2. LOCATION.

a. The 3rd Battalion, 5th Marines operated throughout the month of April with the rear CP located at An Hoa Combat Base (AT 875475). The forward CP remained at HILL 65 (AT 880580).

b. Rifle Companies and CUPP units participated in the 1st MARDIV Stack Arms program during the period 18-29 April. Each rifle company CP was opened on the following dates upon their return from the 48 hour period of stand down at Stack Arms.

<u>COMPANY</u>	<u>DATE</u>	<u>PLACE/COORDINATES</u>
M	20 Apr 70	HILL 52 (ZC 216552)
K	23 Apr 70	HILL 37 (AT 920580)

PART II

3rd Battalion, 5th Marines continued securing and pacification operations within an expanded TAOR in Quang Nam Province, I Corps Tactical Zone. In addition, limited reconnaissance in force operations were conducted in the area known as the "Arizona" on two separate occasions during the reporting period. Although limited to Company (-), both reconnaissance in force operations enhanced securing and pacification operations by disrupting the enemy's lines of communications.

The 51st ARVN Regiment maintained their CP at HILL 55 (AT 964603) with subordinate elements operating in 5th Marines, ROKMC, and 1st Marines TAOR's. Company L was assigned OPCON to 1st Marines during the period 16-27 April for the purpose of participating in a combined operation with the 51st ARVN. The combined area of operation encompassed the area known as Charlie Ridge. During the operation, Company L uncovered a weapons cache in which was included 54 SKS rifles, 2 82mm Mortars (complete), and 1 Chinese Communist machine gun.

Combined Unit Pacification Program (CUPP) units, Company M, 3rd Battalion, 1st Marines and 5th Marines CUPP Platoon continued their securing and pacification operations within assigned AO's. GVN forces supporting the CUPP are RF and PF units from Dai Loc and Dien Ban Districts.

For the period 1-20 April, the CUPP units from the Chau Son AO vicinity (AT 9460) remained at HILL 55 while a screening operation was planned and conducted by elements of 5th Marines, 51st ARVN, and Dien Ban District National Police Forces. This operation resulted in the collection of 30 detainees, 3 of whom were later classified as VCI by District Intelligence personnel. During the ensuing period, RD Cadre Team and NFFF participation was generated to continually support CUPP in the Chau Son AO. Reorientation of personnel and units of Company M toward performing securing and pacification operations took place throughout the month. Emphasis was placed on the importance of each CUPP unit conducting combined operations in keeping with the mobile CAP concept. This goal was achieved as all units move constantly within their respective AO's. In addition, significant progress was made in operations planning by District Forces participating in CUPP. Mobility of CUPP units vicinity of HILL 55 increased measurably during the month as a section of 81mm Mortars became operable providing those units with the capability for both illumination and HE fire support missions. This capability alleviated the cumbersome logistics train required to support 2 60mm Mortar squads in the field. Fire coordination with Dai Loc and Dien Ban Districts continued to improve. Close coordination with both Districts enabled 81mm Mortars and Artillery preplanned fires to be processed in a timely manner prior to operations.

Security efforts of the 5th Marines CUPP Platoon continued during April as a result of the relatively high degree of rapport established with the civilian populace and the RF Platoons during March. Civilians are openly expressing their belief that the VC are no longer a threat. A significant number of civilian families have moved to the hamlets of Phu Huong and Lam Phung from the refugee camps in the immediate vicinity of Dai Loc District Headquarters. All three hamlets have elected Chief's and a number of lesser officials that live and work with the people. It is particularly noteworthy that 70 PSDF will permanently reside in the three hamlets of Loc Quan Village beginning 1 May 1970. Previously, they have maintained a presence in the village only during daylight hours.

2-1

Enclosure (1)

UNCLASSIFIED

UNCLASSIFIED

The Ha Mia nursery school vicinity (AT 807545) has in attendance some 200 children between the ages of 5-12. Presently, an officer from RF Company 193 serves as the school teacher with efforts continuing by Dai Loc District to procure the services of a civilian school teacher. Another nursery school vicinity (AT 820554) in the hamlet of Lam Phung was officially opened on 27 April. Materials for desks were provided by Marines, however, they were all constructed by the parents of the children that attend the school. The teacher for this school is one of the local village elders.

