacle of the river, results were unknown. At 1000H F/1 at BT 013612 received 80-100 rounds of small arms fire from 3 VC in the vicinity BT 013609; fire was returned with small arms, 1-60 and 4 M-79 rounds. Area was swept with negative results. At 1010H H/3 at BT 046556 received sniper fire from estimated 4-5 VC from vicinity BT 043556. An 81mm mortar fire mission was called and fire was returned with small fire. Results are unknown due to sniper being across the SONG DION BINH river. At 1100H as the resupply convoy to Golf company was passing AT 992578 a mine exploded after the 4th truck. It was believed to contain 25 pounds of explosive and detonated electrically. Area was swept and no trace of wire was located. No damage occurred to truck or personnel. At 1310H F/1 at BT 003610 was fired upon by 30 Cal and small arms fire from vicinity BT 003609. Fire was returned with 4 M-79 rounds and 24 7.62mm rounds. Mod-ovac was called for 2 U.S. MIA. Upon completion of Mod-ovac patrol continued mission. At 1425H Foxrot Company reported a recon hole at BT 003609 received approximately 25 rounds small arms fire; hole surveyed area with negative results. At 1500H H/3 at (BT 046561) received 2 rounds of sniper fire at resupply hole from vicinity BT 043556. No fire was returned due to lack of firm target. Resupply was completed without further incident. At 1825H all daylight activities secured and nighttime activities (patrols/ambushes and listening posts) commenced. At 1943H FRAG ORDER for 30 August was issued; all units continued assigned mission; H&S and F Companies provide 1 platoon for CP security; G Company continue dismantlement of CP; Foxrot Company provide 1 platoon for security of resupply convoy to Golf Company. There were 3 platoon and 4 squad search and destroy patrols, 3 platoon and 6 squad security patrols, 5 ambushes and 2 listening post during this period.

Additional position reports from 1/9 as to VC group of approximately 100 at AT 995625. Up to this time although cleared to fire, 1/9 had not fired;

DECLASSIFIED

FROM TO TIME MESSAGES

At 1805H, 2/1 took fire mission from 1/9 and commenced artillery and 81mm fire. E - 2/1 commenced artillery fire in area VC last located, bounded by coord 4T 999627, 000262 000618, and 997618. Fired 81mm mission starting at BT 000615 searching and traversing north towards coord. BT 002623. 41 - 105 rounds and 84 - 81 HE rounds were fired. After first artillery barrage, F/2 at Ha DONG bridge reported a body of 20 Vietnamese moving from coord 000624 towards 009629, F/2 at this time also noted group of Vietnamese moving from hamlet at BT 008639 towards hamlet at BT 001635. Smoke was observed at first fallage after people left. A platoon at 2/1 CP was alerted at commencement of fire mission to provide an exploit force. 1/9 FSCC was then contacted as to if out of our fire was observed to be right on last observed position of VC and had covered area well in depth. Due to darkness and scattering of VC units, no units were dispatched but all 2/1 units were alerted to this VC activity. As mentioned as smoking after departure of Vietnamese was not fired upon and cause of smoke was unknown.

SYNOPSIS:

30 August - At 0610: mine sweep of Anderson Trail to junction of Highway #1 commenced; completed with negative results. At 0715: F/2 patrol moving in vicinity AT 998637 had one member of patrol step on punji stick. Man was med-evaced and patrol continued assigned mission. At 0800: all night time activities ceased and daylight activities began. At 0840: road security for Anderson Trail received several sniper rounds from BT 032642; fire was not returned due to unknown position of sniper.

Area is under close surveillance. At 1500H Echo Company patrol in vicinity BT 030620 received auto and semi-automatic fire from 030617; fire was returned with approx. 100 rounds of small arms and 10-60mm mortar rounds; an 81mm mortar fire mission was called and at end of mission area was swept with negative results. At 1700H 2/1 received information from 9th Marines that uniformed VC's moving in groups of 2 or 3 were seen carrying packs and weapons in vicinity of AT 995615. It was noted that all groups were heading in northeast direction. Fire mission for 9th Marines, who could observe the VC, was cleared by 2/1. mission was never fired. Additional reports stated group of 100 VC in vicinity AT 995625. At 1805H 2/1 took over fire mission and fired artillery and 81mm mortars against VC position. Artillery and 81's expended 41-105 rds., 12-155 rds., and 84-81mm rds. on target and it was reported by 9th Marines that rounds had good effect on target at last observed position of VC. P/2 reported after barrage had ceased that 20 Vietnamese people were seen moving from smoking hamlet at coord. BT 008639 to hamlet at coord. BT 001635. Due to darkness and scattering of VC units, no friendly units were dispatched to check area, but, all 2/1 units were alerted. At 2235H Echo Company reported 2 VC's had approached to within 25 meters of their base perimeter at BT 038632. Fire was returned with 30 rds. of M-14 fire and both VC's were observed to fall; area will be checked at first light. There were 2 company, 1 platoon, and 3 squad search and destroy patrols. 2 platoon and 6 squad security patrols; and 4 listening posts during this period.

