PART IINARRATIVE SUMMARY

3rd Battalion, 5th Marines reinforced with Company M (CUPP Company), 3rd Battalion, 1st Marines conducted Category II preemptive operations with primary emphasis on securing and pacification operations in a combined AO with the 51st ARVN Regiment in Quang Nam Province, Military Region I throughout the month of August 1970. The combined AO encompasses a portion of the territorial Districts of Dai Loc, Dien Ban, and Hoa Vang. The AO extension west of HILL 52, renewed on a monthly basis, was occupied by CIDG forces as well as Reconnaissance Teams from the 1st Reconnaissance Battalion during the period.

The 51st ARVN Regiment maintained their CP at HILL 55 (AT 970621) with subordinate units conducting operations in 1st Marines, 5th Marines, and ROKMC TAORs. The 4th Battalion rotated with the 2nd Battalion and continued security operations along Routes #1D and #4 to the south and east of HILL 55 in support of MCB-62 road upgrading operations. Platoon size elements of Company D, 1st Battalion, 5th Marines were assigned operational control to the Battalion throughout the month and combined with elements of 4th Battalion, 51st ARVN to prevent enemy interdiction of this LOC.

Intelligence was gathered and disseminated early in August indicating that elements of the 38th NVA Regimental Headquarters were located within Base Area 112. Planning was initiated at Regimental level for a two battalion size operation. 3rd Battalion was designated to participate and planning commenced for a Battalion minus size operation named "Catawba Falls". Planning and preparation continued during the month, however, the operation was postponed indefinitely due to nonavailability of supporting assets and scheduled realignment of forces within the Division TAOR in September. FSB Dagger vicinity (ZC 143412) was occupied on 26 August by 3rd Platoon, Company I and "D" Battery Forward (HQ and two pieces of artillery) in anticipation of echeloning artillery to support "Catawba Falls." This security mission will continue into the next reporting period.

On 2 August a combined operation took place in cooperation with Dai Loc District Territorial Forces. Company L established a cordon while Company I supported by 1st Platoon (-), Company C, 1st Tank Battalion combined forces with RF Company 117 to search the Wishbone Lake area vicinity (AT 8959). This operation resulted in finding a small cache of weapons, ammunition, and medical supplies. The most significant find was a M-60 machine gun.

Company L passed to operational control of 2nd Battalion, 5th Marines on 18 August for a period of five days to participate in a search and destroy operation in the southern An Bangs vicinity (AT 7946). One significant base camp area was destroyed and several individual weapons were captured during this operation.

Several operations oriented at exploiting intelligence were conducted by the Battalion during the period. On 11 August, Company L (-) conducted a helo assault into the Arizona to exploit information that 11 Provincial Level VCI were harboring vicinity (AT 836489) and that a significant cache of B-40 rounds was located vicinity (AT 836503). This one day operation resulted in four detainee suspects and eight B-40 rounds destroyed. Company I conducted a helo assault on 22 August to exploit information that an unknown VC force located in Le Nam Hamlet vicinity (AT 9551) had committed atrocities against the local populace. Three NVA were KIA and two individual weapons, three packs, and assorted military equipment were policed from the battlefield. Subsequent inquiry of the local populace revealed no information regarding the alleged atrocities within the objective area.

Company M passed operational control from 2nd Battalion to 3rd Battalion on 25 August and conducted a helo assault on 26 August into an operational area vicinity (AT 9656) to destroy enemy forces staging in preparation for their "Winter Offensive." This operation resulted in the destruction of several large living bunkers within the operational area.

On 29 August, Company L conducted a company size helo assault to preempt enemy LF and MF unit attempts to disrupt securing and pacification operations in the northeastern Battalion AO. This operation resulted in five NVA KIA and two NVA detainees.

During the period 29-30 August, the Battalion provided election security for RVN Senate elections by conducting extensive patrolling and ambushes on the periphery of Territorial Forces who provided close in security for polling areas and election booths. There were no enemy initiated incidents during the election period.

