PART III

SEQUENTIAL LISTING OF SIGNIFICANT EVENTS

1. TOPICS.

a. Personnel and Administration.

(1) Administration. No significant changes.

(2) Personnel. During this reporting period operations consisted of processing assignments of 354 replacements, 307 Rest and Recuperation quotas being allocated and filled, administration of 196 rotatees, processing of 24 recommendations for personal awards, processing 12 meritorious combat promotions requests and 2 requests for Hardship Discharge.

(3) Casualties Sustained.

(a) There were 191 combat casualties during the month of which 16 were KIA's and 175 WIA's.

(b) There were 13 non-battle casualties.

b. Enemy, Weather and Terrain.

(1) Significant Events.

(a) During the month of August numerous low level agent reports were received indicating company and battalion sized movements throughout the entire TAOR. The northern sector of the TAOR which normally has little or no enemy movement reported a large increase in activity. Low level agent reports have indicated movement of a battalion of the 3rd NVA Regt into the central portion of of the TAOR.

(b) Confirmed units operating within the TAOR are: the R-20 Bn operating in the central and southeastern portion of the TAOR; the 402nd Sapper Bn operating throughout the TAOR; 3rd Bn, 3rd NVA Regt operating in the northwestern and central part of the TAOR; Q-16 LF Co (HIEU DUC) operating in the AT 8865 area and in the northeastern section of the TAOR; Q-15 LF Co (DIEN BAN) operating in the vic of AT 9958 and in the central part of the TAOR; and the Q-14 LF Co (DAI LOC) operating in the vic of AT 8755 and southern part of the TAOR on the north side of the SONG VU GIA.

(c) Interrogation of NGUYEN XUAN LICH who rallied to ARVN forces at BA RANG outpost on 26 Aug 67 has revealed that LICH belongs to the supply Co, R-20 Bn. The Battalion, which is commanded by NGUYEN NGOC LAM, has an estimated strength of 400 men. GIAP is the political

officer. The organization of the R-20 Bn according to LICH is as follows:

Q-81 Inf Co, formerly C-1

Q-82 Inf Co, formerly C-2

Q-83 Inf Co, formerly C-3

Q-84 Inf Co, formerly C-4

M-53 Sapper Co, a province independent Co that has been attached to the R-20 for over a year.

Supply Co, no code names or letter designation known.

The Q-84 and M-53 Co's were detached from the R-20 Bn and sent to support the V-25 Bn for the attack on HOI AN city, BINH LONG outpost, or CAU LAU Bridge. LICH could not give the strengths or weapons or LBN's on any of the listed units. LICH stated in regard to LBN's that all mail was turned in to officers of the R-20 Bn and return addresses were put on by them. Therefore he did not know the LBN of the R-20.

(d) Interrogation of TRAN DINH THU, a corporal captured by TASK FORCE DELTA in August, revealed THU belonged to the 7th Co, 3rd Bn, 368th Regt, which infiltrated from NVN in June 1967. Just prior to departure, the company underwent 6 months training on the 122mm rocket. THU stated the launcher is one meter, 90 centimeters long and is mounted on a tripod. The tripod is detached when transporting the launchers. Four men carry the launcher; two for the tube and two for the tripod. A crosshair type sight is attached to the launcher on the left side, utilizing five mirrors to compensate for the bend in the tube of the sight. The sight is approximately six inches long and 1 3/4 inches in diameter. Sighting is done by the use of aiming stakes. The crosshair is aligned with the appropriate mark on the aiming stakes, the rocket is loaded into the launcher, the alignment is re-checked and the rocket is fired electrically by the use of a small battery made especially for this purpose. The crew of a launcher is one squad or ten men. The rockets are transported in two parts, the head or nose piece in a canvas bag, and the propellant, or tail, on bamboo poles. Criteria for a launch site is level, dry ground. Maximum elevation is 40 degrees and deflection is 7 degrees left or right (14 degrees total). Maximum range is ten kilometers and minimum is seven kilometers. AKA's for the 122 rocket are DKP, DKZ-B and ZN. This rocket can be used for indirect fire only. Reload time is approximately 30 seconds and the launcher is relaid after each round. The Commanding Officer of the 3rd Bn is SR. Capt CAN, the ExecO is JR. Capt LONG, the 7th CO Commander is 1st Lt DAM and the Regt Commander

is Major CHAU. There are no foreign advisors with the 368th Regiment or its subordinate units.