E	S-3	2215	Received reply: Utilized 2 FF troops per platoon today on search missions with excellent results. No significant development on patrols.
F/2	S-3	2220	Fire mission requested at AT 991638 on 3 VC at azimuth 2540.
S-3	Arty	2221	Artillery illumination requested.
E	S-3	2225	Report of lost rifle received by E/6 at or about 310915H. Circumstances surrounding disappearance are as follows: Unit was preparing to move out, there were civilians in the area, mostly children, man left weapon with no other Marines, with his weapon and moved 40 to 50 meters away to deficate. From this position he could not see his weapon nor could he observe the area around his weapon. When he returned to his position, the weapon was gone and in its place were two baskets and the shoulder pole from which the baskets are suspended. They appeared to be of the size normally carried by children. The man's squad immediately enacted a search of the area. Upon notification of the missing weapon E/6 started a detailed search of the rice paddies and hamlets surrounding the position, this search extended 2000 to 2500 meters from the lost weapon point and also included checking all civilians foot traffic through and away from the area. The RF Company Cmdr in the area was also notified and arrived at the scene and conducted an investigation in the area based on certain words and or names written on the shoulder pole that carried the basket. The RF Company Cmdr will continue its investigation. The area rifle was lost is BT 022632.

A - F/2 LP
 B - 312200H
 C - AT 991638
 D - LP believed they sight 3 VC approaching the company CP.
 E - The LP returned to CP and an illumination mission was called on the suspected area with negative sighting. The LP proceeded back to its location.
 F-N - Negative.

SYNOPSIS

31 August - At 0030H E Co at coord 038632 observed 1 VC moving across rice paddy diko 200 meters in front of friendly line. Fire was directed at VC with 3 M-79 rounds. Results believed to be negative but area will be checked at first light.

At 1100H H/1/A received sniper fire from vicinity BT 027589; fire was returned with small arms and 4 M-79 rounds. Sniper fire ceased and patrol continued assigned mission. At 1718 F/2 reported 10 Vietnamese people working in field across railroad tracks at AT 993635. Since F/2 had not observed these people at this location at that particular hour before and in that immediate area numerous punji traps had been found, Bn CP instructed F/2 to dispatch a unit to advance on and observe people. Bn CP had 81's prepare fire mission to cover area of suspicious activity if investigating unit came under fire. Patrol noticed movement in tree line and 3 M-79 rounds were fired and minor injury to one Vietnamese person resulted. F/2 corpsmen treated person as unit conducted thorough search of area. Although nothing suspicious was uncovered the area will remain under close surveillance throughout the night. At 2020H H/3 on advice from PF plt. commander at their position (vic 046560) requested artillery mission on suspected VC platoon at BT 042553. The mission was fired and it was reported that the 38-105 rounds had excellent coverage of target but due to target being on southside of SONG KY LAM River area was not searched for effect of barrage. There were 2 company, 1 platoon, and 4 squad search and destroy patrols; 2 platoon and 7 squad security patrols; 4 listening posts during this period.

Operation Order 216-66

Ref: (a) MAPS: VIETNAM: 1:50,000; Sheets 6640 IV and 6658 I

Time Zone: H

1. SITUATION

a. Enemy Forces. See special INTSUMS.

b. Friendly Forces.

- (1) 1st Bn, 1st Marines located to east.
- (2) 9th Marines to west.
- (3) One PF Company in vicinity BT 044620 and platoon vicinity BT 033637.
- (4) B Btry, 1st Bn, 11th Marines in direct support.

2. MISSION

Conduct search and clear operation in TAOR making a show of force and gaining familiarity with the area.

3. EXECUTION

a. Concept. See my warning order 181000H and Annex A (Operation Overlay)

b. F Company (-).

- (1) On order from present positions move north in zone searching and clearing area.
- (2) Upon reaching Phase Line GREEN, swing west (remaining north of SONG LA THO) and then north and east into Bn CP.

c. G Company.

- (1) On order move north with two platoons from present positions searching and clearing in zone.
- (2) Upon reaching Phase Line RED, pause to allow F Company to pass through area to east; then sweep east and south back to SONG KY LAM in area west of SUOI CO CA.

T-B-1

d. H Company.

- (1) Provide one platoon as blocking/screening force east of SUOI CO CA.
- (2) Coordinate platoon's movement to progress of F Company.
- (3) Upon reaching SONG TAM GIAP swing east and then southwest sweeping area west of Route #1 and astride Route #14.
- (4) When moving eastward along southern bank SONG TAM GIAP be especially watchful for areas in which to establish blocking positions for subsequent operations to be conducted in the U-2 area.

e. E Company.