The Battalion continued to perform security missions for 3rd Platoon, 1st Engineers mine sweep along Route #540 north to 5th Marines boundary and south to Liberty Bridge Combat Outpost. On varying days, security was provided for 1st Engineers mine sweep operations along Route #4 west of HILL 65 to HILL 52. Daily security was provided for 1st Engineers mine sweep between HILL 65 and HILL 37.

"B" Platoon, 3rd 8 inch HOW (SP) Battery, Force Artillery displaced from HILL 65 to An Hoa Combat Base on 30 August to support operations within 7th Marines TAOR.

Two "Blackboard" exercises were conducted by the Battalion during periods of high enemy threat in August. This preemptive employment of mortar, artillery, helo, and fixed wing ordnance against significant intelligence targets denied the enemy any capability of moving freely through the AO during the hours of darkness.

Security and pacification operations conducted by 3rd Battalion, 5th Marines CUPP Platoon and Company M (CUPP Company), 3rd Battalion, 1st Marines continued during the period with increased awareness on the part of Territorial Forces of the importance of aggressive security patrolling and ambushing to

deny the enemy any access to friendly GVN populace. There were numerous occasions during the period where villagers willfully gave information of their own free will to members of GAPP.

PART III

1. TOPICS

a. Personnel and Administration

(1) Strength. The Battalion began the month with a total strength of 38 Marine Officers, 1325 Marine Enlisted, 3 Navy Officers and 66 Navy Enlisted. 3rd Battalion, 5th Marines (Rein) now has a total on board strength of 41 Marine Officers, 1310 Marine Enlisted, 3 Navy Officers and 65 Navy Enlisted.

(2) Morale. Morale and fighting spirit was and continues to be excellent. One hundred and five personnel participated in the out of country and eight personnel participated in the in-country R&R program at China Beach during the month. The weekly worship schedule for Protestant services was as follows:

SUNDAY	
0800	- - - - - Company M
1000	- - - - - HILL 65 Chapel
1600	- - - - - Company M (CUPP Company)
TUESDAY	- - - - - Company I
WEDNESDAY	- - - - - CUPP Platoon
THURSDAY	- - - - - Company L
FRIDAY	- - - - - Company K

Catholic services were conducted by Chaplains from the 4th Battalion, 11th Marines each Sunday at HILL 65 and each Tuesday at HILL 37. Services were also held during the month at HILLS 52, and for the CUPP units in Loc Quang (V) on an intermittent basis. The Battalion Chaplain also conducted memorial services for four Marines killed in action.

(3) Postal Services. Postal service during the month continued with efficiency especially considering the disposition of subordinate units within the Battalion TAOR. Mail delivery continues to be accomplished by a regularly assigned courier on a daily basis. First Marine Division Post Office provides a money order and package team every Wednesday from 1100 to 1430 at HILL 37.

(4) Discipline. During the month there were 29 office hours and 1 courts martial.

(5) Awards. There were 3 Bronze Star Medals, 22 Navy Commendation Medals, 11 Navy Achievement Medals, 39 Purple Heart Medals and 4 Vietnamese Cross of Gallantry Medals awarded to members of the Battalion during the reporting period.

(6) Promotions. There were a total of 267 promotions during the month of August. The breakdown by rank is as follows:

REGULAR PROMOTIONS

Cpl - - - - - 139
LCpl - - - - - 121

MERITORIOUS PROMOTIONS

Cpl - - - - - 7

(7) Internal Management

(a) Administrative procedures continued with proficiency throughout the month. A total of 140 Marines were processed and returned to CONUS during August. Emphasis continued to be placed on administrative discharge of personnel who do not conform to retention standards. Three Marines were recommended for administrative discharges with one being returned approved during the month.

(b) Casualties sustained by the Battalion during August were as follows:

FRIENDLY CASUALTIES

KIA - - - - -	6	WIANE - - - - -	2
WIA - - - - -	29	NBCD - - - - -	0
DOW - - - - -	0	MIA - - - - -	0
NBC - - - - -	26		

b. Enemy, Weather, and Terrain

(1) Enemy. During the past month an increase has been noted in the amount of booby trapping around HILL 52. Of the total number of incidents almost half were found within 1,000 meters of HILL 52. Typical pre-election activities were carried out by the enemy and were characterized by small standoff fire fights and Lob Bombing attempts on the night of the 29th.

