5 May 1967

NARRATIVE SUMMARY

The 7th Engineer Battalion (Rein) continued support of the III Marine Amphibious Force within the Da Nang area. Platoons from the attached Bridge Companies are rendering additional support in the Chu Lai area, Hue/Phu Bai area, and the Dong Ha area.

Significant events during May include the placement of a 133' 8" M4/M4T6 floating bridge bypass on Route 1 (AT 926867). The bypass was trafficable ten (10) hours after the existing highway bridge was blown. To provide existing highway bridges on the main arteries with additional security measures, a program was initiated to install lights, concertina around piers, swim nets, anti-floating object nets, and catwalks. Various combinations were used as deemed appropriate. A 1255 foot floating foot bridge was installed on the new Da Nang River Bridge (BT 040763) for a temporary security catwalk. Projects continuing include the construction of a 283 foot steel/timber pile bent bridge (class 60) on Route 12 (BT 032649); elevating the roadway of Route 5 above the high water mark, and placing rock from Tuy Loan (AT 945707) to Dai Loc (AT 922577); operation of the Song Thu Bon Ferry (AT 923535) averaging 106 vehicles and 31 round trips per day; up-grading of Dai Loc bypass, Route 13C and Route 5; and the maintenance of 121 KM of roads.

PART III

SEQUENTIAL LISTING OF SIGNIFICANT EVENTS

Report of Demolition Team Deployment

On 17 May W O C. A. McCULLOUGH and 32 enlisted personnel were organized into ten, three man, assault demolition teams plus SSgt. W. J. SKIDMORE, Platoon Sergeant, and a corpsman. The 33 personnel were flown by helicopter from the 7th Engineer Bn LZ to the U.S.S. OKINAWA (LPH-3).

The team reported to the Operations Officer of the 1st Bn 3rd Marines and were reorganized into three ten man teams to be assigned to Companies A, B and C. At 0945 on 19 May the entire detachment landed by helicopter on GREEN BEACH in connection with Operation Hickory. They were assigned a beach sector by Major THORNBERRY (XO of 1/3) and began to dig protective holes. After approximately one hour on the beach the sector received approximately 30 rounds of mortar fire. Three men, including the corpsman, were wounded and evacuated.

At about 1130 on 19 May nine personnel were taken by LVT to Co "A". The remainder stayed on GREEN BEACH until 1530 on the 21st. There were two mortar attacks during daylight on the 20th. At 1530 on the 21st the detachment moved by LCM to WHITE BEACH and were landed with elements of 3rd Shore Party Bn and 3rd Engineer Bn. They remained in positions on the beach until the evening of the 23rd at which time they were returned by helicopter to the USS OKINAWA. They were returned to the 7th Engineer Bn CP at 1630 on the 24th.

The 9 men sent to "A" 1/3 landed at BLUE BEACH and were taken under fire by artillery. They then were taken by LVT to join "A" Co at 1430. One man was evacuated (NBC) from the beach.

The next morning they were divided into two teams under the direction of SSgt SKIDMORE. Both teams were employed in the destruction of caves and they destroyed 52 caves.

On the 20th they returned to the beach where SSgt SKIDMORE destroyed 3 dud artillery rounds.

On the afternoon of the 24th they were heli-lifted to the OKINAWA and were returned to the 7th Engineer Bn CP at 1300 on the 25th.