- (1) On 19 August commence extensive patrolling in area between Anderson Trail and SONG LA THO and SONG THANH QUIP.
- (2) Search out fording places along SONG LA THO.
- (3) On order be prepared to provide blocking force of one platoon along north bank of SONG LA THO.
- (4) Upon passage of F Company swing east to vicinity BT 019608; conduct reconnaissance of river to BT 024598 paying particular attention to fording sites and avenues of approach into U-2 area; retrace steps to BT 019608 and swing east and north to Bn CP.

f. Coordinating Instructions.

- (1) Duration. 3-5 days.
- (2) Contact right to left.
- (3) Boundaries.
 - (a) G Company - western edge Bn TAOR and railroad embankment (GL 99).
 - (b) F Company - Railroad embankment and east bank SUOI CO CA.
 - (c) H Company - S-1 and S-2 areas to east bank SUOI CO CA and north bank SONG TAM GIAP.
 - (d) E Company - W-1 and W-2 areas to south bank SONG LA THO and SONG THANH QUIP.
- (4) Phase Lines.
 - (a) Blue - trail-AT 984583 to BT 010585.
 - (b) Red - trail-AT 993597 to BT 026597

DECLASSIFIED

(c) Green - SONG LA THO.

- (5) All units conduct thorough search of area, verifying ID cards, checking villages and apprehending any VCS found.
- (6) Submit hourly SIT/POSIT Report to this headquarters commencing on order.
- (7) Execute on order. D-Day will be on or about 20 August 66.
- (8) Report upon arriving Phase Lines.

4. ADMINISTRATION AND LOGISTICS

a. Supply.

- (1) Unit distribution.
- (2) Prescribed Load.
 - (a) Class I. Three (3) MCI meals and fuel, 2 canteens (filled) plus ample supply of water purification tablets and salt tablets.
 - (b) Class II. Batteries for 2 days.
 - (c) Class III. None.
 - (d) Class IV. None.
 - (e) Class V. Basic Allowance.
- (3) Uniform and Equipment. At discretion of unit commanders.
- (4) Resupply. Request for all classes by 1600H daily for the following day. First request for resupply due by 1600H on D-1. Resupply will be made approximately 1600H each day. Emergency resupply any time. The following format will be used when requesting supplies:
 - (a) Unit requesting supplies.
 - (b) Type and quantity of supplies.
 - (c) LZ coordinates and frequency for control.
 - (d) Is your landing zone secure?
 - (e) How zones will be marked.
 - (f) Desired delivery time.
 - (g) Latest time supplies can be utilized.

DECLASSIFIED

b. Administration.

- (1) Personnel Daily Summaries - will be submitted to this headquarters daily by 1630H as of 1600H. The Personnel Daily Summary will contain the name, initials and rank of each Marine who becomes a casualty during the reporting period.
- (2) SRB's and Health Records will be maintained at respective company offices and the Battalion Aid Station.
- (3) Combat Casualty Cards - A Combat Casualty Card will be submitted to the S-1 by the Battalion Aid Station for each WIA and KIA.
- (4) Companies are responsible for submitting to the S-1 Combat Casualty Cards on VLINE and NBC.

c. Medical.

- (1) Battle Casualties - except for very minor injuries (which will stay with the platoon or be evacuated via helicopter to BAS), the battle casualties will be helo-evacuated direct to "C" Med Co, 3rd Med Bn, DA NANG.
- (2) Non-Battle Casualties - The seriously ill will be helo-evacuated direct to "C" Med Co, 3rd Med Bn. The non-serious will be helo-evacuated to the BAS.
- (4) Special Problems - Due to the prevalence of mosquito-borne encephalitis in the area, mosquito headnets and repellent should be carried and used religiously.

5. COMMAND/COMMUNICATIONS-ELECTRONICS.

a. Command. Bn CP vicinity BT 075627.

b. Communications-Electronics. See Bn COI.

DECLASSIFIED

6. Supporting Forces.

a. The operation was supported by a reinforced platoon of LVT's (9 LVT-5, 1 LVT-C-1, and 4 LVT-H6), a LCM-8 with elements of CTF 116 embarked, a troop of ARVN APC's, 1/11 in direct support, and both fixed and rotary wing aircraft.

b. The LVT's proved to be completely unsuitable for an operation of this nature. There was not sufficient water in the river and the vehicles were continually being stuck on the many sandbars. The constant necessity of fixing the vehicles slowed the operation's progress to a "snails pace." On 17 August, when the survey had reached the vicinity BT 035560, it was apparent that the LVT's would experience increasing difficulty should they continue. Therefore, all but the 4 LVT-H6 were brought out of the river at this point and driven along Route 14 to the west and passed on to the 9th Marines. By remaining out of the river as much as possible and traversing the south bank, the LVT-H6's proceeded without too much difficulty on 17 August to the southern boundary vic BT 000546. However, at this point one vehicle experienced mechanical difficulty and could not proceed. A lack of helicopter support made it difficult to deliver the necessary repair kits; however, when the first repair kit was delivered and emplaced, it immediately broke. After a delay of an additional day a second repair kit was delivered and installed. The 4 vehicles proceeded to cross the river from the south bank and the second repair kit broke. The vehicle was taken in tow to get it across; in the process the towing vehicle broke a track. On 21 August 1966 representatives of the AmTrac Bn came to the scene and final repairs to the vehicles were completed.

