PART II

NARRATIVE SUMMARY

The contact teams for office machine repair are still reduced to on call basis, in lieu of the regular schedule previously utilized.

Company has expanded all Freon fire extinguisher repair kits.

Maintenance contract for 3M office machines continued with a few minor discrepancies in that the 3M representative failed to call in every day as required.

Contracts for rehabilitation of light-weight utilities continued with two contractors.

2.

CIVIL AFFAIRS MEMORANDUM-2-1970

1. The month of February, was as usual productive for Industrial Relations and Civic Action, working with the personnel on board base and in our Hamlets we support. Our Battalion as always has given much to our program with cooperation from all companies and is not only improving our Hamlets but relations between the two people. The materials given by this Battalion are always put into service to help improve standards of living, economy, and general welfare of the people. By doing this we help make a more satisfied population, and this can make the people stand more for themselves and face the threat which they now face.

The Orphanages are good examples of this. Without these places to house, feed, and clothe the many thousands of parentless Children now in Vietnam, the streets, roads, and just about anywhere you could go, you would find them. Even now there is not enough room for all of them, but as conditions improve, so will the situation with these Children improve. How many Children would turn to Communism to feed themselves or obtain clothing to keep warm? A hungry child does not know any better or what to do without guidance from someone. Tomorrows world is built on the Children of today, and if we, who are making the world today for the Children of tomorrow neglect to set the example, leading our small ones down the right road leading into the future, the future for these Children and for our Children will not be a happy and prosperous one.

2. The Maintenance Battalions MedCap Team has treated a total of 521 Vietnamese this month in the Hamlets of Phuoc Nghia and Hoa My. It is felt by many that the MedCap program has done much to better the Relationship with the people of Vietnam. The medical treatments and advice that is given, has done more than give physical aide to these people, but also to advocate a bond of friendship and trust between these people and ourselves. Lets face it, a better understanding between people is all the world needs for peace. However this takes 100% participation from all of us, if it is to work effectively.

3. The personal response tours will start shortly, with luck this week. These tours are set up by the IRO Office to make the personnel more familiar with the way of life that exist besides our own. So many people have forgotten that there is much more of this world than the part we live in and there are different beliefs, different ways of accepting and facing life. Everyone doesn't accept things the way that we see them. This is one of the reasons for these tours, to go there and actually see another culture besides our own. One picture is worth a million words.

Handwritten: 29 March 2-1970

Handwritten: 29 March 1970

TAB 6 of ENCL (1)

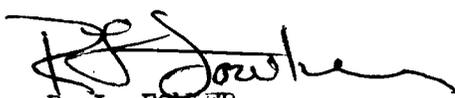

4. There are runs to the Orphanage at China Beach every Sunday and personnel are encouraged to go. All the world loves a child, innocent in their juvenile literacy of the world that surrounds them with its problem, blind to what the future holds for them. Life only exist for these Children today and tomorrow is dark and uncertain but within their world no worry exist, no darkness, no shadows, only the fun and play that protects them from the outside world with all its problems. Companionship is the greatest thing going in the world today and this in a small way to some child who needs so much more than we can ever give in so short of a time as life has to offer. Any Marine who is interested in sponsoring an orphan please contact Cpl Bingham, S-5 2547.

5. Our current Financial situation:

ORD Co.	\$139.25
H&S Co.	59.20
GSM Co.	40.30
ENGR Co.	51.35
ELECT Co.	20.00
MTM Co.	8.80
Brought Forward	49.25
TOTAL	\$368.15
Sacred Heart Orphanage	150.00
China Beach Orphanage	150.00
Total Amount on Hand	\$68.15

6. The money donated each month to the Orphanages is used to purchase food, building materials, labor, and other expenses that are associated with the operation and expansion of these Orphanages. The people of our Hamlets, the Orphanages and the Civil Affairs Team appreciate the cooperation and help given by the marines of this Battalion.

7. It is requested that a copy of this newsletter be posted in each section.

PART II

NARRATIVE SUMMARY

During the month of February, 1970, Headquarters and Service Battalion provided administrative, motor transport, communications and general support to Force Logistic Command and numerous other Marine and Allied Units.

Headquarters and Service Company provided administrative and support services for over one thousand (1000) members of the Company who functioned in some thirty (30) different sections. The Company's Engineer Platoon, under the operational control of the Battalion S-4, contributed significantly to the habitability, safety, and security of Camp Books in completing twenty-four (24) major work orders and ninety-three (93) minor work orders. In addition, the Engineer Platoon continued a program of roads and grounds improvement which involved heavy equipment loading and grading of three-hundred (300) truck loads of sand and sixty (60) truck loads of rock. The Battalion Industrial Relations Office, also under the cognizance of the Battalion S-4, supervised the personnel and medical administration of 432 Vietnamese National employees under three (3) separate fundings. A total of 3,823, 400 Vietnamese piasters were paid these employees during February, a figure equivalent to \$32,401 (U. S.). Sections under the administrative cognizance of the Company also performed invaluable Camp Books-level functions during the month. The Camp/Battalion Police Sergeant, under the operational control of the Battalion S-4, was responsible for the removal and disposal of 21,660 cubic meters of dry trash and 77,000 gallons of wet garbage from the confines of Camp Books during the month of February. The Command Fire Department fought twelve (12) wood and structural fires and four (4) fuel fires during the month.