A significant short term high impact civic action project was completed during the month. An irrigation canal was constructed from vicinity (AT 817547) to vicinity (AT 817552). The villagers from Lam Phung supplied the labor force to build the canal, procured the pump and motor, and Marines of CUPP 2 procured culvert material and rock fill for the culvert across Route #4. This canal will enable the rice fields north of Lam Phung to be cultivated during the coming rice growing season.

The Battalion continued to perform daily security missions for engineer mine sweeps along Route #540 north to 5th Marines boundry and south to 2nd Battalion, 5th Marines AC. In addition, on varying days, security was provided engineer mine sweep operations west of HILL 65 along Route #4 to HILL 52. This support enabled truck resupply to be effected as well as necessary unit liaison to be conducted by vehicle. On 17 April security was provided for engineers to conduct a mine sweep along Route #4 west to the Thuong Duc CIDG Camp located vicinity (ZC 144533). This enabled a 34 ARVN Truck convoy to resupply the CIDG Camp.

Subordinate units of the Battalion participated in the Commanding General's Stack Arms Program during the month. A well coordinated series of helolifts enabled all units to be transported to and from Stack Arms in a timely manner.

UNCLASSIFIED

PART III

SEQUENTIAL LISTING OF SIGNIFICANT EVENTS1. TOPICS.a. Personnel and Administration

(1) Strength. The Battalion began the month with a total strength of 51 Marine Officers, 1457 Marine enlisted, 3 Navy Officers and 62 Navy Enlisted. 3rd Battalion, 5th Marines now has a total on board strength of 47 Marine Officers, 1348 Marine Enlisted, 3 Navy Officers and 60 Navy Enlisted. The primary reason for the decrease was due to normal rotation without the normal input of personnel.

(2) Morale. Morale and fighting spirit continued to be excellent, even with a lack of Battalion size and larger operations.

(3) Postal. Postal service was slightly hampered due to the mail strike in CONUS. However, the overall service during the month was excellent, especially considering the widely dispersed nature of company units within the Battalion TAOR.

(4) Discipline. During the month there were thirty one office hours and eight court martials held.

(5) Awards. There was one (1) Navy Commendation and fifty three (53) Purple Heart Medals awarded to the Battalion during the reporting period.

(6) Internal Management. Administration procedures and proficiency continued to be excellent.

b. Enemy, Weather, and Terrain

(1) Enemy. The reporting period started with an upsurge of enemy activity marking the start of the spring/summer offensive. This upsurge lasted only a short time, then enemy activity dropped sharply to its normal low level, consisting mainly of small scale attacks against friendly positions for the purpose of harassment. Other enemy activity consisted of the final gathering of rice, during the early part of the reporting period, and later, with the end of the rice harvest, turned to the collection of taxes from the local populace.

(2) Weather.

1. Rainfall: light
2. Temperature
 - (a) Average high: 87
 - (b) Average low: 74
3. Light
 - (a) Average Sunrise: 0628
 - (b) Average Sunset: 1902

UNCLASSIFIED

UNCLASSIFIED

(3) Terrain. During the reporting period, the predominant terrain feature was flat lowlands and small foothills, however, some patrols were in the mountainous terrain and double canopy of the "Charlie Ridge" area.

(4) Significant Casualties Inflicted/Sustained

<u>Friendly</u>		<u>Enemy</u>

M-26 - 6 Chi Com grenade - 1

Boxmine - 1 Others - 4

c. Operations. Extensive combat patrols and ambushes were conducted throughout the month to interdict enemy movement into the AO. Emphasis was placed on screening operations on the periphery of secure or pacified areas. Continuous coordination was effected with both Dai Loc and Dien Ban Districts in order to increase GVN support of securing and pacification operations.

UNCLASSIFIED

UNCLASSIFIED

d. Supporting Units/Agencies

(1) Engineers. 2nd Platoon, Company B, 1st Engineer Battalion supported 3/5 during the reporting period of April 1970.