(2) Weather

1. Rainfall: Medium
2. Temperature:
 - (a) Avg. High: 97
 - (b) Avg. Low: 75
3. Light:
 - (a) Avg. Sunrise: 0631
 - (b) Avg. Sunset: 1921

(3) Terrain. The predominant terrain features for the reporting period were the flat lowlands of the Arizona Territory, the food growing and populated areas of Dai Loc and Dien Ban Districts, the foothills of Charlie Ridge, and the mountainous terrain and double canopy of Charlie Ridge.

(4) Enemy Casualties Inflicted

VC/NVA KIA	10
VC/NVA KBAir	7
VC/NVA KBarty	1
POW	2
Detainees	30

(5) Enemy Weapons Captured

M-60 MG	1
AK-47	1
30 Cal Rifle	1
60mm Mortar Tube	1
Homemade	

(6) Enemy Munitions Found/Captured

B-40 Rockets	8
50 Cal rounds	150
M-60 rounds	100
M-16 rounds	200
AK-47 rounds	308
82mm Mortar rounds	2

(7) Enemy Equipment/Foodstuffs Captured

Rice	150 pounds
Corn	75 pounds
Salt	20 pounds
Sugar	10 pounds
Sardines	10 cans
Yams	25 pounds
Whiskey	1 bottle
Clothing	3 green uniforms
Assorted Cooking Gear	

(8) Enemy Bunkers, Caves and Tunnels

Bunkers	7
---------	---

(9) Mines and Booby Traps Found/Detonated. A total of 42 mines and booby traps were encountered in August. 20 were detonated and 22 found.

(a) Casualties

USMC KIA	3
USMC WIA	27
USN KIA	1
USN WIA	2
RF KIA	1
RF WIA	2
VN KIA	1
VN WIA	24
ARVN WIA	10

(b) Types and Numbers of Devices

105mm rounds	3
81mm rounds	4
60mm rounds	8

Box mines	5
M-26 grenades	5
Shape Charges	2
Chicom grenades	5
Cans of C-4	4
Toe Popper	2
LAAW	1
Basketball Illum cannister with C-4	2
Unknown Type anti-per- sonnel mine	1

c. Operations. Extensive combat patrols were conducted throughout the month to interdict enemy movement into the AO. Emphasis continued to be placed on screening operations on the periphery of secure or pacified areas in order to deny ingress and egress routes to the enemy.

d. Supporting Units/Agencies

(1) Engineers. 1st and 3rd Platoons, Company B, 1st Engineer Battalion supported 3rd Battalion, 5th Marines during the reporting period. The primary mission continued to be the accomplishment of mine sweeps along LOC's within the AO. Also, fortification construction and improvement continued at a high priority of work.

(2) Shore Party. HST support was provided by Company B, 1st Shore Party Battalion with teams located at HILLS 65, 55, 52, 37, and 3rd Battalion, 5th Marines CUPP Platoon.

(3) Mine/Booby Trap Detection Teams. Seven (7) Mine/Booby Trap Detection Teams were employed by subordinate units of the Battalion contributing significantly to the reduction of casualties during the period.

(4) Interpreters. Six (6) interpreters were employed by the Battalion and its subordinate elements during the period.

(5) Snipers. Ten (10) snipers from 5th Marines Scout/Sniper Platoon supported subordinate elements of the Battalion during the period.

(6) Ground Surveillance. Fifteen (15) strings of a combination of Mini-SIDs and MAGID-SIDs remained operational throughout the period and were monitored by a detachment of personnel from the G-2 Scamp Platoon.

e. Supporting Arms

(1) Air

(a) Support of the Battalion by the First Marine Air Wing was excellent during August 1970. Marine Air Group 16 medically evacuated a total of 146 personnel on 74 missions. These missions were broken down as follows:

	<u>EMERGENCY</u>	<u>PRIORITY</u>	<u>ROUTINE</u>
USMC	47	27	23
VN Military	12	2	0
VN Civilians	2	23	10

(b) Helicopter gunships flew 23 missions including 7 troop lifts, and 2 surveillance missions. Ordnance was expended on 16 missions. Transport helicopters completed 10 troop lifts transporting 1145 personnel. In addition, a daily visual reconnaissance helicopter and a daily shuttle run was provided.

