3. Message Center. The LSU-3 Message Center is currently providing communications for the unit, although the circuit is no longer operational. The MAG-13 Communications Center is guarding for traffic addressed to this unit and providing duplicating facilities for messages received. The LSU-3 Message Center is maintained on 24 hour watch with frequent and regular runs to MAG-13 to pick up traffic. The traffic is then distrubuted in the same manner as it was when the circuit was operational, except that the First Combined Action Group handles it's own messages also through MAG-13. The Communications gear formerly necessary to maintain the circuit with Danang (KSW-1), has been turned into the appropriate activities. Communications publications are being held by this unit until the final disposition of the Message Center is settled. Cryptographic gear and associated materials have been prepared for transfer. The message files, both classified and unclassified, are being maintained by the message center personnel until the moment of final transfer. They will be turned over to the designated section who will have responsibility for message traffic. Current plans call for the transfer of all message centermen (2542) and related technicians (2815) to other FLC units, according to need.

4. Wire Section. During the months the Wire Section completed all PMs were completed. New lines were laid to the ASP, and lines to other surrounding units were relain due to construction work between COC and their Units. The COC Switchboard is being manned on a twenty-four (24) hour basis.

CIVIL AFFAIRS INFORMATION 3-69

1. During the month of March, the policy of helping the people of our Hamlet help themselves was continued. Paint was furnished for the people to paint windows and doors of the new addition to the school. The water tank and drain pipe were hooked up in the Med-Cap building. Materials obtained and distributed during the month consisted of 32 truckloads of scrap wood and 6 truckloads of sand.

2. Our doctor and his crew treated 360 villagers in the MEDCAP program.

3. The Ole Bread Truck continued to roll during month delivering 4,000 loaves of much needed bread to the Sacred Heart Orphanage and the China Beach Orphanages.

4. The Saturday tour of the Hamlet and the two orphanages was continued during the month, resulting in an increase in the number of personnel sponsoring orphans. The Battalion now has 15 personnel sponsoring a child with a minimum of $10.00 per month donation for the purpose of purchasing needed items for the child. If there are more personnel who desire more information on this program contact the Civil Affairs Team.

5. The culture tour of the Danang area continues each Sunday, visiting some of the temples, parks and other places of interest. If you desire to learn something about the culture and see some of the sights during your tour make it known to your 1stSgt that you would like to go on this tour.

6. The two orphanages that the Battalion has been voluntarily helping to support in the Danang area, the Worldwide Evangelization Crusade (China Beach) and the Sacred Heart (Catholic) Orphanages, for the past four years continued to receive a helpful boost from your contributions. As we have stated before there are in excess of 500 children in the two orphanages, meaning that even though we donate a sizeable sum it is readily seen that this amount doesn't go too far.

During the month of March, storage and issue of Bulk Fuel and packaged Class III products continued in the DaNang TAOR. Bulk Fuel support for the Republic of Korea Marines was continued. Maintenance support of fuel handling equipment for all Marine Bulk Fuel units operating in I Corps Tactical Zone was continued.

Products handled during the period 1 - 31 March 1969

a. Drummed Stock

(1) Issued 721 drums Mogas; 827 drums diesel
(2) Received 1,122 drums Mogas; 1,084 drums diesel

b. Bulk Products

(1) Issued 603,708 gallons.
(2) Received 621,653 gallons.

In the past month the hamlet of Tiep Cu has been cleaning up their hamlet and destroying the old buildings. The people are now making cement blocks which will be used in the construction of new houses in Tiep Cu. 140 new cement homes are now planned.

Approximately 80 new Vietnamese employees were hired by the Battalion during March. The Battalion now has 460 on board and should finish all hiring this month.

Personal Response classes are held each month by the SNCO's in each company. Guided tours to places of interest in DaNang City for the Marines in this Battalion are now under consideration. During the month, an opportunity to attend a performance by the DaNang Girls High School was given to the U.S. Personnel in DaNang. The show was very succesful and enjoyed by all. Future performances of this type would do much to enhance Vietnamese-American relations.