(2) Shore Party. HST support was provided by Company B, 1st Shore Party Battalion.

(3) Scout Dogs. 3/5 employed 2 Scout Dog Teams and 3 Mine/Booby Trap dogs during the month of April 1970.

(4) Interpreters. Eighteen (18) Interpreters were employed by 3/5 during the reporting period.

(5) Snipers. Ten (10) Snipers comprising five teams of two men each were utilized by 3/5 during the reporting period.

(6) Ground Surveillance. Five (5) strings of a combination of mini-sids and magna-sids were laid during the month of April on likely avenues of approach leading from "Charlie Ridge" into the Thuong Duc Corridor. At the end of the reporting period there were seven (7) strings of sensor devices operational. These strings were monitored by one (1) three (3) man Ground Surveillance Team located at HILL 65.

e. Supporting Arms

(1) Air. The 3rd Battalion, 5th Marines was provided with what was considered excellent support during the reporting period. Helicopters (CH-46) flew 70 Medevac missions, 36 of which were emergency in nature. Beginning 18 April 70 and concluding 29 April 70 2134 personnel were transported to and from Stack Arms by CH-53's. There were a total of 54 OV-10 controlled artillery missions and fixed wing air strikes during the month of April. There were 36 beacon controlled flights and 19 Tactical Air Strikes. Helicopters (CH-53) flying "Mission 20" stopped at HILL 65 87 times and transported 543 personnel.

(2) Artillery. During the month of April 1970 2,855 rounds of artillery were fired in support of the 3rd Battalion, 5th Marines. During the month there were 203 intelligence/interdiction missions fired, expending 2,130 rounds. There were 3 unobserved missions with 34 rounds fired, and the forward observers attached to the maneuver element controlled 39 missions and expended 691 rounds.

g. Training

(1) Regimental Indoctrination School. During the month of April 1970 all new personnel reporting to 3/5 attended Troop Indoctrination School, held by 5th Marine Regiment, for a five (5) day period.

(2) Division Schools. 3/5 personnel attended the following schools during April 1970:

h. Logistics

(1) General. During the month of April 1970 the logistics situation in 3rd Battalion, 5th Marines has stabilized itself in deference to March. The increased personnel and expanded TAOR caused revision of supply procedures to accommodate organic as well as OPCON/ADCON units. The Battalion placed increased emphasis on a general clean up of both forward and rear areas during April 1970. In addition, embarkation readiness was continually stressed.

(2) Helicopter Resupply

(a) Helicopter resupply functioned smoothly during the month of April. Units being resupplied remained the same with the following exceptions: on 18 April the 1st and 3rd Squads, 3rd Platoon, Company M (CUPP COMPANY) were no longer supplied directly from An Hoa. Supplies for these two units were lifted directly to the Company CP (AT 9664) and redistributed by vehicle from there. On 20 April the 2nd Squad, 3rd Platoon, Company M (CUPP COMPANY) returned to the Chau Son area (AT 9464) and was directly resupplied by helicopter from An Hoa LOC every two days. Helicopter resupply for HILLS 25 and 52 continues every three days. A breakdown of the months helo resupply for the Battalion is as follows:

3-5

Enclosure (1)

UNCLASSIFIED

UNCLASSIFIED

DATE	LIFTS	TOTAL WEIGHT	TYPE AIRCRAFT
3 April	4	25,200 lbs.	(1) CH-53
6 April	13	34,900 lbs.	(2) CH-46
9 April	19	43,200 lbs.	(2) CH-46
12 April	4	19,700 lbs.	(1) CH-53
15 April	8	46,500 lbs.	(1) CH-53
21 April	4	15,800 lbs.	(1) CH-53
24 April	4	7,000 lbs.	(1) CH-53
27 April	9	14,800 lbs.	(1) CH-53
30 April	3	23,400 lbs.	(1) CH-53

(b) Ammo Resupply for HILL 52 Artillery Battery (all Class V)

16 April	6	14,700 lbs.	(1) CH-53
17 April	12	58,560 lbs.	(1) CH-53/(2) CH-46
23 April	1	400 lbs.	(1) CH-53

(c) All ammunition requests were filled with the following exception: G950 Red smoke was not available in the supply system until 12 April. All units received requested quantities thereafter. A-124 7.62mm Tracer was not in stock in the supply system until 23 April. All units received requested quantities thereafter. In addition, all units received the proper quantities of G-Rations and Sundry packs. Sundry packs were provided on the basis of 1 per 100 personnel every three (3) days. Extra items such as fresh fruit, canned fruit, juices, and dehydrated steaks were furnished upon request.