Truck Company provided administrative and tactical motor transport support to all elements of Force Logistic Command, specified Third Marine Amphibious Force Commands and First Marine Division Units during the month of February. The Company conducted daily "Rough Rider" convoys to Landing Zone Baldy, Fire Support Base Ross, and Hill 55 in support of the First Marine Division. Vehicle task units were also assigned daily to convoys enroute to Division units at An Hoa. In support of local commitments, Truck Company transported all classes of supplies for Supply Battalion's Bulk Fuel Company, Ammunition Company, Shipping and Receiving Section and Rations Company. The Company also conducted port clearance/retrograde operations at the DaNang Bridge Ramp and Deep Draft Pier and the Red Beach Causeway. Daily motor transport support was also rendered to the I MAF Transient Facility, DaNang Marine Air Freight, DaNang Press Center, and the III MAF Correctional Facility. Truck Company's Maintenance Platoon provided second echelon support for over five-hundred (500) pieces of organic motor transport equipment, of which over three-hundred (300) were prime movers. Part IV contains the Company's operational and maintenance statistics for the month of February.

II-1

TAB A of ENCL (1)

During the month of February, 1970, Communication Company provided Communication Center Services to all Marine, Army, and Naval Commands in the Red Beach Complex. The Company processed 9,256 messages for Marine Commands, 2,418 messages for Naval Commands, and 366 messages for Army Commands during the month. In an effort to enhance the physical security of the Communication Center Complex the Company spent many hours in building new defensive positions, strengthening old positions and training personnel for security duties in the event of enemy attack. Communication Company put forth a great effort during the month in expanding and renovating work spaces in preparation for the tremendously increased communication workload anticipated when III MAF Headquarters physically moves to the Red Beach Complex. During the month over 600,000 telephone calls were processed by the Company. Part IV contains Communication Company's operational and maintenance statistics for the month of February, 1970.

Support Company performed many diversified services for the Force Logistic Command and other Marine and Allied Forces during the month. In operating the III MAF Transient Facility and R&R Processing Center, members of Support Company processed and billeted 17,357 personnel, and messed 41,754 transient personnel during February. The Company's Material Handling Equipment Platoon (MHE) unloaded four (4) LST loads of ammunition during the month in support of Supply Battalion's Ammunition Company. The Platoon's RIF-060, 6000 pound forklifts moved 46,500 tons of materials during the month while operating 2,130 hours. The GYP-40, 4000 pound forklifts moved 37,250 tons of supplies during 2,778 hours of operation. The MHE Platoon trained and licensed thirty-nine (39) new forklift operators during the month. Support Company's Graves Registration Platoon, with elements at five (5) locations in I Corps, processed 111 remains during the month of February. The Laundry Platoon, in support of Marine units throughout I Corps, cleaned 95,480 pounds of laundry during the month, an average of 3,410 pounds each day. The Company's First Air Delivery Platoon made nightly flare drops in conjunction with VMGR-152 in support of the First Marine Division and the Army's Americal and 101st Airborne Divisions. A total of 3,919 flares were dropped during 302 man hours of flight time. Of particular note is the Platoon's performance during the High Velocity air delivery drop of four (4) High Velocity A7A containers in support of the First Reconnaissance Battalion on 9 February, 1970.

PART III

SEQUENTIAL LISTING OF SIGNIFICANT EVENTS

1. SECURITY. The month of February marked many new highs in the efforts of the Command Security Forces. Tasked with the responsibility of coordinating the security efforts of all United States Forces in Sub-Sector A, Northern Sector Defense Command, the Security Forces successfully planned and implemented a coordinated security program which included Army, Navy and Marine Corps Commands located within Sub-Sector A. This security program included the delineation of a coordinated fire support plan for Sub-Sector A and implementation of mutually supporting contingency plans for the Sub-Sector.

In a successful effort to deter the threat of enemy ground and sapper attacks during the TET season, the Provisional Rifle Company conducted 553 security operations during the month. This figure marked an increase of 141 operations over the previous monthly high conducted during the month of January 1970. The First Platoon, Provisional Rifle Company captured one (1) Viet Cong on 18 February 1970, AT 935773. This prisoner proved to be an invaluable source of intelligence data concerning VC/NVA activities and infiltration routes within Sub-Sector A. Upon questioning by counter-intelligence personnel this Viet Cong prisoner revealed the location of three (3) enemy AK-47 rifles, one (1) pound of enemy propaganda leaflets, and numerous other items of enemy material. The Provisional Rifle Company apprehended thirty-four (34) Viet Cong suspects during the month and returned these suspects to counter-intelligence personnel for screening.