(c) OV-10 aircraft were utilized on 45 missions including 19 controlled air strikes, 15 covering troop movements and 7 visual reconnaissance missions.

(d) Fixed wing support flew 24 BEACON missions and 20 tactical air strikes giving excellent coverage.

(e) One Basketball Flaeship was used to provide approximately one hour of illumination.

(2) Artillery. During the month of August, 3rd Battalion, 5th Marines, for the third consecutive month increased its utilization of Artillery fire support. The acquisition of areas bordering Go Noi Island, a long time enemy operating area, led to a substantial increase in the planning and firing of interdiction and intelligence missions directed against enemy infiltration routes. During the month 1,176 such targets were fired upon with an expenditure of 5755 rounds. The intensity of these fires contributed significantly toward reducing the level of enemy activity throughout the area of operation. During the same period forward observers attached to maneuver elements and the Battalions Artillery Liaison Team controlled 59 observed missions, expending 701 rounds of artillery fire. In mid-august the 3rd Battalion, 5th Marines FSCC was tasked with maintaining close liaison with the 51st ARVN Regiment. All requests for fire within the 5th Marines area of operation were coordinated and cleared with the ARVN through the 3rd Battalion, 5th Marines FSCC channels. This innovation proved mutually beneficial to both Marine and ARVN units by insuring faster coordinated clearance of requests for fire.

f. Training

(1) Division School. 3rd Battalion, 5th Marines personnel attended the following schools during August 1970.

<u>SCHOOL</u>	<u>LENGTH</u>	<u>ASSIGNED</u>	<u>COMPLETED</u>
Basic Ammo Tech	4 weeks	2	2
Embarkation	4 weeks	1	1
Basic Infantry Weapons Repair	4 weeks	1	1
CAP School	2 weeks	5	5
Ground/Aviation Officers	2 days	3	3
Orientation Program	3-5		

Enclosure (1)

(2) Regimental Training. During the period 1 - 12 August 1970, all newly arrived persons attended Regimental Indoctrination School.

(3) Battalion Training. On 12 August 1970 a Battalion Indoctrination School was organized to provide all newly arrived replacements with certain essential combat techniques unique to Vietnam and to inform them of those administrative rules and regulations which govern the action of individuals and the unusual conditions under which they must serve. Accordingly, a five day training syllabus was established for indoctrination training of replacement personnel. Eighty eight Marines attended the Battalion Indoctrination School during the month of August. Also, the following courses of instruction were scheduled and completed at Battalion level by this command during August 1970.

<u>SUBJECT</u>	<u>INSTRUCTION TEAM</u>	<u>DURATION</u>
Mine/Booby Trap Countermeasures	1st Engineers Battalion Contact Team	4 hours
Sapper Techniques	Division G-2	6 hours

(4) Company Training. The following is a report of instruction carried out by this command on the company level during the month of August 1970.

H&S COMPANY

<u>SUBJECT</u>	<u>DURATION</u>

Drivers Safety	1 hour
Defensive Positions	3 hours
Patrol Procedures	3 hours
Ambush Techniques	3 hours

g. Logistics

(1) General. The movement of the rear CP from An Hoa to HILL 37 was completed at the beginning of August. Although the Battalion continued to operate with a split CP, the rear is now much closer and more accessible to both the Battalion Forward CP and 1st Marine Division Rear.

