SECRETPART IINARRATIVE SUMMARY1. INTRODUCTION

a. GENERAL. Lieutenant General William K. JONES, Commanding General, Fleet Marine Force, Pacific, visited III MAF on 3 and 4 September 1970. General JONES was greeted by Lieutenant General Keith B. MCCUTCHEON and briefed on the current tactical situation in Military Region I. During September 1970, III Marine Amphibious Force was located in northwest Danang, Quang Nam Province, Republic of Vietnam. The average Marine/Navy personnel strength in Military Region I was 33,228, a decrease of 6,338 under the previous month.

b. ACTIVITIES. III Marine Amphibious Force continued to be guided by COMUSMACV Directive 10-11 dated 5 April 1970 and I ARVN/FWMAF ICTZ Combined Campaign Plan 1970 of 13 December 1969 in pursuit of its objective for September 1970.

2. OVERALL EVALUATION

a. Enemy initiated activity throughout the Marine's Tactical Zone during the month of September increased slightly from the preceding month but remained to be characterized by harrassing fire. Despite a slight increase in enemy activity, enemy KIA decreased to 140 as compared to 256 the previous month. While enemy terrorism incidents for the month remained equal to the number of incidents during August, VC propaganda activity increased to six reported incidents.

b. There were two major named operations conducted during the month of September 1970 and one continued from the previous month. Operation "NEBRASKA RAPIDS" commenced at 0630 hours on the morning of 5 September and terminated at 1200 hours on 8 September. CATEGORY II type operations were conducted by elements of the 7th Marines with negative results. At 0800 hours on 10 September, Operation "DUBOIS SQUARE" was commenced. 3rd Battalion, 1st Marines conducted CATEGORY III type operations resulting in 1 individual weapon captured. The operation was terminated at 1200 hours on 19 September. Operation "IMPERIAL LAKE" was continued through the month of September accounting for 30 enemy KIA and 27 individual weapons captured.

c. The number of mine and booby trap incidents decreased to 55 compared to 84 from the prior month. Mines and booby traps accounted for 7 Marines killed and 119 wounded, 107 of which required evacuation. These figures represent 47% of the total casualties suffered by Marine units during the month of September.

b. EVENTS. During the month of September 1970, the following significant events were reported in chronological order:

At 021505H, an A-4E from VMA-311, 3 Kms south of FSB O'REILLY, crashed and exploded while on a close air support mission for the ARVN's. Enemy fire was suspected as the cause of the incident. The aircraft was completely destroyed and 1 USMC killed.

At 030930H, a member of a squad patrol from "G" Company, 2nd Battalion, 7th Marines, 1 Kms southwest of Hill 425, detonated an unknown type surprise firing device at an entrance to a cave. The explosion detonated an M-72 that another Marine was carrying. Total casualties were 1 USMC killed and 5 USMC wounded, three of whom required evacuation.

At 031430H, An Hoa Combat Base received 5 122mm rockets. The rounds impacted outside the 2nd Battalion, 5th Marines perimeter causing no casualties or material damage. Counter battery fire missions were employed against suspected launch site with negative results.

At 032240H, an F-4B from VMFA-115, at the Danang Air Base, caught fire and exploded while refueling. The aircraft was being cold refueled when electrical power fired the external tanks. Total casualties were 1 USMC and 2 USAF killed, 6 USMC and 8 USAF wounded, 9 of whom required evacuation.

At 060934H, "E" Company, 2nd Battalion, 7th Marines, 2 Kms southwest of Hill 425, while on a sweep operation received a heavy volume of small arms and automatic weapons fire from an unknown size enemy force located 250 meters southeast of their position. Organic weapons fire was returned and an AO employed fixed wing air strikes resulting in two secondary explosions being observed. A subsequent sweep of the area revealed 2 VC killed. During the contact 2 USMC were killed and 2 USMC wounded requiring evacuation.

At 061100H, "F" Company, 2nd Battalion, 5th Marines, 3 Kms west of Liberty Bridge, during a cordon and search operation found 4 tons of unpolished rice. The cache was stored in four 6' x 5' holes. The rice was taken to Duc Duc District Headquarters for distribution.

At 061745H, a Marine from "M" Company, 3rd Battalion, 7th Marines, 5 Kms southwest FSB ROSS, while enroute to a new company position detonated a pressure type booby trap of unknown ordnance buried below the surface. Total casualties were 7 USMC wounded, all of whom required evacuation.

At 061953H, Headquarters and Service Company, 2nd Battalion, 7th Marines, 3 Kms southwest of Hill 425, while in a defensive position received 25 82mm mortar rounds. There were no casualties or material damage.