The projects progress for each of the hamlets is as follows:

a. Phuoc Xuan Hamlet, Hoa Khanh Village, Coordinates C965782

(1) The church is now completed. The official opening will be on 1 May 1969.

(2) The new school is now under construction. The foundation has been completed and cement bricks are now being made for further construction.

b. Phuoc Tan and Teip Cu have no new projects under construction at this time.

LSU-3 Maintenance Section: During the past month the Maintenance Section received a total of 38 new work orders; 21 from 1st CAG, and 17 from Comm. 12 were sent to the next higher echelon of repair. 33 work orders were completed; 18 from 1st CAG, 3 from Comm., 8 from the next higher echelon of repair, and 4 were cancelled. There is a total of 21 work orders still open; 7 being from 1st CAG, 3 from Comm., and 13 from the next higher echelon of repair. Other than this, the Maitn. Shop has been involved in regular PM's and has worked on disbanding all teletype gear and preparing it for shipment north. Also, work has been done on installing antennas to improve communications with Supply Battalion in DaNang.

LSU-3 Radio Section: The Radio Section during the month of March manned or provided radios for the following nets:

1.	Sub Sector II Net	1730-0700 daily
2.	Chu Lai Defense Net	1730-0700 daily
3.	Sub Sector IV Net	1730-0700 daily
4.	CLDC Tower Net	24 Hours per day
5.	FLC Command Net	1100 and 1600 traffic checks and or as needed
6.	Reactionary Platoon	as needed

The power supply PP-388 to the FLC Command Net is still down. The Net is still in operation by use of a PP-2953 received on temporary loan for a short period of time. An RC-292 antenna was set up to improve communications with DaNang/FLC. The Long Periodic Antenna was changed from a vertical to horizontal plance in order to improve communications also.

Message Center: The LSU 3 Message Center is currently providing communications for the unit, although the circuit is no longer operational. The MAG-13 Communications Center is guarding for traffic addressed to this unit and providing duplicating facilities for messages received. The LSU 3 Message Center is maintained on 24 hour watch with frequent and regular runs to MAG-13 to pick up traffic. The tafffic is then distributed in the same manner as it was when the circuit was operation, except that the First Combined Action Group handles it's own messages also through MAG-13. The Communications gear formerly necessary to maintain the circuit with DaNang (KSW-1), has been turned into the appropriate activities. Communications publications are being held by this unit until the final disposition of the Message Center is settled. Cryptographic gear and associated materials have been prepared for transfer. The message files, both classified and unclassified, are being maintained by the message center personnel until the moment of final transfer. They will be turned over to the designated section who will have responsibility for message traffic. Current plans call for the transfer of all message centermen (2542) and related technicians (2815) to other FLC units, according to need.

Wire Section: During the months the Wire Section completed all PM's. New lines were laid to the ASP, and lines to other surrounding units were relain due to construction work between COC and their units. The COC switchboard is being manned on a twenty-four (24) hour basis.

Subj: Command Chronology

1. In the past month the hamlet of Tiep Cu has been cleaning up their hamlet and destroying the old buildings. The people are now making cement blocks which will be used in the construction of new houses in Tiep Cu. 140 new cement homes are now planned.

Approximately 80 new Vietnamese employees were hired by the Battalion during March. The Battalion now has 460 on board and should finish all hiring this month.

Personal Response classes are held each month by the SNCO's in each company. Guided tours to places of interest in Danang City for the Marines in this Battalion are now under consideration. During the month, an opportunity to attend a performance by the Danang Girls High School was given to the U.S. Personnel in Danang. The show was very succesful and enjoyed by all. Future performances of this type would do much to enhance Vietnamese-American relations.

2. The projects progress for each of the hamlets is as follows:

a. Phuoc Xuan Hamlet, Hoa Khanh Village, Coordinates C965782

(1) The church is now completed. The official opening will be on 1 May 1969.

(2) The new school is now under construction. The foundation has been completed and cement bricks are now being made for further construction.

b. Phuoc Tan and Tiep Cu have no new projects under construction at this time.