(2) Helicopter Resupply. Although air operational commitments on a few occasions necessitated postponing helicopter resupply one day, the move and transition period did not interfere with the resupply schedule. At no time were any serious supply problems reported by units in the field. HILLS 55 and 52 continued to be resupplied once every 4 days. The H&S CUPP Platoon operating between HILLS 52 and 25, a platoon of Company K operating along the road between HILLS 52 and 25, and a M 3/1 CUPP Squad in the Chau Son area (AT 955603) continued to be resupplied once every two (2) days. Elements of Company I operating from HILL 37 and the last week of the month, Company M operating from HILL 37 were resupplied daily by vehicle along Route #540. Helicopter resupply totals for the month were 141,210 pounds delivered in 89 lifts averaging 1580 pounds each. Items that were unavailable or available in severely limited quantities included: incendiary grenades, candles, pens, 5 gallon plastic water containers, padlocks, office supplies, lime, air mattresses, light bulbs, BA 1090 batteries for MK-15 Ordnance Detector, brooms, spray paint (particularly blue, yellow, and white) and fire buckets. HILL 65 and HILL 37 were resupplied daily from Force Logistic Command and a 1,000 gallon water tanker from F&C was utilized approximately three (3) times a week to supply HILL 52 and H&S CUPP Platoon with water.

(3) Supply

(a) During the month of August, Battalion Supply was relocated twice. During relocations a number of bulk storage boxes were damaged. Repair or replacement of all damaged boxes, which includes painting, tactical marking, and numbering is planned.

(b) Large quantities of excess and unserviceable 782 gear has been processed during the month.

(c) Over fifty (50) Personal Effects cases have been processed this month. This includes messages and medevac cases. The files for personal

effects have been completely reorganized, insuring that each individual case has a personal file. This has been initiated in order that future cases can be processed more rapidly for turn-in.

(d) During the month this unit received over 500 status cards, which have been screened and filed. Also 185 requisitions have been researched, screened and submitted to date. Approximately 200 documents were completed during the month.

(e) The 1st Quarter Financial Management Technical Inspection held by 1st Marine Division resulted in a Satisfactory Evaluation.

(4) Ordnance. There were no major problems encountered in ordnance operations during the month.

(5) Motor Transport

(a) During the month of August, drivers training school was conducted on the M151A1 Jeep and the M274A2 Mule. Twelve (12) Marines were licensed upon completion of the M151A1 course and three (3) were licensed for the M274A2 Mule.

(b) Upon moving from An Hoa, motor pool assets within the Battalion were centralized on HILL 37, with the exception of six (6) M151A1 Jeeps, one (1) M-37B1 Personnel Carrier and one (1) M-718 Jeep Ambulance which are located on HILL 65 to support the Forward Command Post. Five (5) M151A1 Jeeps were turned in to Maintenance Battalion FLC and were Coded H. One (1) M151A1 was Coded H as a result of enemy action (combat loss). Two (2) M151A1 Jeeps were received from FLC Maintenance Float for vehicles deadlined due to the non-availability of 3rd Echelon parts.

(6) Engineers Assistance

Water pumped for HILL 65 - 390,000 gallons
 Other buildings and improvements: 3 gun pads graveled
 300 yds of road graveled

(7) Cantonment Improvement. The physical appearance of HILL 65 was improved in several ways during the month of August. These improvements were as follows:

All interior roads were graded and oiled.

Seventy percent of route #4 east between HILL 65 and HILL 37 was graded.

One thousand feet of road was graded.

A ramp for the Army searchlight Vehicle was built.

The HST bunker was rebuilt.

The Commanding Officer quarters received interior plumbing.

The COC was waterproofed.

A 100 KW generator was replaced twice.

The following improvements were made on HILL 37:

A 60' x 140' LZ was built.

Ten SEA-Huts were rewired and refurbished.

(8) Battalion Aid Station

(a) Personnel. At present there are 60 enlisted and 2 medical officers with distribution of corpsmen as follows:

<u>LOCATION</u>	<u>NUMBER OF CORPSMEN</u>
HILL 37	13
HILL 65	6
(TAD)	1
Company I	6
Company K	7
Company L	7
Company M	7
H&S CUPP Platoon	4
Company M 3/1 CUPP Company	9

At present two (2) are on emergency leave, and one (1) is TAD to MCAS El Toro California. One (1) corpsmen was killed in action and two (2) were wounded in action and medevaced out of country during August. One corpsmen is hospitalized for Vivax Malaria.