c. The LCM experienced no difficulty in moving within our TAOR and was instrumental in freeing the LVT's when they went aground.

d. The APC's negotiated the terrain very well and posed no problems what-so-ever.

e. There was no requirement to employ the available artillery support.

f. Due to the general non-availability of helicopters, it was difficult to plan for their use. Helicopter resupply of MORGAS for the LVT's was effected once without great difficulty; however, considerable difficulty was experienced in obtaining helicopters to deliver the needed repair kits. There was no requirement for fixed wing support other than observation craft.

7. Intelligence

a. ENEMY. The estimated strength of the VC in the area of operations is 200 to 400.

(1) The majority of the VC contact consisted of sniper fire from 2-3 VC.

(a) At 162015H tanks attached to Hotel observed 50 armed VC in the vicinity BT 025538 and fired 11 90mm shells with excellent coverage of target.

(b) On 17 August Foxtrot Company received 12 rounds of 60mm mortar fire in the vicinity BT 031556. **DECLASSIFIED**

(c) Golf/3 made contact with an estimated VC squad vicinity AT 999561 on 18 August 1966.

(2) Mines encountered during the operation were comparatively few. One M16A1 "Tomato Can" mine was found by Foxtrot (via AT 998546) on 17 August 1966. Hotel/1 located a booby-trapped 155 shell on 13 August in the vicinity BT 023571; it was blown in place.

(3) The VC normally withdrew and apparently left small units with mining and harrassing missions. The VC are capable of massing company size units and defending an area of their own choice. These units can be reinforced by the 70th Battalion which is operating south of the SONG KY LAM River. Estimated VC losses during the operation were 6 (probable) KIA.

b. TERRAIN. The area of operation is characterized by flat delta land with numerous rice paddies. Populated areas are enclosed by thick treelines. Highway 14 paralleling the SONG KY LAM River, runs east and west through the area.

8. Mission. To conduct river survey and security screening operations along SONG KY LAM River commencing 150830H August 1966 from vicinity BT 092552 to vicinity AT 998547 on south bank and vicinity AT 977566 on north bank; on order conduct security for exit of elements of CTF 116 from west to east. Coordinate and effect relief with 9th Marines on 9th Marines boundary south bank (AT 998547) and north bank (AT 977566).

9. Concept of Operation. Two companies from their semi-permanent base camps on north bank of river provide security within zone. One platoon moves by motor convoy to bridge vicinity BT 091555 to provide security for both banks at that location. One company (-) moves by motor convoy to bridge (vic BT 091555) and proceeds to "leap frog" along south bank to provide security to the west.

10. Execution

a. 15 August - At 150830H Operation SWANNEE commenced. At 0625H F Company commenced movement from their CP (AT 999620) to Bn CP and arrived at 0705H. At 0635H H/1 and H/2 commenced movement from Company CP (BT 025567) to vicinity BT 070550 to provide north bank security in

their zone and were in position at 1010H. At 0700H E/1 and one squad of E/2 departed Bn CP by motorized convoy to vicinity BT 091555. They arrived at 0830H and relieved 1st Bn, 1st Marines. E/1 provided security on both sides of river west of the bridge to line BT 075543-081553. At 0707H G Company commenced movement by foot to new PPB's located at BT 005560, AT 990545, and AT 980560. The platoons arrived at their positions at 0850H and commenced providing security for the north bank of river from AT 977568 to BT 014559. At 0910H F Company departed Bn CP by motorized convoy to assume command of the river survey at bridge (AT 091552); they arrived at 0945H. At 0911H E/1 at bridge (BT 091552) informed 2/1 that the LCI would be delayed for approximately 1 hour due to difficulties in loading. At 1145H G/1 at AT 990546 received sniper fire from across the river via AT 995539. Platoon returned fire with small arms and 81mm mortar fire; the sniper fire ceased. At 1205H G/1 sighted the VC sniper in a tree vicinity AT 985539 and immediately took him under fire; patrol saw the sniper fall out of the tree. Results: 1 VC WIA (confirmed). At 1236H F Company C.O. at bridge (BT 091553) was directed by the Hydrographic Survey Team Commander to postpone river sweep until 160625H. At 1300H G/1 patrol began shifting to new positions in vicinity AT 983554 and were in position at 1705H. At 1930H G/2 in PPB (BT 005560) received approximately 20 rounds of sniper fire from vicinity BT 006565; an artillery mission on the suspected position (via BT 013572) was called and the firing ceased. At 2245H FRAG ORDER issued to E, F, G, and H Companies: Continue assigned mission. Hourly position reports and 6-hour SITREP's were submitted throughout.