At 071250H, a CH-46D from HMM-262, 3 Kms southeast of Hill 425, while on a priority recon insert mission crashed and burned attempting to land in it's landing zone. The rotar blades hit a concealed hazard causing the aircraft to roll on it's left and invert. The aircraft was destroyed and 3 USMC wounded, two of whom required evacuation.

At 081215H, a squad from "L" Company, 3rd Battalion, 5th Marines, 5 Kms north of LZ SAGE, while in an OP position observed 5 enemy. The squad engaged the enemy with small arms fire resulting in 3 VC killed. There were no friendly casualties.

At 081230H, "G" Company, 2nd Battalion, 7th Marines, 6 Kms south of LZ SAGE, received small arms fire from an unknown size enemy force. Organic weapons fire was returned resulting in 3 NVA killed, 1 AK-47 rifle and 1 SKS rifle captured. During the contact 1 USMC was killed and 4 USMC wounded requiring evacuation.

At 090720H, a squad from "E" Company, 2nd Battalion, 5th Marines, 4 Kms east of An Hoa, while preparing an OP position suffered 1 USMC killed and 1 USMC wounded, requiring evacuation, when a command detonated 105mm round booby trap exploded. The squad then received small arms fire from two or three enemy. Small arms fire was returned by the squad causing the enemy to break contact. A sweep of the area was conducted with negative results.

At 091800H, CAP's 2-3-7 and 2-3-8, 4 Kms north of Dien Ban, acting on information from local villagers conducted a search and sweep operation through the Thanh Quit (4) Hamlet. Approaching the hamlet, CAP 2-3-7 received small arms fire from an unknown size enemy force. The CAP unit returned fire

with organic weapons and maneuvered to neutralize the enemy. CAP 2-3-8 initially acting as a blocking force joined CAP 2-3-7 and supported by two gunships moved through the hamlet causing the enemy to flee. A subsequent sweep of the area revealed 14 VC killed; 1 VC, 1 AK-47 rifle, 2 SKS rifles, 3 9mm pistols, 14 locally fabricated grenades, 2 chicom grenades, 2 M-26 grenades and assorted documents and medical supplies captured. There were no friendly casualties.

At 110410H, an A-4E from VMA-311, 7 Kms southwest of FSB RENDEZVOUS, while flying a close air support mission for a 101st Ranger Team received ground fire, was hit and disintegrated in flight. The remains of the aircraft crashed in the target area and 1 USMC killed.

At 120800H, an artillery FO, 4 Kms northwest of LZ SAGE on Hill 119, using an IOD observed 7 enemy dressed in dark utilities carrying packs and rifles. An artillery fire mission was called resulting in 5 VC killed and 1 secondary explosion.

At 120845H, a squad patrol from "E" Company, 2nd Battalion, 7th Marines, 2 Kms southwest of Hill 425, while searching the cave of a previous contact found that the cave consisted of two levels and a passageway. The search produced 8 82mm mortar fuses, 1 60mm mortar sight, 36 booby trap detonators, 150 pounds of rice, 40 pounds of corn, 1 table, 2 NVA shirts, and 1 NVA helmet captured. A satchel charge was set and as the squad proceeded to leave the cave they received small arms fire from 1 enemy hiding in a deep crevice. The cave was destroyed and 1 VC killed. There were no friendly casualties.

At 150950H, CUPP Team #6 from "G" Company, 2nd Battalion, 5th Marines, 3 Kms northwest of FSB BALDY, while destroying a bunker killed 3 VC attempting to escape from an extension of the bunker. The team then received small arms fire from an unknown size enemy force southwest of their position. The enemy were engaged with organic weapons fire. A subsequent search of the area revealed 2 VC killed. There were no friendly casualties.

At 152000H, a CUPP squad from Headquarters and Service Company, 3rd Battalion, 5th Marines, 3 Kms east of Hill 52, while set in an ambush position observed 20 enemy moving south along a river bank. The enemy were engaged with small arms fire and forced to move into a treeline. Artillery illumination and HE fire missions were called against the enemy location and possible escape routes. On three separate occasions the enemy returned to the river in an attempt to recover their dead. During the contact 14 VC were killed. There were no friendly casualties.

At 161225H, a Marine from "I" Company, 3rd Battalion, 7th Marines, 7 Kms north of FSB RYDER, while enroute with the company to a new day position detonated a pressure type booby trap believed to be a 20-30 pound box mine. Total casualties were 1 USMC killed and 8 USMC wounded requiring evacuation.