(b) Sick Call. 882 patients were seen during the month of August. Approximately 400 of these were Vietnamese civilians. The distribution of the major types of problems among the military were as follows:

- 1 Venereal Disease: 14 Cases, with one (1) confirmed case of syphilis, and 13 confirmed cases of Gonorrhea.
- 2 Superficial fungal infections -- 7.
- 3 Superficial bacterial skin infections (cellulitis, abscesses, etc.) - 32.
- 4 Minor upper respiratory infection and influenza - 30
- 5 Diarrhea (Intestinal parasites, food poisoning, viruses etc.) - 38.

- 6 Fever of unknown origin - 6.
- 7 Psychological and psychiatric counseling - 24.
- 8 Separation Physicals - 78.
- 9 Orthopedic complaints - 36.
- 10 Prescriptions for glasses - 16.

No heat casualty or immersion foot cases were seen. No cases of drug abuse were seen on a voluntary basis. There were approximately 42 prescriptions written.

(c) Medcaps. The Battalion Aid Station conducts 2 medcaps each week in local villages and treats approximately 50 patients each visit.

(d) Immunizations. Vigorous measures to keep health and immunizations up to date continued to be made. Two companies have been brought up to date on shots. In addition personnel reporting in to the Battalion, and personnel going on R&R have been brought up to date. Biologicals have been obtained and all necessary immunizations should be completed in the near future.

(e) Supply. In the last month there has been an improvement in the amount of time between requisitioning and delivery of medical supply items.

(f) Field Sanitation and Preventive Medicine. Field sanitation inspections are being held twice weekly at HILLS 37, 65, and 55. Improvements in facilities and within the messhall are being made to eliminate flies.

(g) Training. On the job training was conducted for Hospital Corpsmen by the Battalion Surgeon in accordance with BuMed directives.

(h) Dental. 2 Dentcaps each week are conducted in local villages and approximately 20 patients are treated each visit. An estimated 160 people were treated last month.

(i) Miscellaneous. Appropriate end of tour awards and citations were administered through the BAS Office. Evaluations on all enlisted men were given, and general servicing of record books completed with recommendations for advancements in pay being made.

h. Communications

(1) Battalion operations continued to be supported by the use of FM radio equipment AN/PRC-25, AN/PRC-77 and KY-38. AN/PRC-41's and AN/PRC-93's were used by the Battalion TAGP. Wire communications equipment con-

tinued to be the primary means of communications in support of the Base Defense of HILL 65 and HILL 37.

(2) The high turn over of experienced radio operators hampered the handling and processing of radio traffic in the COC. An extensive training program and on the job training is rapidly alleviating this problem.

(3) The movement of the rear CP from An Hoa to HILL 37 was accomplished without any significant communication difficulties. Difficulties were encountered in maintaining radio relay communications with Regiment due to an unusually high rate of equipment failure with the AN/PRC-27 radio relay equipment.

i. Civic Action, Psychological Operation, and Industrial Relations

(1) Civic Action. The Civic Action Program continued to be oriented toward helping the Vietnamese help themselves. Supplies were very difficult to obtain through Marine sources but villages and hamlets were able to obtain supplies through their own GVN sources. The following programs are being monitored by the civil affairs officer:

<u>VILLAGE</u>	<u>CIVIC ACTION</u>
Loc My	Materials to build police station; materials to build desks and chairs, and black boards for Loc My Elementary School.
My Thuan	Materials to make foot bridge.
M 3/1 CUPP	Materials to make foot bridge.
Dai Loc	HILL 37 Messhall mixes 45 gallons of milk a week and distributes extra food to Dai Loc Catholic Church for further distribution to refugees.

(2) Psychological Operations

(a) 15 aerial leaflet drops were made in the Battalion. The messages included Chieu Hoi information, and rewards for mines and booby traps. Aerial broadcasts included messages about the GVN, and themes promoting CAP and CUPP.