b. 16 August - At 0755H G Company CP security sentry at BT 011624 sighted 4 unidentified men running from rock to rock in the vicinity of BT 015627. Sentry fired 1 warning round into the air; the men continued to conceal their movements. The sentry fired 2 rounds in their vicinity and they disappeared through the treeline. At 0853H all units were in position for security/screening of the river survey. At 0835H F Company and LVT's commenced the river survey. At 1217H an Amtrac was stuck in the middle of river at BT 043554. At 1310H F Company reported being held up for an indefinite period of time at vicinity BT 046556 due to mechanical problems and one LVT stuck on a sand bar. At 1915H H/2 with tanks attached (via BT 025538) observed 50 VC wearing mixed uniforms and helmets in the vicinity BT 025588. Tanks fired 11 90mm rounds with good coverage of target area. A sweep of the area was not conducted due to the distance involved. At 1941H FRAG ORDER for 17 August was issued: All units continue assigned security missions. At 1945H F/2 patrol (via BT 041549) sighted 1 VC in tree line and opened fire; area was searched and patrol found 1 shower shoe with blood on it; however, no body was located. At 2100H H/2 patrol (via BT 002558) received 10-12 carbine rounds from vicinity BT 021562. Tanks returned fire and the sniping ceased. At 2130H G/2 at BT 002565 received 20 rounds of small arms and 1 60mm mortar round (dud) from vicinity BT 006563. At 2150H H Company at BT 023575 received numerous sniper rounds from an unknown direction; fire was returned with small arms and 10 60mm mortar rounds; sniper fire ceased. Hourly position reports and 6-hour SITREP's were submitted throughout entire reporting period.

c. 17 August - At 0030H F Company at BT 037555 and BT 045549 received 12 rounds of 60mm mortars from vicinity BT 031556; muzzle flashes were seen and fire was returned with approximately 200 rounds of .50 Cal fire; enemy

mortaring ceased. At 0630H a helo was sent to pick up a generator for the inoperable AmTrac. At 0700H H/2/B commenced sweep of Route #14 to Route #1 to rendezvous with the APC's. LCM began moving and F Company provided security for downed AmTrac. At 0800H units in position: H/1 at BT 042554; H/2 at BT 025558; H/3 at BT 045553; F/1 at BT 043560; F/3 at BT 043554; LCM at BT 042552. At 0900H units still in the same positions due to mechanical problems with one LVT. At 0822H H/2/B linked up with APC's and led them to F Company's position, arriving at 1215H. Foxtrot personnel were transferred to the APC's from the LVT's which crossed the river and proceeded to Route 14. They then followed the road west toward 1/9 TAOR. However, at 1600H in the vicinity of AT 992570 one LVT lost a track when it struck a mine. No personnel casualties. At 1105H F/1 and F/3 were located in the vicinity BT 035559 and H/1 and H/3 were on the north bank (BT 032560). The LCM was at vicinity BT 030557 and LVT's at BT 035559. Located at 1700H: LCM - AT 998546; LVT's at AT 997550, and APC's at BT 006556. At 1730H one man from F Company patrol vicinity AT 999546 stepped on a punji trap and was med-evac'd at 1830H. At 1805H the med-evac helo received sniper fire from BT 024579; helo returned fire with M-60 M.C. fire. Two tanks with H/3/A were dispatched to suspected area of the sniping. Two buildings suspected of harboring the snipers were destroyed by 90mm cannons. H/3/A swept the area with negative results. At 2000H FRAG ORDER for 18 August issued: F and G Companies continue with Operation SWANNEE until relieved. At 1800H F Company located 1 M16A1 "Tomato Can" anti-personnel mine in the vicinity AT 998546; mine was disarmed and forwarded to S-2. At 2210H G Company heard noises in the vicinity AT 999561 and dispatched a squad to investigate. G/2/A sighted a VC squad, called 81mm illumination and assaulted the VC with small arms. VC retreated into dense tree line. G/2/A swept area with negative results due to dense foliage. Hourly position reports and 6-hour SITREP's were throughout the period.

d. 18 August - At 0804H operational control of the LCM and the operation was passed to 9th Marines.

11. Results

a. Friendly Personnel and Equipment.

(1) The personnel strength of participating units during the operation was as follows: 9 Officers, 490 Enlisted USMC; 2 Officers - 1 Enlisted USN.

- (2) Friendly casualties: 1 WIA
- (3) Discipline Law and Order: No problems.
- (4) Burial and Graves Registration. None.
- (5) Morale: Normal.
- (6) No excessive quantities of equipment were lost.

b. Enemy Personnel and Equipment. 1 VC WIA (Confirmed) and 1 VC WIA (probable).

12. Administrative Matters.

a. Logistics.

(1) No unusual logistical problems were encountered during this operation.

(2) All resupply was accomplished by helicopter, truck and OTTER.

b. Medical. No problems encountered.

c. Communications. No problems encountered.