(d) All helo supplies are visually inspected to insure proper quantities and guarded prior to lift-off. HILL 65 received resupplies directly from Force Logistics Command in Da Nang every day. These supplies were brought to HILL 35 by truck convoy. In turn HILL 65 used general support assets from 1st Motor Transport to resupply HILL 37 every second day. In addition, supplemental supplies and water were transported to HILL 52, 25, and the 5th Marines CUPP Platoon every third day. HILL 65 also used its own assets to go to Da Nang for needed food stores, PX stores, and POL.

(3) Supply. Supply for the 3rd Battalion, 5th Marines has entered a period of consolidation and redistribution in order to more adequately prepare for possible redeployment. Within this concept is the elimination of excess material that has built up over the years. Since April, supply has been conducting an annual inventory and disposed of as much unserviceable material as possible. Stocks of items that are T/E excess have been identified, declared excess and are awaiting disposition instructions from higher headquarters. Also a concerted effort has been made to reorganize the Supply Account under the guidance provided by the Command Material Management Inspection on 23 April 1970.

UNCLASSIFIED

UNCLASSIFIED

(4) Battalion Armory. The Battalion Armory issued new Individual Custody Record cards to all members of the Battalion including Company M (CUPP COMPANY) in order to establish up to date records of all individual weapons. Individual weapons have been turned in to the Armory without adherence to established accounting procedures. Also rifle companies have recently returned from "Stack Arms" where individual weapons were exchanged without proper paperwork. Similiar action has been taken in regards to the organic weapons account. One hundred and fifty (150) excess M-16 rifles were turned in to Force Logistics Command. The Battalion is now operating with a 10% reserve of M-16 rifles.

(5) Motor Transport

(a) Increased emphasis was placed on Motor Transport administration and developing a functional audit trail on all vehicles. Additionally, increased emphasis was placed on a positive Preventive Maintenance Program for all vehicles. Battalion Order 11240.2 was published to fix the responsibility for daily preventive maintenance of vehicles upon Company Commanders.

(b) The Motor Transport Section continues to be split between HILL 65 and An Hoa Combat Base. Vehicles are located at HILL: 65, 37, 25, and 52. This situation creates supervision problems and places an abnormal strain on the Motor Transport Section. The Division Motor Transport Officer gave assistance concerning the unique problem of operating a split Motor Transport Section. The Battalion Motor Transport Officer was displaced from An Hoa to HILL 65 to more closely supervise the maintainence of vehicles in the field.

(6) Embarkation. Progress has been made during April concerning embarkation readiness within the Battalion. On 10 April, an embarkation team from the 1st Mar Div Embarkation Office conducted a one day seminar for all interested personnel in the 5th Marines. Representatives from each section in H&S Co and two (2) Marines from each rifle company attended. Topics discussed included: proper tactical marking of boxes, agricultural inspection requirements, and proper completion of "cargo and loading analysis" forms. The seminar was followed by a visit on 21-22 April from the Assistant Division Embarkation Officer and two (2) of his staff. Their mission was to assist the Battalion in finding solutions to noted discrepancies. All sections were inspected and advised as to needed improvement.

(7) Cantonment Improvement. The Battalion Rear located at An Hoa Combat Base had shown significant improvement in appearance during April. "B" Company, 1st Engineers removed five (5) unused bunkers providing much needed space. In addition, all runway matting, excess construction material, railroad ties, rails, and engineer stakes have been removed. At HILL 65, five (5) ammo bunkers were reduced as a result of retrograded excess ammunition. All construction materials not needed have been centralized and are currently being retrograded from HILL 65. Six (6) prefabricated heads and ten (10) urinal barrels were constructed by 1st Engineers and delivered to HILL 65. These have been positioned at HILL 65, 25, and 52 to improve sanitary conditions.