At 161915H, a squad from "G" Company, 2nd Battalion, 7th Marines, 1½ Kms southwest of Hill 425, while moving to an ambush site observed 3 enemy dressed in green utilities carrying weapons and packs. The squad engaged the enemy with small arms resulting in 3 NVA killed, 3 AK-47 rifles, 2 chicom grenades, 1 M-26 grenade and miscellaneous 782 gear captured. There were no friendly casualties.

At 201900H, an Artillery FO, 4 Kms northwest of LZ SAGE on Hill 119, using an IOD observed 10 enemy dressed in dark utilities carrying packs and rifles. An artillery fire mission was called resulting in 7 VC killed.

At 201920H, a squad from "H" Company, 2nd Battalion, 1st Marines, 7 Kms north of Dien Ban, while deploying into it's ambush site detonated an unknown type booby trap. Total casualties were 1 USMC killed and 7 USMC wounded, six of whom required evacuation.

At 220100H, a CH-46D from HML-262, 4 Kms north of Dien Ban, while flying escort on a med-evac mission crashed and burned from unknown causes. Total casualties were 5 USMC killed.

At 221820H, an Artillery FO, 4 Kms west of FSB RYDER, observed 5 enemy carrying packs and weapons. An artillery fire mission was called resulting in 3 VC killed.

At 261500H, "L" Company, 3rd Battalion, 5th Marines, 7 Kms northeast of FSB ROSS, acting on intelligence information and guided by a Hoi Chanh, conducted a search and cordon operation supported by gunships. During the operation 4 VC were killed, 5 VC suspects, miscellaneous medical gear and assorted documents were captured. There were no friendly casualties.

At 280200H, a platoon from "M" Company, 3rd Battalion, 5th Marines, 3 Kms west of FSB ROSS, while set in a defensive position received 3 RPG rounds and 3 M-26 grenades from an unknown size enemy force located to the south. The platoon returned small arms fire with unknown results. During the contact 1 USMC was killed and 3 USMC wounded requiring evacuation.

At 290049H, a squad ambush from "C" Company, 1st Battalion, 1st Marines, in the vicinity of Hill 52, while returning to it's company defensive position received 1 RPG round and machine gun fire from an unknown size force. The squad returned organic weapons fire and called for artillery fire missions. A sweep of the area at first light revealed 4 NVA killed, 1 individual weapon, 1 crew served weapon and miscellaneous ordnance captured. During the contact 2 USMC were killed and 2 USMC wounded requiring evacuation.

At 291820H, an OP from "C" Company, 1st Battalion, 1st Marines, in the vicinity of Hill 52, received an undetermined number of 82mm mortar rounds and 5 60mm mortar rounds. The unit returned fire with 60mm mortars and called artillery fire missions on a suspected enemy location resulting in one secondary explosion being observed. Total casualties was 1 USMC killed.

5. Intelligence

a. General Enemy Situation. Enemy initiated activity rose sharply during the first half of the reporting period, started to decrease, and then rose again towards the end of the reporting period. This latter surge was expected as the weather moved into the Fall Transition Period and the moon moved into the "dark" phase.

The enemy continued to utilize attacks by fire, small unit and sapper operations, and terrorist activities as his primary tactics.

On 4 September, while on a search mission 7 kilometers southwest of landing zone Prep (AT 944105), Foxtrot Company, 2nd Battalion, 5th Marines uncovered a storage area containing 4 tons of unpolished rice. The rice was extracted to Duc Duc (D) for distribution.

On 9 September, the 15th PF Platoon conducted a raid 11 kilometers northwest of Hoi An (BT 050620). This resulted in 15 VC KIA and 7 VC suspects captured. On the same day, a patrol from the 3rd Company, 2nd ROK Marine Brigade engaged an unknown size enemy force in a cave. This cave was located 10 kilometers southwest of Hoi An (PT 046563). The encounter resulted in 7 enemy KIA, 3 individual weapons and 1 Chicom K-63 radio captured.

On 15 September, a CUPP team and elements of the 3rd Battalion, 5th Marines were in an ambush site at AT 822553. The Marines observed 20 VC pulling a boat along the river. The VC were engaged resulting in 14 enemy killed.

On 20 September, at AT 982432, an element of the 2nd Battalion, 7th Marines discovered approximately 50 natural caves. Some were as deep as 70 feet. Over-all, the caves were capable of housing an estimated 100 persons. Contiguous to the caves, the unit discovered a hospital complex containing miscellaneous medical supplies.

On 29 September, while manning an out-post at ZC 189560, the 704th RF Company engaged an unknown sized enemy force. 3 of the enemy were killed and 4 captured.