(e) In the 7th Marines TAOR numerous reports have been received from low level agents of missions to attack and harass USMC, ARVN outposts, District and village headquarters, to disrupt national elections, and to rocket DANANG airfield.

(2) Operations.

(a) There was one Regimental-sized USMC operation started during the month of August. Operation YAZOO was initiated on 27 August in HIEU DUC District, QUANG NAM Province by the 1st Bn, 7th Marines. The operation has continued into September with light enemy contact, but the 1st Battalion has discovered a highly developed, well-used enemy trail network and has destroyed numerous VC bunkers and harboring sites. Contact on Operation YAZOO has resulted in 2 VC KIA (C), 8 VC KIA (P) and the capture of 1 M-14 rifle as of 010800 September 1967.

(3) VC Activity.

(a) At 050215H D 1/7 (OPCON 3/7) platoon bridge security was attacked by an estimated platoon of VC using PPG-6 or B-40 rocket launchers, bangalore torpedos and satchel charges. The perimeter wire was breached at two points and two bunkers were destroyed. Marine casualties were 2 USMC KIA, 1 WIA Med Evac and 17 WIA non evac. There were no known enemy casualties.

(b) VC activity within the TAOR was high due to the coming elections, with a total of 336 VC and USMC initiated incidents of which 85 were mine/booby trap incidents. There were 3 significant events within the TAOR during the month of August.

(c) On 25 August at 0745H Co E 2/7 Commanding Officer reported that at 0600H the village chief of KIM LIEN, while approaching his house with 2 PF's, was assassinated by VC dressed in ARVN Ranger utilities and armed with M-2 carbines. The 2 PF's were WIA. Approximately 10 VN civilians and the village chief's wife were witnesses to the assassination. The villagers stated that the assassins ran south through the village and west into the hills. Co E sqd security patrol searched the village and found 1 suspect dressed in ARVN uniform. Interrogation by CIT revealed suspect to be an ARVN Ranger on leave from SAIGON. The hills were searched with negative results.

(d) On the 28th at 2100H Co D 1/7 (OPCON 3/7) defensive positions at the Hill 55 Bridge vic AT 965604 received approximately 360 rounds small arms and 2 rifle grenades from an estimated 16 VC resulting in 1 USMC WIA. They returned numerous rounds of small arms,

81mm mortar, 4.2mm mortar, 106mm RR, M-79 50 cal, M-60 and M-26 grenades. The VC broke contact and area was searched at 290630H with negative results.

(e) On the 29th at 0800H Co L 3/5 (OPCON 1/7) Squad patrol sweeping an area where an estimated 75 VC were fired upon by a fireteam ambush on 281230H August located 11 140mm rockets intact. 9 rockets were lashed to carrying poles and 2 rockets were without poles. All the rockets appeared to be in a weathered condition, showing rust and corrosion. The rockets were found at AT 925654. Pictures were taken of the rockets and rockets were turned over to the 1st Marine Division EOD.

(4) Regimental Intelligence Section Activities. Normal administrative and combat intelligence functions were carried out during the month. A special intelligence report on the Happy Valley area was compiled and distributed to units having an interest in Operation YAZOO. Charts and graphs were made for the briefing of the incoming regimental commander by the intelligence officer. Issue of maps continued with a system set up for the recording of issue and inventory of maps. The order of battle section finished the setting up of the intelligence processing for counter-guerilla and counter-insurgency operations recording system.

(5) Weather. Ground operations were not affected by the weather conditions. The number of days with measurable precipitation was 10 days with a trace of precipitation during 6 days of the month. Precipitation amounted to 8.88 inches. Maximum temperature was 102 degrees. The minimum temperature was 75 degrees, the relative humidity was 75 percent during August.

(6) VC Statistics. Activities in the TAOR resulted in the detention of 68 VN of which 12 were forwarded to III MAF. Enemy casualties revealed 49 KIA confirmed and 112 VC KIA probable. Weapons are as follows:

(a) 1 CHICOM carbine type 53

(b) 2 MAS 36

(c) 2 US 45 cal pistols

(d) 1 AK 47

(e) 1 US M-1 carbine
