## PART II

NARRATIVE SUMMARY

During March the 1st Engineer Battalion remained in general support of the 1st Marine Division and to a limited extent in general support of III MAF units. Demolition teams, an average of 99 personnel, provided close combat engineer support to the 1st, 5th, and 7th Marine Regiments on company and platoon size operations. Fourteen engineer road sweep teams conducted sweeps over 3,534,000 meters of road resulting in the detection and destruction of 33 items of enemy emplaced ordnance.

Service support was provided in the form of 85 completed Division Work Orders and utilities services. One water point suspended operations leaving eleven water points in operation. These eleven water points produced 8,624,000 gallons of potable water and 939,000 gallons of nonpotable water.

Operation of the 1st Marine Division Land Mine Warfare School continued under the cognizance of the 1st Engineer Battalion with an increase over last month in total students instructed and the inclusion of a new two day course to instruct Vietnamese road sweep teams. Graduating from the school were 351 Marines and ten Vietnamese. The schools mobile instruction team provided classes for 505 Marines in the field.

Reconstruction of defenses at Ba Ren Bridge continues. Installation of a floating debris barrier and wire obstacles and clearance of the minefield were completed and construction of a berm was begun. Thus far 1000 man days and 100 engineer equipment days have been expended.

Improvements to FSB Ryder, FSB Hill 270 and OP Reno progressed satisfactorily with the construction of; living bunkers, fighting positions, landing zones, garbage chutes and wire obstacles being completed. Clearing fields of fire and improvements of wire obstacles are continuing. To date, 800 man days and 275 engineer equipment days have been expended on these three tasks.

A survey and engineer reconnaissance was conducted on Route 4 between Hill 52 (AP788552) and Thuong Duc (ZC149538) in preparation for upgrading to a two lane, class 20, fairweather road.

Company C, 1st Shore Party Bn which is ADCON/OPCON to the 1st Engr Bn. operated 15 landing zones to support Reconnaissance, Infantry and Artillery units. During Mar 70 the Company was responsible for moving 6,703,149 pounds of supplies and 23,546 passengers.

Div School	108
3rd Battalion, 5th Marines	337
Force Recon Co	12

c. In anticipation of turning over road sweeps to the Vietnamese a special two day course was initiated on road sweep procedures. The first class conducted on 27 March was attended by 10 ARVN from the Quang Da Special Zone. An agreement has been made to conduct two classes weekly for ten students per class until 1 July 1970. At that time the agreement will be extended if necessary.

### 5. Construction

a. The following 85 Division Work Orders were completed during the reporting period:

D22-70 Completed 7 March 1970. Construct shed roof with 1 to 12 pitch.

D199-70 Completed 7 March 1970. Construct 16 SEA Huts and 1 bunker 20'X 32' using material from FSB Six-Shooter.

D149-70 Completed 7 March 1970. Construct (2) leach pits 10'x20'x5'.

D185-70 Completed 7 March 1970. Issue (1) 10'x24'x8' and (4) 8x12'x8' bunkers.

D113-70 Completed 8 March 1970. Install (2) 50 Gal. water heaters.

D169-70 Completed 8 March 1970. Construct (5) four hole heads.

D10-70 Completed 8 March 1970. Install (1) 70 Gal. Water Heater.

D168-70 Completed 8 March 1970. Cut and issue Chalk Blocks.

D1-70 Completed 8 March 1970. Repair or Replace drainage lines in Bn. Mess.

D192-70 Completed 8 March 1970. Construct gate house for traffic control.

D142-70 Completed 9 March 1970. Replace decking for (2) strong back tents.

D69-70 Completed 9 March 1970. Construct extension to pot shack.

D754-69 Completed 9 March 1970. Construct garbage house with concrete deck.

D161-70 Completed 9 March 1970. Replace ladder on a 30' tower.

D194-70 Completed 9 March 1970. Construct and issue (1) four hole head.

 ✓(2) MOS Training  
 ✓(3) NCO Leadership Class Critique Sheet  
 ✓(4) Orientation Course

1. Purpose. To promulgate training requirements and schedules for the 4th Quarter Fiscal Year 1970.
2. General. Conduct of training and maintenance of records will be as set forth in references (a) and (b).

a. GMS Training

(1) The conduct of GMS Training to include promulgation of weekly training schedules and assignment of instructors will be accomplished by the Company Commander. The updating of training records and submission of reports as set forth in references (a) and (c), will also be accomplished by the Company Commander.