UNCLASSIFIED

UNCLASSIFIED

(8) Medical

(a) The Medical Section of the Battalion continued to operate from two (2) functional Aid Stations. A Battalion Surgeon is located at each of these facilities. Medical records are maintained at An Hoa Combat Base and HILL 65. Immunizations are given at both facilities.

(b) Mosquito netting is being used in unscreened living areas and new screening is being installed on all hardback construction with damaged screening. Continued emphasis has been placed on eliminating the rat population within the living and working spaces at An Hoa.

(c) The Battalion Aid Station conducts two (2) MEDCAPS per week at either of two (2) local Vietnamese Villages. An average of fifty (50) patients, primarily children, are seen each visit, although up to one-hundred (100) or more have been seen on certain days. The vast majority are superficial bacterial and fungal skin infections related to poor standards of personal hygiene and public health. Additional representative problems include upper respiratory infections, abdominal cramps and diarrhea, and minor eye and ear maladies.

(d) At the conclusion of each session, housecalls are made to sicker patients unable to ambulate. These usually consist of fevers of unknown origin (Malaria, viral illness) and intestinal parasites. To date, more unique diagnoses have been yaws, malnutrition, snake bite, jaundice (possible leptospirosis), possible typhoid fever, malaria, severe anemia presumably due to hookworm, and one (1) lady medevac for zengosa. Plastic surgery has been done on this last patient but a full report is not available. A recent problem is the reduced number of elective surgical procedures being undertaken for Vietnamese patients in Da Nang. One patient with facial scars is a candidate for dermabrasion, and one with a hairlip has agreed to plastic surgery in the near future.

(e) It is estimated that during the month of March and April the BAS treated 800-900 Vietnamese patients of which approximately thirty (30) were personally transported to the local Vietnamese hospital.

i. Civic Action, Civil Affairs, Industrial Relations, Psychological Operations

(1) Civic Action

(a) Large amounts of wood were turned over to Dai Loc District this month. A system was implemented whereby the Dai Loc District Chief distributes all wood to local hamlets and village chiefs thereby upgrading the structure of Vietnamese channels. This policy was instituted to show the local Vietnamese that their officials are interested and capable of serving them. Two schools were opened in the Loc Quang Village during the reporting period. Ammunition boxes were supplied from the units at HILLS 65, 25, and 52 to families in Loc Quang for purposes of building desks. The buildings were constructed on a self help bases. School kits and a blackboard were provided to equip the school. A large culvert was constructed across Route #4 in Loc Quang Village to connect irrigation channels and is now operating. English classes were taught 3 times per week at Dai Loc District High School. This program has been met with a

Enclosure (1)
UNCLASSIFIED

UNCLASSIFIED

great deal of enthusiasm. On 20 April a volleyball meet was held by the S-5 for Phiem Ai and Loc My school. Many villagers watched the game and future games are in the planning stages.

(b) Two hundred and fifty books were given to Father Huong, Dai Loc, who is opening up a library. Wood was also provided to build book shelves. Physical Education Kits were distributed to Loc My, Truong An, Phiem Ai, Tam Hoa, and Dai Loc Schools. 5th Marines CUPP Platoon distributed 75 pounds of toys and puzzles to the Ha Nha Hamlet.

(2) Psychological Operations. Eight Aerial leaflet drops were conducted in the Battalion TACR. This propaganda was either Chieu Hoi or information on the rewards program for dud ordnance. Fifteen aerial broadcasts were used in the AO. Broadcasts conducted were pro GVN, Chieu Hoi, explaining CUPP & CAP Marines to Vietnamese, and anti-terrorist themes. An Audio Visual team showed four movies at night in Dia Phu Hamlet with a crowd of over 400 attending. The same team used its loudspeaker capabilities four times in the area between HILL 85 & 52 in support of 5th Marines CUPP. A combat loudspeaker team was used by M 3/1 CUPP explaining rewards program and the CUPP mission.