13. Special Equipment and Techniques. None employed.

14. Commander's Analysis. None.

15. Recommendations. None.

DECLASSIFIED

Task Organization: See Annex A (Task Organization)

1. SITUATION

a. Enemy Forces. See Annex B (Intelligence)

b. Friendly Forces

- (1) Fourth Marines conduct intensive recon effort and recon in force operations in the DONG HA-CAM LO operating areas to detect and prevent small scale infiltration of NVA units into QUANG TRI Province; attack and destroy NVA/VC units detected in QUANG TRI Province in coordination with ARVN forces and/or unilaterally; and provide tactical security for U.S. installations in the DONG HA area.
- (2) 1st Bn, 4th Marines provides 1 company for DONG HA airfield security, one company as reaction force, and one company at CAM LO.
- (3) 2nd Bn, 4th Marines conducts recon in force operations within operating area and maintains one company at CAM LO as security for artillery units.
- (4) 3rd Bn, 12th Marines provides direct support with two 105mm howitzer batteries reinforced with 1 platoon of 155mm howitzers at CAM LO.
- (5) 1st Force Recon Co (Rein) conducts recon operations in recon zones designated.

2. MISSION. To provide a command group and 3 rifle companies on 12-hour alert for movement by motor convoy or aircraft to operating area and subsequent commitment within the area.

3. EXECUTION

a. Concept of Operation. A command group and 3 organic rifle companies will move on 12-hour notice by motor convoy or aircraft to the operating area. One company from 1st Bn, 1st Marines and another from 3rd Bn, 1st Marines will replace two companies of the 2nd Bn, 1st Marines.

DECLASSIFIED

b. Echo Company (Roin)

Be prepared to displace on 12-hour notice by motor convoy or aircraft to the operating area.

c. Foxtrot Company (Roin)

Be prepared to displace on 12-hour notice by motor convoy or aircraft to the operating area.

d. Golf Company (Roin)

Be prepared to displace on 12-hour notice by motor convoy or aircraft to the operating area.

e. Hotel Company (Roin)

Be prepared to assume the mission of one of the other companies. If not employed continue assigned mission.

f. H&S Company

Provide command group in accordance with Appendix I (Troop List) to Annex A (Task Organization).

g. Coordinating Instructions

- (1) This order is effective for planning purposes upon receipt and will be executed on order.
- (2) Fire Support Coordination. See Reference (b).
- (3) Air Support. See reference (b).

4. ADMINISTRATION AND LOGISTICS

a. Supply

(1) Unit Distribution

(2) Proscribed Load

(a) Class 1. Three MCI and fuel, 2 canteens (filled), plus ample supply of salt, malaria tablets and iodine for water purification.

- (b) Class II. Batteries for 2 days.
 - (c) Class III. None.
 - (d) Class IV. None.
 - (e) Class V. Basic Allowance.
- (3) Uniform and Equipment. Utilities, helmet (green side out), mosquito head net, light marching pack, and normal arms. Body Armor will be taken.
- (4) Resupply. Requests for all classes are due by 1600H daily for the following day. Normal resupply will be by helicopter at approximately 1600H each day; emergency resupply upon request. The following format will be used when requesting supplies:
- (a) Unit requesting supplies.
 - (b) Type and quantity of supplies.
 - (c) LZ coordinates and frequency for control.
 - (d) Is your LZ secure?
 - (e) How zones will be marked.
 - (f) Desired delivery time.
 - (g) Latest time supplies can be utilized.
- (5) Miscellaneous. Det, Bn Supply will establish recovery point in vicinity LSA to collect personal effects of any casualties evacuated through LSA.

b. Administration

- (1) Personnel Daily Summaries will be submitted daily by 1630H as of 1600H. The Personnel Daily Summary will contain the name, initials, and rank of each Marine who becomes a casualty during the reporting period.
- (2) SRB's and Health Records will be maintained at respective company offices and the Battalion Aid Station. Be prepared to centralize them at higher headquarters on short notice.
- (3) Combat Casualty Cards will be submitted to the S-1 by the Battalion Aid Station for each WIA and KIA.
- (4) Companies are responsible for submitting to the S-1 Combat Casualty Cards on each WIA and NBC.

c. Medical

- (1) Combat Casualties will be evacuated by helicopter to the aid station, DONG HA.
- (2) Non-Combatant casualties: These will be either helo evacuated direct to DONG HA or to the 2/1 BAS based on the recommendation made to the company commander by the senior corpsman present.
- (3) This area has produced numerous malaria cases; use of the mosquito head net is encouraged. Mosquito repellent and malaria pills will be used without fail.

d. COMMAND AND COMMUNICATIONS-ELECTRONICS

- a. Communications-Electronics. See Battalion Comm SOP.
- b. Command Posts. To be announced. Report any changes.