Also on 29 September, Duc Duc District Headquarters (AT 868478) received 6 rounds of 122mm rocket fire. H&S Company, 1st Battalion, 1st Marines (AT 817549) received 30 rounds of 82mm mortar fire. The Thuong Duc CIDG Camp (ZC 146532) took 12 rounds of 122mm rockets.

b. Enemy Action Statistics. Statistics pertaining to enemy activities in Marine Corps areas for the month of September are as follows:

<u>Enemy Initiated Activities</u>		
	<u>III MAF</u>	<u>CAP</u>
Attacks	0	0
Ambushes	0	0
Assaults by fire	1	0
Harrassing fire	113	26
Mines/Booby Traps	40	8
AA Fire/Hits	127/40	

c. Enemy Order of Battle. The following changes were made in the enemy order of battle for Quang Nam Province during September. Headquarters and two battalions of the 141st NVA Regiment were dropped from current holdings. One unidentified battalion of the 141st is carried as unlocated in Quang Nam. The T-87 Sapper Battalion and the 573 Rocket Battalion were both downgraded to companies and made subordinate to the Q-85 Local Force Armed Unit. This gives the enemy in Quang Nam Province 2 regiments, 13 battalions, and 11 separate companies as maneuver elements. Administrative personnel strength remained at 3,790 and guerrilla strength at 3,911. Total enemy strength is 13,966. This is 1,240 less than reported for August.

d. Counterintelligence

(1) Counterintelligence Monthly Overview. During the month of September 1970, VC/VCI counterintelligence related activity remained relatively stable in comparison to the previous month. While there was no significant change in the number of terrorist incidents, there was a noticeable reduction in the number of casualties and amount of property damage resulting from VC terrorist activity. There was a noticeable increase in incidents involving GVN National Policemen during the month, e. g. three killed by terrorist grenades, one killed by assassination, one wounded by terrorist grenade, and one escaped an assassination attempt. GVN officials have always been targets for VC terrorism/assassination and it is anticipated that the number of incidents involving GVN officials will increase during the monsoon season.

(2) Terrorism and Propaganda. The terrorist incidents for the month of September remained equal to the number of incidents during August. However, there was a significant decrease in the number of KIA's and MIA's resulting from terrorist activity. There were six incidents resulting in damage/destruction of houses/buildings, four of which involved damage or destruction of school houses. The number of victims and structures damaged/destroyed is as follows:

Killed	14 (-10)
Wounded	40 (-43)
Abducted	0 (0)
Structures - Dam/Dest	6 (- 6)

There was one incident involving the assassination of a Hamlet Chief and one incident resulting in the assassination of a National Policeman.

VC Propaganda/Froselyting activity during the month continued to be the introduction of propaganda leaflets written in English and Vietnamese. The general theme was to encourage U. S. personnel to refuse to fight, "Support the GI's Peace Movement at Home", etc. On one occasion the VC held a meeting of approximately 54 villagers and lectured them to the effect that the "Americans have withdrawn their support of the Thieu-Ky Government", and, "that now is the time to demand peace." Of the six incidents reported for the month, one resulted in two Vietnamese civilians being wounded while attempting to remove a VC flag from a booby-trapped flag pole.

(3) Subversion. No incidents of subversion are known to have occurred during the month.

(4) Sabotage. On 25 September 1970, at 0300, a bridge located approximately 5.7 kilometers northeast of Dai Loc District Headquarters, (AT 964605) was partially destroyed by an unknown type explosive.

(5) Espionage. There were no reported incidents of espionage known to have occurred during the month. However, it can be reasonably assumed that the VC/VCI maintain a continuing collection effort within the III MAF AO for the purpose of identifying prospective targets.

SECRET6. LOGISTICS

a. General. During the month of September, the G-4 staff and those special staff sections under its cognizance pressed ahead with redistribution of excesses, transfer of equipment to the Armed Forces of the Republic of Vietnam, transfer of real estate/facilities and improving the quality of common service support. Completion of Increment IV Keystone Robin (Alfa) embarkation units VIII and IX was earmarked by the USS Mobile sailing with what was believed to be the largest load since redeployments from RVN was begun with Keystone Eagle. This load represented the largest ever put aboard this class LKA. A number of medical aid stations were inspected; a program for allocation and distribution of antifragementation kits was established; major engineering support was provided for road paving, general improvement and assistance to the Korean 2d Marine Corps Brigade; and planning for future actions continued with an eye toward the forthcoming monsoon season and its attendant adversities.

b. G-4(1) Redistribution Program

(a) The program for redistribution of excesses continued during September. Near month's end, redistribution instructions for 97,053 excess items of equipment (cumulative total reported through embarkation unit XIV of Increment IV Keystone Robin (Alfa)) had been issued.