(2) GMS Training for the 4th Quarter Fiscal Year 1970 will include but not be limited to the subjects listed in enclosure (1).

b. MOS Training

(1) MOS Training will be conducted by Company Commanders on company, platoon and section levels. Training conducted will be included on the weekly training report. Enclosure (2) contains the minimum requirements for MOS Training in terms of subjects and hours of instruction. MOS Training will be conducted and scheduled by Company Commanders in accordance with reference (a).

TAB-C

BnBul 1500  
31 March 1970

(2) Company Commanders will ensure all individuals zero their weapons each quarter. Range Facilities are available at 2nd Battalion 1st Marines, for use of H&S, Support and Company "A". Facilities at An Hoa will be used by Company "B". Facilities at FSB Ross and LZ Baldy will be used by Company "C". Company Commanders must coordinate with the respective S-3's prior to scheduled firing. Weapons safety classes are to be conducted once a week and will include instruction in the M-16 Rifle, M-79 grenade launcher, M-26 and M-33 hand grenades as set forth in reference (b).

c. Administrative Training

(1) The S-1 will provide training assistance for all administrative personnel in the Battalion.

3. Instructors

a. One week prior to assigned class, each instructor will submit a copy of the lesson plan for the subject assigned to the S-3.

b. The instructor will ensure that sufficient hand outs, training aids, seats, ashtrays, etc. are made available prior to the commencement of the class. Upon completion of each class the instructor will ensure that all training aids and equipment supplied from outside sources are returned to their respective areas. Requests for assistance in accomplishing the above will be made to this headquarters (Attn: S-3).

4. Training Evaluation

a. Training evaluators will be appointed by Company Commanders.

5. Special Courses

a. Leadership Courses

(1) Leadership Classes will be conducted each Sunday from 1300-1600 in the Land Mine Warfare School Classroom.

(2) Companies will submit the names of three personnel to attend the class in the rank of Lance Corporal through Sergeant to the S-3, not later than 1130 the Saturday before each class.

(3) Students will report to the Land Mine Warfare School Classroom before 1300 Sunday.

(4) Personnel attending the Leadership School will have the option of taking MCI course O3-3D, NCO Leadership. Although the course is not mandatory it is highly recommended.

(5) Upon completion of the class all personnel will have

Bn Bul 1500  
31 March 1970

the opportunity to fill out the critique sheet. Enclosure (3)

LEADERSHIP CLASS CRITIQUE SHEET

INSTRUCTIONS: In order to assist in making the classes better for the future, it is requested that the following critique sheet be completed. Please read the various areas carefully and think about your answer for a few seconds before writing it in. The sheet need not be signed unless you wish to do so. Express yourself openly, but please remember that Personal gripes, bitches, and problems are best handled through normal request mast procedures.

IA. Comment of Instructors Presentation:

OUTSTANDING      EXCELLENT      ABOVE AVERAGE      AVERAGE      BELOW AVERAGE

Additional Comments:

B. Comment on subjects covered:

COMPLETE INSTRUCTION      SUFFICIENT INSTRUCTION      REQUIRE MORE TIME

Additional Comment:

IIA. Effect of the course of instruction on you as a Marine:

EXTREMELY WORTHWHILE      WORTHWHILE      UNNECESSARY      A WASTE OF  
& HELPFUL      BUT REPETITIVE      BUT OF INTEREST      TIME

B. Why did you Mark IIA as you did?

C. How could the period of instruction be improved?

IIIA. Can you suggest other Battalion Personnel (of your direct knowledge) who might benefit from such instruction?

DEFINITELY

POSSIBLY

NO

ENCLOSURE (3)

BnBul 1500  
31 March 1970

B. WHO? (Ranks only, no names please)

C. How or why do you believe the other persons might benefit?

IVA. Realizing that we are serving in a designated combat zones, can you offer suggestions that you think might improve the operational or organizational atmosphere of the 1st Engineer Battalion?

A. Do you feel that you can help affect the improvements mentioned in IVA above? How?

Only if you wish! \_\_\_\_\_