Throughout the month of February, 1970, the Command Security Force concerned itself with the development and implementation of a coordinated contingency plan for the defense of Camp Jay K. Books, Red Beach, DaNang, RVN. This plan tasks each of the battalions located at Camp Books with organizing and training a fully equipped reserve force and establishes an effective communications net for the implementation of all facets of the defense plan. A full-scale exercise was conducted during early February to insure the preparedness of these reserve forces.

The Chart included at the conclusion of Part II depicts in detail the Security Activities for February, 1970.

2. CIVIC ACTION. The Battalion Civil Affairs Section supported agricultural, refugee relief, educational, and self-help programs in seven (7) hamlets during the month of February, 1970. Within the spectrum of agricultural activities the section assisted three (3) hamlets with IR-8 experimental rice-growing projects and contributed significantly to the development of numerous vegetable plots throughout the section's area of responsibility. In an effort to assist the refugee families in Thuy Tu (AT 928838), an area heavily effected by the current hostilities, six-thousand (6000) pounds of captured rice were delivered to the inhabitants of that hamlet. The section assisted to a great extent in the training of thirty-four (34) Vietnamese nurses and a Vietnamese dental assistant in a continuing program of Vietnamization of the staff of the Hoa Khanh Children's Hospital. Members of the Battalion served as English language instructors for over one-hundred (100) Vietnamese Elementary School children at Hoa Khanh Village (AT 959790) in a constantly expanding program.

In the area of "self help" projects the Civil Affairs Section assisted the populace of Phu Loc (AT 975784) in the construction of a Maternity Hospital. This is of particular significance since Phu Loc is the home of the 1st Vietnamese Ranger Group and the hospital treats a great many of their dependents. Also within the purview of "self-help" the section assisted the populace of Thuy Tu (AT 928839) in the construction of a hamlet headquarters and the populace of the hamlet of Xuan Thieu (at 935825) in the construction of a dam. The Civil Affairs Section Medical Team rendered medical assistance to 5984 Vietnamese Nationals during the month.

PART II

NARRATIVE SUMMARY

1. 7th Separate Bulk Fuel Company continued normal Fuel Operation. During the month of February, Bulk Fuel Company issued 669,091 gallons of diesel fuel, 293,599 gallons of mo-gas and 1899 drums of POL products.
2. Ration Company maintained normal production of Class I products.
3. Ammunition Company reported routine handling of Class V(W) and Class V(A) ammunition with a daily average for receipts and issues at 1,193 short tons.
4. Industrial Relations Section reported the on board strength for Local National Civilians in Supply Battalion at 557. An ARVN Civic Action team assisted Supply Battalion for one week during this reporting period. Approximately 45 MedCaps were held with a total of 1,227 patients being treated. Due to the TET holidays only 50 English classes were held during February.
5. Several dignitaries visited Supply Battalion including Lt General BUSE, Brigadier General PADALINO, Brigadier General LEE and Major General DOLVIN.
6. Central Control Point processed fifteen updates (10 daily and 5 special), with a total of 53,677 requisitions, 9,326 receipts and 52,201 shipping documents produced. The fill rate for the month was 72% with the fill rate for RO items being 81%. In addition Automated Services Center processed 45,000 personnel changes. A total of 315,564 changes were processed during the month of February for entry into the Man Power Management System.

ENCLOSURE (1)

PART III

SEQUENTIAL LISTING OF SIGNIFICANT EVENTS1. LOGISTICS

a. 7th Separate Bulk Fuel Company issued 669,091 gallons of diesel fuel 293,599 gallons of no-gas and 1899 drums of POL products. A steady improvement in the status of combat essential equipment and tables of equipment occurred.

b. Ammunition Company handled 29,939 short tons of Class V(W) ammunition and 3,556 short tons of Class V(A) ammunition with a daily average for receipts and issues at 1,193 short tons.

(1) The dump level at ASP #1 increased to 13,370 short tons all of which are USMC assets, 10,063 short tons are Class V(W) and 3,307 short tons are Class V(A).

(2) The dump level at ASP #2 decreased to 9,706 short tons of which 6,225 short tons are USMC assets, 3019 short tons are US Army assets, 462 short tons are US Navy assets, 326 short tons are project 972 and 200 short tons are Grade III.

	ASP #1 Class V(W)	Class V(A)	ASP #2 Class V(W)
Received	2,784 s/t	1,036 s/t	6,542 s/t
Issued	4,025 s/t	2,520 s/t	8,297 s/t
Intradump Handled	789 s/t	0 s/t	6,567 s/t

(3) BOD Platoon made 43 calls recovering 708 US explosives items and 100 VC ^{or} ChiCom explosive items.

c. Central Control Point underwent a reorganization on 1 February 1970. This reorganization was required to shift the emphasis to getting excess items redistributed to other Marine Corps stock points. The new organization has a Headquarters, Stock Management Branch, Services Branch, Medical Supply Branch, and a Direct Exchange Branch.