(b) The armed propoganda team was used with limited success this month. They were used mainly in the hamlets where the VC were trying to coerce the people to go back to the Arizona Territory.

~~_____~~

(3) Industrial Relations Activities. Presently, there are 20 AIK workers on HILL 65 and 20 on HILL 37. Under the appropriated fund system 5 people work at the messhall on HILL 65, 5 people on HILL 37, and one fund worker for motor transport on HILL 37. This month all appropriated fund workers received physical exams, shots, and X-Rays to bring their medical records up to date.

1. SITUATION. See basic Frag Order.

2. MISSION

Provide fixed wing and helo support for 3rd Bn, 5th Mar
 (-) Rein.

3. EXECUTION

a. Concept of Operation. See Annex A (Operation Overlay).

(1) Aircraft requested to support operation

(a) Insertion

One (1) UH-1E Gand C
 Two (2) CH-46 Troop Carriers
 Two (2) AH-1G Escort
 One (1) OV-10 AO
 One (1) Flight Fixed Wing

(b) Extraction

Two (2) CH-46 Troop Carriers
 Two (2) AH-1G Escort

(2) Commencing L-Hour D-Day, CH-46 aircraft will conduct helo assault of Co L CP and 1st platoon into LZ SOUTH with one flight of AH-1G providing LZ security as required.

(3) At L-Hour + 15 minutes one flight of fixed wing controlled by AO will prep LZ NORTH with 20mm cannon, D2s, and D9s.

(4) Upon completion of prep of LZ NORTH, CH-46 aircraft will conduct helo assault of 2nd platoon, Co L into LZ NORTH with one flight of AH-1G providing LZ security as required.

(5) Two AH-1G will provide air support for troops. One UH-1E will serve as a Command and Control aircraft.

d. Coordinating Instructions

SECRET

- (1) The troop lift will begin at 110745H at HILL 65 LZ.
- (2) Trooplift will be controlled by HCA in the UH-1E.
- (3) Initial troop movements will be controlled from the UH-1E.
- (4) Restrictive Fire Plan SUSAN will be in effect from 110730H Aug until lifted by Bn S-3.
Boundaries of SUSAN are:
East 80
West 87
South of Song Vu Gia
North of Song Thu Ban
Ground 3000
- (5) The operational area will be precleared for outboard ordnance, TAS, and artillery from 110700H to 111800H Aug 70.

4. ADMINISTRATION AND LOGISTICS. No change.

5. COMMAND AND COMMUNICATIONS - ELECTRONICS

a. Frequencies

- (1) Troop Lift
P - 32.40
S - 41.40

TASK ORGANIZATION: No Change

1. SITUATION

a. Enemy. Reliable agents confirm that the enemy has begun a crash food procurement program from now until commencement of the monsoons to replenish his depleted rice stores in Base Area 112 and other western harbor sites. The rice will be procured in Dien Ban District via BT 0361. The primary troop movement route prescribed by Front 4 Quartermaster is across the southern Arizona, then across the Vu Gia river via AT 9054 and N.E. to rice procurement area in Dien Ban District.

b. Friendly. No Change

2. MISSION

a. On D-Day, 3rd Bn (-) Rein interdicts enemy accelerated logistics operations throughout AO.

3. EXECUTION

a. Concept of Operation. 3rd Bn (-) Rein intensifies employment of patrols, day and night ambushes, and increases air and arty strikes along known and suspected enemy logistics routes and increases surveillance and interdiction of known river crossing sites.

b. Co I, K, L, M 3/1, 3/5 GUPP Plt

(1) Commencing D-Day intensify ground interdiction of enemy logistics routes by employing small unit hunter-killer teams clandestinely emplaced on suspected movement routes and river crossing points.

(2) Request and employ air and artillery to interdict suspected enemy logistics routes.

(3) Continue mission assigned by Ref (a).

c. Coordinating Instructions

(1) D-Day 14 Aug 70.

(2) Insure hunter-killer teams employed are within supporting distance and are mutually supporting.

(3) Establish and coordinate visual pyrotechnic or other means of communications for any hunter-killer team employed without AN PRO-25 radio.