(3) Personal Response. Vietnamese Phrase Books were distributed to all units at the squad level, and every man in the CUPP unit. A personal response council composed of members of 3rd Battalion, 5th Marines subordinate units and discussed the problems that exist. Members of the S-5 team are currently visiting all units discussing the problems Marines have with Vietnamese.

(4) General WALT Scholarships. Twenty five secondary level students received 500\$VN each for the month of April. All students attend Dai Loc High School.

(5) Medical Assistance

(a) Seven Med-caps were held, two at Dai Phu Hamlet (AT 882573) with 74 persons treated, two at Truong An (AT 868574) with 106 persons treated, two at Tam Hoa (AT 863573) with 125 persons treated, one at Ha Nha (AT 793547) with 75 persons treated. The Battalion Aid Station treated an average of 6 persons per day. Also two student nurses are being trained daily at HILL 65 and are utilized on Medcaps.

(b) A large amount of medical supplies was turned over to Dai Loc Aid Station. The supplies included 1000 disposable hypodermic needles, 1 dozen bottles of vitamins, 25 pounds of bandages, 15 rolls of adhesive tape, and Vietnamese medical cards.

(6) Industrial Relation Activities. Five civilians are presently working at HILL 65 under the Appropriated Fund System. All five civilians work in support of 3rd Battalion, 5th Marines and tenant unit messhall at HILL 65.

j. Communications

a. Battalion operations were supported primarily by use of FM Radio

UNCLASSIFIED

UNCLASSIFIED

Communications (AN/PRC-25, AN/PRC-77 and KY-38). AN/PRC-41's and AN/PRC-93 equipment with Bn TACP; ERC-88's and various wire communications equipment were employed in support of base defense HILL 65.

b. New Division CEOI went into effect on 15 April 1970. Numerous frequency problems were experienced on "L", "M", "I", 5th Mar CUPP Plt, and M 3/1 CUPP nets. Company I's frequency problems were corrected by a transfer of frequencies. Override problems with "M" and M 3/1 CUPP were corrected by trading their frequencies. "L" and 3/5 CUPP Plt still experienced interference problems throughout the month.

c. Liaison teams at Dai Loc and Dien Ban Districts were established on 8 April for the purpose of relieving Army Advisory Teams of the responsibility for procuring political clearance for fire missions from Vietnamese Officials.

d. PPS-6 school was conducted during the month at An Hoa for personnel from the rifle companies for the purpose of maintaining a pool of trained operators in each subordinate unit.

Operation Order 14-70

Ref: (a) Map: VN 1:50,000 AMS Series L 7014; Sheets 6540 I and IV

1. SITUATION.

a. Enemy. See Current INTSUMS and PERINTREPS.

b. Friendly.

(1) 1st MAW provides fixed wing and helo air support as requested.

(2) 2/11 provides DS for 5th Marines; elements of 2/11 provide supporting fires as directed by 2/11.

(3) Dai Loc and Dien Ban District Forces continue current assigned securing and pacification missions in combined effort with designated CUPP units.

(4) 51st ARVN Regt continues coordinated operation within designated areas of operation throughout 5th Marines AO.

2. MISSION. 3rd Battalion, 5th Marines participates in Stack Arms; realigns forces and continues Category I and II operations in assigned AO with primary emphasis on securing/pacification operations.

3. EXECUTION.

a. Concept of Operations. Commencing 180800H April 1970 subordinate elements participate in 1st Marine Division Stack Arms Program and assume responsibility for new AO as prescribed by Time/Movement Schedule. (See Annex A (Time/Movement Schedule) and Annex B (Operations Overlay))

b. Company I.

(1) Conduct helolift to/from Stack Arms in accordance with Concept of Operations.

(2) Upon completion of helolift to HILL 65 provide forces for defense of HILL 65 and conduct day/night patrols/ambushes throughout Central AO as directed.

(3) Upon completion of helolift to An Hoa Combat Base pass O^RCON to

CONFIDENTIAL

CONFIDENTIAL

5th Marines as Base Augmentation Company.

c. Company K.