2. CIVIC ACTION

a. At the beginning of this reporting period, the on board strength of Local National Civilians within Supply Battalion was 564. The total on board was reduced to 551 as a result of 5 resignations, 1 disqualification and 1 hired by the end of the month.

b. Psyops leaflets were distributed at all 45 MedCaps. A total of 1,227 patients were treated.

ENCLOSURE (1)

c. English classes were not held for two weeks, due to the TET holidays. Approximately 50 classes were held during the remaining two weeks.

d. Approximately 25,000 \$VN was expended from military resources for Civic Action projects. The Civil Affairs section also received 10,000 \$VN in voluntary contribution from Vietnamese employees in Supply Battalion. Candy was purchased with this money and distributed to children in orphanages during TET.

3. PERSONNEL. 5 Marine officers and 148 Marine enlisted were joined. 5 Marine officers and 125 Marine enlisted were dropped. There were 13 career re-enlistments during the month of February. This command took pleasure in promoting 266 to present rank as follows:

1st Lt	<u>2</u>	Sgt	<u>3</u>
MGySgt	<u>1</u>	Cpl	<u>143</u>
GySgt	<u>3</u>	ICpl	<u>99</u>
		PFC	<u>15</u>

4. TRAINING. Supply Battalion's Training Accomplished, for the month of February is listed on pages 8 and 9 of Enclosure (1).

5. SPECIAL EVENTS. Supply Battalion was visited by several dignitaries including Brigadier General PADALINO of Force Logistic Command and Major General Welborn G. DOLVIN, Chief of Staff, Military Assistance Command, Vietnam. Major General DOLVIN's primary interest was the Mission, Function and Organization of FLC, and Sources of Supply. Also visited by Supply Battalion were Brigadier General LEE of the Republic of Korea and Lt General BUSE. Lt General BUSE's primary interest was the new Retrograde Facility.

PART II
NARRATIVE SUMMARY

Supply Company continued operations, in support of I Corps Marine Units. Increased operations by all sections in areas of traffic and issues were attributed to the extensive excess programs being put into effect.

Continued use of the Red Beach Causway accounted for the efficient movement of 3,000 plus short tons of ammunition to the supply points.

Several dignitaries visited Supply Company's area during February including General Buse, FMFPac; and General Lee, ROK-KMC.

The new retrograde facility became fully operational and the rear salvage area was closed for operational purposes and will only be used as an emergency staging area in the future.

Project MOMOA began on 23 February 1970 and has resulted in redistribution of over 30,000 items of excess material shipped to other Marine Corps. Movement of material was extremely satisfactory and pointed up the outstanding cooperation between sections within the Company.

Visual surveillance by storage personnel and maximum efforts from Technical Research has continued to help purge unserviceable stocks.

Numerous special projects were accomplished during the month as follows: ONTOS spare parts, BUTLER construction material, AM-2 matting, LOGISTICS Command GS requirements, and LVT/TANK project.

The efficient operations accomplished during February were shadowed by a serious incident in which two Supply Company personnel were injured when an assailant threw a hand grenade into their hut. The assailant was apprehended and is being charged with attempted murder.

TAB B 01 ENCL (1)

PART III

SEQUENTIAL LISTING OF SIGNIFICANT EVENTS1. Significant Operations Conducted

a. Despite numerous extracurricular projects that were handled on an exception basis, the month of February saw maximum operational effectiveness throughout Supply Company. Of course, many of our plans for stock surveillance and purification could not be fully implemented because of the additional workload.

b. The Red Beach Causeway was utilized for offloading four LVT's during the period. These ships accounted for the movement of 3,531 short tons of ammunition across the Causeway. L-27

c. Supply Company hosted the following officers during the month of February:

<u>NAME</u>	<u>TITLE</u>	<u>DATE</u>
LtGen BUSE	CG FMFPac	24 Feb
BGen LEE	ROK-KMC	19 Feb
Col KEITH	G-4, 1st MarDiv	16 Feb
LtCol KUMMEROW	Ass't G-4, 1st MarDiv	24 Feb

d. Only nine vehicles remain in the Rear Salvage Area at the end of this month. For all practical purposes, Rear Salvage operations have ceased and the Retrograde Facility has assumed the total function.

e. Project MOMOA, the result of various screenings of our excesses by other Marine Corps activities to fulfill their mount-out/mount-out augmentation requirements, was initiated on the 23rd of February. The entire workload consists of 33,179 documents. Progress has been extremely satisfactory and on the 28th of February, our status was as follows:

Number of Documents	33,179
Released to Warehouse	8,144
Released to Issue	18,768
Cummulative NIS	2,188
Outstanding Z7's	16,882

f. Internal efforts have continued throughout the month to purge unserviceable stocks from our warehouses and open lots. This action is taken through Phase Codes L (superceded by FSN) and N (total disposal), visual surveillance by storage personnel and the efforts of Technical and Research personnel. Significant disposal actions resulting from this effort have been the removal of 21,000 green shirts (500 cu.ft.) and 14,000 lbs. of scrap metal.