DECLASSIFIED

1. SUMMARY OF ENEMY SITUATION

- a. General. During June and early July, the 324B NVA Division had taken up positions in the area astride Route # 9 to the west of CAM LO, after having infiltrated across the DMZ and established a series of defensive positions earlier in the year. Operation HASTINGS made significant contact causing the withdrawal of the division units back across the DMZ.
- b. Enemy Dispositions
- (1) There has been no large NVA unit movement reported in the area east or north of CAM LO (Route # 9):
- (a) Elements of the 324B NVA Division. Reliable sources indicate the re-infiltration and reoccupation of areas to the northwest of CAM LO.
- (b) 812th NVA Regiment was reported on 10 August to be located in the general vicinity of YD 045525.
- (c) One unidentified NVA Battalion was reported to be operating in the vicinity of YD 058754.
- (d) An estimated battalion (unidentified) on 14 August was reported to be in the vicinity of YD 087754 (possible element of 324B NVA Division).
- (e) Elements of the 341st Division (former 270th NVA Brigade) may presently be operating in northern QUANG TRI Province.
- (f) Reports indicate that on 8 August, an unidentified NVA regiment was located in the vicinity of YD 800500 and XD 960630.

DECLASSIFIED

2. ESSENTIAL ELEMENTS OF INFORMATION

- a. Determine the strength, locations, identification, composition, organization, and disposition of NVA, VC Main Force and para-military forces presently operating south of the DMZ in QUANG TRI Province.
- b. Determine the location of established infiltration routes of NVA units infiltrating south through the DMZ.
- c. Determine the location, extent and type of logistic support bases.
- d. Determine whether NVA units will defend positions presently occupied. If so, to what extent, with what type units, and in what strength?
- e. Determine what the attack capability of NVA units will be. In what strength, from which direction, and what type unit(s).
- f. Determine the locations of helicopter landing sites.
- g. Determine the type(s) and location of defenses the NVA will employ in the jungle canopy.

3. RECONNAISSANCE AND OBSERVATION MISSIONS

- a. Orders to subordinate units.
 - (1) Report as obtained, information answering the Essential Elements of Information.
 - (2) The SPOT REPORT method of reporting will be utilized.
- b. Request to higher, adjacent and supporting units.
 - (1) 4th Marines
 - (a) Provide current enemy order of battle.
 - (b) Provide aerial photography in support of current operations.
 - (c) Provide latest weather data.

4. MEASURES FOR HANDLING PRISONERS, CAPTURED DOCUMENTS AND CAPTURED MATERIAL. Reference (c) applies.

5. MAPS, CHARTS, AND PHOTOGRAPHS. Reference (a) is the tactical map for this operation.
6. COUNTERINTELLIGENCE. References (b) and (c) apply.
7. REPORTS AND DISTRIBUTION. Reference (a) applies.

BATTALION ORDER 4640.1

From: Commanding Officer
To: Distribution List

Subj: Administrative Vehicular Runs outside the Battalion Perimeter

1. Background. A recent sharp increase in low VC initiated acts of violence requires that additional precautions be taken.

2. Action. Effective immediately the following procedures and limitations are in effect:

a. Company Commanders and Staff Section Heads will ensure that personnel authorized to leave the area are granted authorization on strictly a "need to go" basis, and that all personnel departing the area for administrative purposes leave only in properly dispatched vehicles. "Hitch-hiking" and/or walking is specifically prohibited.

b. The Motor Transport Officer will ensure that vehicles dispatched outside the Battalion's perimeter are not dispatched singly, and that drivers are instructed to travel in pairs or in convoy, as the case may be, at appropriate intervals on the road. He will further ensure that every vehicle dispatched contains not less than two persons, both of whom are armed, and that no vehicles are dispatched between the hours of 1630 and 0730 the following day.

c. The Headquarters and Service Company Commander will establish a checkpoint in the vicinity of the entrance road to the Battalion's perimeter. This checkpoint will be manned between the hours of 0730 and 1730 daily. Personnel posted at the checkpoint will enforce the following regulations with respect to members of this command:

(1) All personnel departing on administrative runs will be wearing a helmet and a flek jacket.

(2) At least two people will be in each vehicle.

(3) All persons in all vehicles will be armed, and at least one of them in each vehicle will be armed with a firearm other than a pistol.

(4) No less than two vehicles dispatched to the same designation will be permitted to depart at any given time.

(5) A log entry in the following format will be made on every vehicle departing the perimeter:

T-F-1

BnO 4640.1
5/WFH/jra
3 Aug 1966

Vehicle Number	Destination	Occupants	Unit	Time In	Time Out
----------------	-------------	-----------	------	---------	----------

d. Should the senior man present on an administrative run determine that his vehicles cannot return to the Battalion perimeter by 1730, he will terminate his run at the nearest U. S. Armed Forces installation, request messing and billeting facilities as may be required for the personnel in his charge, and call the Battalion Motor Transport Dispatcher to report the whereabouts of the personnel and vehicles in his charge. Under no circumstances will he permit the vehicles to remain on the road after 1730.