(1) Conduct helolift to/from Stack Arms in accordance with Concept of Operations.

(2) Upon completion of helolift to HILL 37 assume responsibility for Central AO.

(3) Maintain no less than one platoon reinforced south of HILL 37 along Route #540 with assigned mission of conducting aggressive day/night patrols/ambushes to prevent enemy interdiction of Route #540. Primary emphasis on prevention of mining on and adjacent to Route #540.

(4) Maintain no less than one platoon minus size force north of HILL 37 with assigned mission of conducting aggressive day/night patrols/ambushes to secure Route #540 and to interdict enemy movement into AO from the west. Primary emphasis on prevention of mining on and adjacent to Route #540.

(5) Coordinate with Commanding Officer, Company D, 7th Engineers and provide mine sweep security forces north along Route #540 to 5th Marines/1st Marines AO Boundary and south to Liberty Bridge Combat Outpost.

(6) Coordinate all day/night patrols/ambushes with Commanding Officer, 2nd CACO, 1st Platoon, Company M (CUPP Company), and SA Dai Loc District located at HILL 37; insure no conflicting patrols or ambushes.

(7) Upon completion of helolift to HILL 65 assume responsibility for Central AO; conduct securing operations as directed; provide forces for engineer mine sweep security along Route #4 and for augmentation of HILL 65 defenses; on order, conduct coordinated Recon in Force throughout N. Arizona AO; be prepared, on order, to provide platoon reinforced size force to relieve/reinforce CACO and District Forces in assigned AO.

d. Company L.

(1) Conduct helolift to/from Stack Arms in accordance with Concept of Operations.

(2) Upon completion of helolift to HILL 37 assume responsibility for Eastern AO and mission assigned Company K in subparagraph 3. C (3) through (6) above.

(3) Be prepared, on order, to provide one platoon reinforced size unit to relieve/reinforce CACO or District Forces in assigned AO.

CONFIDENTIALe. Company M.

(1) Conduct helolift to/from Stack Arms in accordance with Concept of Operations.

(2) Upon completion of helolift to HILL 52 and 25 assume responsibility for Western AO. Primary emphasis on interdicting enemy movement into AO from the south, west and north.

(3) Conduct combined operations throughout assigned AO in cooperation/coordination with Commanding Officer, RF Company 193 and 117.

(4) Coordinate daily with CUPP Platoon Commander, 1stLt TURNER, to insure coordinated day/night activities.

(5) Ensure 81mm/60mm mortar support to CUPP units as requested.

(6) Be prepared, on order, to provide up to one platoon reinforced size force for coordinated Recon in Force in N. Arizona AO.

f. Company M (CUPP Company): no change.

g. 5th Marines CUPP Platoon: no change.

h. Reserve: Designated Platoon Reinforced, Company K: be prepared for commitment within Battalion AO on 30 minute standby.

i. Coordinating Instructions.

(1) ANNEX A (Time/Movement Schedule).

(2) ANNEX B (Operations Overlay).

(3) Boundaries are Fire Coordination Lines.

(4) Invoke strict measures to counter mines/booby traps within assigned AO.

(5) Operations within Restricted Operating Areas on approval of the Commanding Officer only.

(6) Submit night/day activities NLT 0900 daily.

(7) Minimize noncombatant casualties.

(8) Vehicle occupants of authorized vehicles on Route #4 west of HILL 65 limited to driver and one shotgun. In case of cargo to protect, a third Marine is authorized to ride in cargo bed of vehicle to prevent theft.

(9) Utilize VR/Courier/PAX helo as becomes available to transport personnel.

CONFIDENTIAL

(10) Initial SPOT REPORTS will be submitted within 30 minutes of the time of incident. Submit follow up SPOT REPORTS as necessary; final SPOT REPORTS immediately upon termination of action or event.

4. ADMINISTRATION AND LOGISTICS: no change.

5. COMMAND -- ELECTRONICS.

a. Command Post: Report opening and closing of Company CP by IMMEDIATE message.

b. Electronics.

(1) Make maximum use of all covered nets.

(2) Emphasize communications security measures with all radio operators.