g. Procedures have been established with MMFAG9 whereas their issues will be processed through the PP&P Facility. Prior to this action, all packaging and packing was performed by MMFAG9 personnel. This service is expected to eliminate several past problem areas and improve overall effectiveness of the Battalion.

h. Excess individual clothing was disposed of this month to fulfill the requirements of the 3rd Force Service Regiment and MCSC, Barstow. A total of 31 line items valued at \$6,095 was shipped to the 3rd FSR and 60 line items valued at \$68,000 was transferred to Barstow.

i. The Company was involved in numerous special projects during this period. Those of significance were:

(1) OMTOS spare parts. This was a shipment of 167 documents to M15660 (5th MEB). The project was completed on 16 Feb when the material was loaded on vehicles of the 7th Motor Transport Battalion.

(2) BUTLER CONSTRUCTION MATERIAL. This was a special purge of material used to construct butler-type buildings. Seventy-nine individual pieces were turned over for shipment on 4 Feb 1970.

(3) AM-2 MATTING. This project consisted of pulling all AM-2 Matting from MC100 stocks and positioning them at the Bridge Ramp. This task was complicated by the washing requirements and a short time period imposed by known Motor Transport commitments. Despite these handicaps, all matting had been removed from T-Lot by the 22nd of February - a total of 3,221 bundles within a 9-day period.

(4) LOGISTICS COMMAND GS REQUIREMENTS. This was the result of offering excess General Supply items to the 1st Army Logistics Command, Da Nang. The total project consisted of 353 documents.

(5) LVT/TANK PROJECT. This was another drawdown of LVT/TANK stock. It consisted of approximately 500 documents, 11 separate items from MMFAG9 and 30 items from Shop Stores.

2. Casualties inflicted on the enemy.

(None)

3. Casualties Sustained

Supply Company suffered two wounded during the reporting period. Both Gunnery Sergeants involved were slightly wounded under non-hostile conditions when an assailant threw a fragmentation grenade into their hut. Immediate investigation lead to the apprehension of the suspected person. The Article 32 investigation was held and the suspect was charged with attempted murder and referred to a General Court Martial.

4. New Techniques Employed

(None)

5. Command Relations

(None)

6. Equipment

(None)

7. Logistics

(None)

8. Civic Action

(None)

9. Administration

a. The Administrative goals set up in January were completed in preparation for the General Administrative inspection scheduled for March.

b. On board strength averaged 510 personnel.

c. The disciplinary rate was down from 36 offenders in January to 33 during February.

10. Training

a. Technical Training increased during February with 2071 man hours being recorded.

b. Military Training remained approximately the same as last month with 471 man hours being recorded.

11. Personnel

a. Supply Company joined 28 enlisted personnel and 2 officers.

b. Drops amounted to 34 personnel.

c. Personal promotions are as follows:

E-1 to E-2	E-2 to E-3	E-3 to E-4	E-6 to E-7	E-8 to E-9

ENCLOSURE (1)

PART II
NARRATIVE SUMMARY

During the month of February Ammunition Company handled 29,939 s/tons of Class V(W) ammunition and 3,556 s/tons of Class V(A) ammunition. The daily average for receipts and issues was 1,193 s/tons.

	ASP# 1 Class V(W)	Class V(A)	ASP# 2 Class V(W)
Received	2,784 s/tons	1,036 s/tons	6,542 s/tons
Issued	4,025 s/tons	2,520 s/tons	8,297 s/tons
Intradump handled	789 s/tons	0 s/tons	6,567 s/tons

During the second month of 1970 Ammunition Company at ASP# 2 issued the following Class V(W):

<u>Destination</u>	<u>S/TONS</u>
An Hoa	1723
LZ Baldy	1374
Hill 55	1057
Hill 65	376
Hoi An	1064
Quang Tri	7
Chu Lai	28
Edgewood Arsenal	0.5
Phu Bai	5
MAERU	84
Sasebo	1
ARVN	200
NWS Fallbrook	10

The dump level at ASP# 1 increased to 13,370 s/tons all of which are USMC assets, 10,063 s/tons are Class V(W) and 3,307 s/tons are Class V(A).

The dump level at ASP# 2 decreased to 9,706 s/tons of which 6,225 s/tons are USMC assets, 3,019 s/tons are US Army assets, 462 s/tons are US NAVY assets, 326 s/tons are Project 972 and 200 s/tons are Grade III.

EOD Platoon made 43 calls recovering 708 US explosive items and 100 VC or ChiCom explosive items. The Platoon destroyed 2 tons of unserviceable ammunition from ASP# 1.