To: Distribution List

Subj: Storage and Control of Explosives within the Battalion Perimeter

Ref: (a) MCO 8020.10
(b) FM 9-5
(c) TM 9-1903

Incl: (1) Company Ammunition Storage Bunker; Specifications for

1. Purpose. To set forth regulations regarding storage and control of explosives within the battalion perimeter.

2. General. The peculiarities of the terrain and weather in this area require that each unit construct storage bunkers that are both adequate in size and meet basic safety and security requirements as outlined in references (a), (b), and (c).

3. Action.

a. Using enclosure (1) as a guide, each company will construct an ammunition storage bunker at least 50 meters but not more than 75 meters from the company area. The bunker will be centrally located to be within easy access to all platoons. The entrance will be in a direction away from the living area.

b. Ammunition will remain in containers (i. e. grenades will be stored in cardboard containers and wooden boxes, 7.62mm rounds will be stored in metal containers.

c. All hand grenades will be secured with tape.

d. Only small arms ammunition will be kept in living spaces. All other types of ammunition, explosives or pyrotechnics, will be kept in the ammunition storage bunker.

e. The ammunition used for night perimeter defense will be issued from the bunker in the evening and collected in the morning daily. All unused ammunition issued for an operation or patrol will be collected upon completion of the operation or patrol. The company supply NCO will issue, collect and account for all ammunition kept in the ammunition storage bunker.

Bn O 8020.1
21 August 1966

f. Ammunition Storage Bunkers will be plainly marked and no smoking signs will be posted.

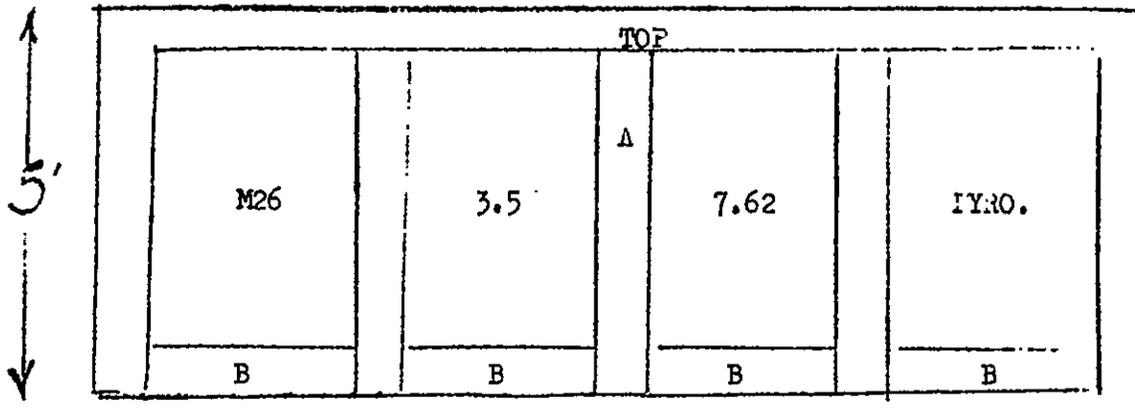

g. All ammunition handling will be accomplished outside the bunkers. No ammunition will be loaded or unloaded from their containers from inside the bunkers.

BATTALION BULLETIN 1540

From: Commanding Officer
To: Distribution List

Subj: Lend Mine Warfare, VC Mines and Booby Traps, and
Demolition Training; assignment of quotas

Ref: (a) 3rd MarDivO 1540.1

Encl: (1) Responsibility for providing Shotgun

1. Purpose. To set forth instructions as listed in reference
(a) concerning the assignment of quotas to this unit.

2. General

a. This battalio has been assigned a quota of 25 men
per day for the subject school during the period 24 August-
29 September 1966.

b. This training consists of a two-day course; billeting
and all Class V equipment will be furnished by 3rd Engineer
Battalio.

c. Priority in assigning personnel quotas will be given
in the following order (Personnel most recently arrived in
country will be given preference):

- (1) Officers and Staff NCO's.
- (2) Other NCO's and fire team leaders.
- (3) All other personnel.

3. Quota Assignment. Each company is allocated a quota of
five per class. Classes convene each day of the week except
Saturday and Sunday.

4. Information

a. Companies will ensure all personnel attending the
course have the following items in their possession:

- (1) Normal Arms.

T-H-1

BnBul 1540
16 August 1966

- (2) Helmets.
- (3) Flak jackets.
- (4) Two full canteens.
- (5) Mess gear for sergeants and below.

b. Personnel attending the course will report for transportation to the Bn S-3 (Trng NCO) at 1230 the day prior to the convening date of the course.

c. Transportation will be arranged by the Bn S-4 and will depart the Bn CP no later than 1300 Sunday-Friday for the 3rd Engr Bn School area. Monday-Friday transportation will remain at 3rd Engr Bn and return the personnel who have completed the subject course to the Bn CP. Special transportation arrangements will be made for those individuals completing the course on Saturday.

d. One shotgun for transportation will be furnished as indicated on enclosure (1).

e. Quote assignments by name are due at the S-3 no later than 5 days prior to the course-convening date.

4. Self-Cancellation. 1 October 1966.