II. NARRATIVE SUMMARY

1. Industrial Relations

At the beginning of this reporting period, the on board strength of Local National Civilians within Supply Battalion was 564. During the month, the on board strength was reduced to 557 as a result of the following actions:

Resignations	5
Immediate Removals	1
Separation & Disqualifications	2
Hired	1

2. Civil Affairs

During this reporting period, approximately 25,000\$VN was expended from military resources for Civic Action projects. The Civil Affairs section received 10,000\$VN in voluntary contributions from the Vietnamese employees in Supply Battalion. Candy was purchased with this money and distributed to children in orphanages during TET. An ARVN Civic Action team assisted Supply Battalion for one week during this reporting period. The ARVN team will return to Supply Battalion for another week this month.

3. MedCap

During this reporting period, approximately 45 MedCaps were held. A total of 1,227 patients was treated.

4. Psyops

Psyops leaflets were distributed at all MedCaps held by Supply Battalion.

ENCLOSURE (1)

TAB B of ENCL (1)

Approximately 1,500 leaflets were distributed in this manner.

5. Miscellaneous

English classes were not held for two weeks because of the TET holiday. Approximately 50 classes were held during the remaining two weeks.

III LISTING OF SIGNIFICANT EVENTS

- 4 February Inspection tour of our Civic Action Area of Responsibility with AC/S G-5
- 16 February Inspection tour of our Civic Action Area of Responsibility with an ARVN Civil Affairs team
- 17 February Psyops films were shown in the hamlet of Trung Phuoc.
- 18 February ARVN Civil Affairs team starting working with our team.
- 20 February 300 Vietnamese in Hoa Ninh were innoculated against typhoid fever by the ARVN MedCap team

TAB B of ENCL (1)

WORDS FROM THE XO

The past month has seen a number of unpleasant events take place in Supply Battalion. Hopefully we will never have another month such as this. To a large extent it will be up to you to prevent a recurrence. I think it may be well to emphasize a few Command policies so there will be no misunderstandings on certain points:

1. Marijuana, barbituates and other narcotics will not be tolerated except as prescribed by a physician. A number of young Marines have come in and can't understand why they are being processed for an Undesirable Discharge for possession of just one "joint" or "roach". I want to make it absolutely clear, in plain language, so there will be no doubt --

POSSESSION HAS AND WILL CONTINUE TO BE CAUSE FOR AN UNDESIRABLE DISCHARGE, AS A MINIMUM. IT MAY BE CAUSE FOR A COURT MARTIAL AS WELL.

If you want out, this is a sure way. However, bear in mind that an Undesirable Discharge sticks with you FOREVER, both in the military and in civilian life. There are very few employers who do not ask the nature of your service discharge.

2. Unauthorized weapons and ordnance will very likely get you to court. The only reason a man could have for wanting these items is to either sell them or he intends to cause trouble with them in the future. This month, five men have been injured, from unauthorized ordnance. If you know of the existence of these items either report their location or put them in the "amnesty boxes" located in the Company areas. The reason should be pretty obvious - the next man injured or killed could be you. A "head" has no sense of reason or consequences when under the influence. If you happen to be there, you get it. These policies are not whims of the CO, CG, or CMC. They are necessary for the well being of the group as a whole. If a man wants to injure himself it is pretty much his own business; however, when his actions results in harm or misery to others it is no longer his business, IT IS OURS!

(EDITORS NOTE: Benefits lost by a U.D. were in last issue of the SCUTTLEBUTT)

A Company in Vietnam had gathered to listen to their new C.O.'s welcoming speech. "I want you men to respect me as your leader, of course," he said. "But if you've got any problems, feel free to talk with me as if I were your father."

A voice BOOMED from the rear: "Hey pop, can I use the jeep tonight?"

* * * *

DANANG TOURS

Starting today, tours of the Danang Area will resume. Each Sunday will be devoted to one of the Company's in the Battalion. Tours will be from 0900 to 1600 so contact your Company Office for details and get your camera out of mothballs and enjoy some Vietnamese scenery.

* * * *

When on patrol in Vietnam, the Marines move in a column. Should someone be needed at the head of the column, the word is passed back: "Engineer, up!" or "Corpsman, up!" - or whoever is required.

As we came to the fifth muddy river swollen by the monsoon season, and were miserably contemplating the swim across, we heard the word come back: "Noah, up!"

* * * *

BILLIARDS

On 4 March the entries for the FIC Billiard Tournament are due. Top 3 players from each unit may enter. On 9 March the FIC Billiard championship will begin.

HANDBALL

On 18 March, the FIC handball tournament will be held. Units may enter 2 singles and 2 doubles. Entries are due by 11 March. Singles go at 0800, doubles start at 1330.

JACK THE RIPPER
IS ALIVE AND WORKING
IN OUR LOCAL LAUNDRY

INCOME TAX SCOOP

Income Tax forms are on order but have not been received. Servicemen serving in a combat zone may postpone filing Income Tax returns for 180 days after return to CONUS. This includes a joint return by a member and spouse, but is not applicable to a separate return of the spouse should she elect to file on that basis.

EASY ON THE POWER

The electric generators supplying the electricity for Camp Books is now working at full capacity. With warm weather, added demands in the way of fans and air conditioners, will be put on this equipment. All hands are urged to exert every effort in conserving electricity.

TURN OFF THAT LIGHT OR FAN WHEN NOT IN USE!!

MARINES! DID YOU KNOW

You can exchange any unserviceable item of individual clothing for serviceable clothing that you are authorized, by FLCO 10120.1B to have in your possession in Vietnam. All you have to do is bring the unserviceable item to your "Friendly Organic Supply" storeroom and effect exchange, better known as survey, without charge. The amount of clothing varies, depending whether you arrived in country before or after 15 Jan 1970. The Battalion Supply Officer has indicated that there will be no handouts. To get replacements, promptly report to your 1st Sgt or Company Gunnery and tell him your sad story. He has a form (Report of lost, missing or stolen property) which you can fill out. Should your Company Commander buy your story he'll sign the form and you will be issued the items at Battalion Supply. If the Company Commander determines that the items were lost or damaged through negligence, the items will be replaced by you through Cash Sale conducted at the Clothing Outlet Store. The Supply Officer keeps records, so don't try to survey or replace a quantity exceeding what you're authorized.

That's a NO, NO!

COMPROMISE ONLY IF
YOU GET WHAT YOU WANT

TIPS

Under no circumstances will MPC be used in tipping Vietnamese in the Clubs or Barber Shops. The Vietnamese are not authorized to have MPC in their possession so when you tip with MPC you violate the law, could be the cause of workers losing their jobs, and are aiding the Black Market.

HE WAS OURS

27 December 1969 - PFC Kenneth J. REGENAUER, Supply Company, Supply Battalion, 1st Force Service Regiment, was convicted by a General Court-martial convened by the Commanding General, Force Logistic Command, of three specifications of assault with intent to commit murder, five specifications of assault with a dangerous weapon, and one specification of violation of a general order by being in an off-limits area. He was sentenced to a dishonorable discharge, confinement at hard labor for 15 years, total forfeitures and reduction to pay grade E-1.

NAME TAGS

FIC uniform regulations require that the Dark Red name tag when worn be centered over the right breast pocket of the uniform of the day, Parallel to the Deck.

EMPLOYEES
GOING OUT FOR COFFEE
MUST BE BACK
BY QUITTING TIME

RETIRING

HQMC no longer desires letters of intent. Requests for reversion and transfer to the Fleet Marine Corps Reserve should be submitted at the earliest possible time to permit timely processing.

The highly acclaimed musical review, the FANTASTICKS, will be presented at the FLC OUTDOOR THEATER, after their successful run on Broadway and World Tour. Come and enjoy a night of fun at the FLC OUTDOOR THEATER, located behind the Morris Gym.
 One performance only: 16 Feb 1970 at 1900H.

BILLIARDS

On 4 March the entries for the FLC Billiard Tournament are due. Top 3 players from each unit may enter. On 9 March the FLC billiards championship will begin.

DANANG TOURS

Starting 1 March tours will be given of the DaNang Area. All persons interested should contact the S-5 office for further information. Tours will go every Sunday, so get your camera out of mothballs and sign up for one of the tours.

FOOTBALL and VOLLEYBALL

On 23 February there will be an official's clinic held 1330 for the football officials and 1530 for the volleyball officials. Each battalion will send one official and one alternate. Discussed will be rules interpretations, rules changes, officiating methods, and the officiating schedule will be set up at this time. FLC football and volleyball tournaments will start 26 February. Volleyball will go at 1000 and football at 1400 daily until the tournament is completed. Remember --- entries must be at this office no later than 19 February.

BASKETBALL and SOFTBALL

On 5 March, battalion level softball and basketball championships may begin. Remember the FLC tournaments starts on 26 May.

HANDBALL

On 18 March, the FLC handball tournament will be held. Units may enter 2 singles and 2 doubles. Entries are due by 11 March. Singles go at 0800, doubles start at 1330.

HORSESHOES

1 April will see the FLC Horseshoe Tournament arrive at Morris Gym at 0900. Entries will be due no later than 27 March.

DILLINGER HAD A
 LOUSY TIME
 AT THE MOVIES

OFFICERS/NEWS

What's happened to the pride which Marines displayed not long ago? Pride in our Corps, uniform, installations and most importantly, OURSELVES.

This question has been muled over by Officers, Staff NCO's and many other individuals interested in the Marine Corps. More than discussion is needed. Have we forgotten ACTION?

The leaders of our Corps have on numerous occasions stated that today's Marine is the finest ever. Granted, that in RVN present-day Marines of all ranks are doing an extremely difficult task in an exemplary manner. But a different picture is seen in garrison.

Many of the "problems" which exist today are due to flaws in leadership. How often do we see Marines improperly wearing the uniform, walking with their hands in their pockets, not saluting, needing a haircut. Yet, I've seen many instances of officers and NCO's passing Marines who should be stopped and corrected, but not doing so.

How many times have we heard "You've got the Marine Corps and then you've got 'this' outfit?" All Marines go through the same basic training. Why, then, should it appear that standards differ? The only reason Marines don't wear their uniforms properly and fail to obey the regulations is that they are not immediately corrected, fairly but firmly, when they violate the regulations.

The officers and NCO's of the Corps MUST SET THE EXAMPLE AND INSIST THAT ALL MARINES COMPLY WITH ALL REGULATIONS!

We must follow-up the patterns set by the drill instructors, who put forth untold hours of instruction and years of experience to insure that basic Marines and newly commissioned officers could and would serve the Corps with pride.

Each of us must examine ourself and ask if we're providing the leadership which the younger Marines need and really want. Remember, if we don't provide that leadership, the Marine Corps of the future will suffer by being something less than the best fighting force in the world. Then how proud will we be to say, "I'm a Marine".

IT MUST DON'T PAY

16 Dec 1969, PFC Gary COOPER, H&HCo, 3d Brigade, was convicted by a General Court Martial convened by the CG, 101st Airborne Div (Airmobile), of wrongful possession of opium and marijuana. He was sentenced to a dishonorable discharge, confinement at hard labor for 18 months, forfeitures of all pay and allowances and reduction to pay grade E-1.

* * *

9 Dec 1969, Pvt Reginald F. SMITH, K Co. 3d Bn 9th Marines, was convicted by a General Court Martial convened by the CG, 3d MarDiv, of conspiracy to commit murder and the premeditated murder of 1st Lt Robert T. ROHWELLER by throwing a fragmentation grenade into the building in which the LT was sleeping. SMITH was sentenced to a dishonorable discharge, life imprisonment and total forfeitures.

* * *

Many benefits a veteran of the Armed Forces is entitled to are lost upon receipt of a Dishonorable, Bad Conduct or Undesirable Discharge. Some of these are as follows:

BENEFITS BY THE VA

Educational Assistance
Medical and Dental Care
Burial benefits (flag and expense)
Home and farm loans

BENEFITS FROM MILITARY DEPARTMENTS

Burial in national Cemetery
Retain and wear uniform home
Notice to employer of discharge
Award of medals, crosses and bars
Use of wartime title and wearing of uniform

BENEFITS FROM OTHER FEDERAL AGENTS

Civil Service employment preference
Reemployment benefits
Naturalization
D.C. Police, fireman, and teacher retirement credit
Preference in purchasing defense housing
Unemployment benefits

FORKLIFT

The larger number of accidents with forklifts in RVN indicate that many forklift operators fail to appreciate some of the very obvious driving precautions which these vehicles require. Large loads, and the lack of forward vision thus created, require an extra degree of caution and a special driving technique. The following list of DO's and DON'TS addresses these matters, and should be studied in detail by Marines who drive forklifts or are required to supervise cargo handling operations.

DO

* Sound horn at all blind intersections, inside or outside warehouses.

* Drive slowly over rough surfaces.

* Watch overhead clearances.

* Make sure brakes are holding before leaving your forklift.

* Check bridge plates between ramps and decks to ensure that they are secure.

Check wooden decks and ramps to see that they are strong enough to support the forklift and its load.

DON'T

* Permit unauthorized personnel to operate forklifts.

* Overload your vehicle - lighten loads instead of counterweighting.

* Descend ramps with load in front. Drive down backwards at slow speed.

* Cut corners --- watch your turns and prevent accidents.

* Jam your brakes and risk dropping your load.

* Elevate people or allow them to ride 11th forks, the vehicle, or the load.

SHIPPING CONTAINERS

When your unit receives supplies in a good reuseable container, see to it that the box isn't scrapped or knocked apart for the lumber it contains. That box may be just what your section needs to achieve a satisfactory embarkation posture. Mount-out boxes are always needed, but they are not always easy to find. An excellent source for good reuseable containers is the field bakery. Bulk flour is packed in a good solid box which is acceptable for most embarkation needs. As is often the case, a little prior planning will make a big difference when the work is passed to mount out. Take advantage of reuseable containers, and leave the last minute scrambling around to the other guy.

CONTRABAND BOXES

There have been recent incidents of contraband equipment, supplies and ordnance being found in trash collection points. This means of disposal is not only dangerous to persons handling the trash but may be a source of supply for the enemy.

To contribute to efforts being made to prevent these occurrences, collection boxes within the area for receiving contraband equipment, supplies and ordnance "found" by personnel, will be established.

NAME TAGS

In past issues of "Scuttlebutt" we've pointed out points of interest relating to the wearing of the uniform. The local radio and television station have been passing some variations to the articles we've run. To clarify what you may have heard relative to the "name tags".

NAME TAGS WILL BE WORN OVER THE RIGHT POCKET PARALLEL TO THE DECK.

* * *

No question about it. Teenagers today live the perfect life. They have an inexhaustible supply of money - father. They have a built in maid service - mother. They have something to take their hostilities out on - everybody. They have the final word on everything - and if you should ever prove them wrong, they look at you and say, "What do you expect? I'm only a kid!"