(b) Transfer of equipment to the Armed Forces of the Republic of Vietnam has proven very successful. Of the 5072 items of equipment offered by units of this command, 4713 items have been accepted. This equates to approximately 93 percent acceptance rate.

(2) Real Estate/Facilities

(a) Transfer of the following real estate/facilities was effected during September:

Dai La Pass	ARVN
Camp Love	USA
Nam O Bridge	ARVN
Chu Lai Air Base	USA

----------	-------------------------

*Transfer completed during September.

(3) Airlifts. Marine passenger airlifts decreased from 90,470 during August to 72,784 for September--a decrease of 17,686. Total Marine cargo lifted decreased from 7899 short tons to 6117 short tons--a decrease of 1782 short tons. Personnel flown out of RVN in connection with permanent change of station orders totaled 5947--an increase of 592 from the previous month.

(4) Common Service Support. Some problem areas in connection with common service support continued during September. The Commanding General, USARV was appraised of the situation and his assistance was solicited, while close liaison with the U. S. Army Support Command, Da Nang, and the Northern District Engineer continued.

(5) Vehicle Fragmentation Armor Kits. Antifragmentation armor kits for 2 1/2 and 5 ton "M" series vehicles, developed to provide a degree of protection for vehicles operating in a mine blast environment, were allocated during September to major subordinate commands. Allocations were based on priorities established by this Headquarters. The initial shipment was distributed on a fair share basis. Of the total requirement for kits, approximately 33 percent was received and distributed for installation.

c. Embarkation Summary. A total of four amphibious ships were used during September to transport troops and equipment to CONUS, Okinawa and Hawaii in connection with Increment IV Keystone Robin (Alpha) redeployments.

SECRETd. Engineer Summary

(1) Major support was provided 32d Naval Construction Regiment during September in efforts to complete paving of QL-1 and LTL-4. Approximately 5900 cubic yards of asphalt and 4000 cubic yards of crushed base rock were hauled in support of these projects.

(2) With imminence of the monsoon season, and its generally destructive effects, a considerable amount of attention was given to improving and repairing roads and drainage systems.

(3) A project was launched during September to assist the Korean 2d Marine Corps Brigade in improving their cantonments located near Hoi An. Eight new Southeast Asia type huts and a 35 foot repelling tower were constructed during the month, and a 100 barrel capacity water tank was installed. Additionally, rehabilitation of 186 huts and extensive electrical rewiring was completed within the Brigade command post area.

e. Supply Summary. Two Force directives concerning supply matters were published during September. One contained instructions for recovery of precious metals from materials and equipment, and the other established procedures for rehabilitation of light weight utilities.

f. Dental Summary

(1) The total number of military patients treated within dental facilities of this command during September was 7940 with 18,719 dental procedures completed.

(2) Dental Civic Action conducted by III MAF dental units during September resulted in 1322 dental procedures and treatment of 742 patients.

(3) Force Dental Officer, Captain M. H. Mead, DC, USN, was relieved on 17 September by Captain F. D. Grossman, DC, USN.

g. Medical Summary

(1) Medical aid stations were inspected during September at 11th Marines, 1st and 3d Battalions, 1st Marines and 1st Motor Transport Battalion.

(2) The MACV Surgeon, Colonel Bernstein, USA, visited this command on 15 September.

(3) Patient load for 1st Medical Battalion during September averaged 123, with a total of 632 patients admitted and 278 evacuated out of RVN. A total of 759 units of whole blood was expended during the month.

c. Civic Action Projects. The following are highlights of significant civic action projects conducted during the month of September 1970:

(1) 1st Marine Aircraft Wing reports the following:

(a) To date, the 1st MAW Civic Action and Animal Husbandry Demonstration Center located in Phuoc Tuong Hamlet of Hoa Phat Village has 225 White Leghorn hens and 40 White Leghorn roosters. These were purchased on Okinawa as eggs or chicks, then incubated and grown in the Civic Action compound, and are presently being cared for by the Marine Civic Action Team and several Vietnamese. All feed is purchased at the Danang feed mill at a cost of 35 piasters per kilo. All medicine and vitamins are purchased in Danang and all specialized health care is provided by American civilian and military veterinarians.

The 225 hens are from 18 to 21 weeks old, depending upon when they were purchased. Purchase price for the eggs was 15 cents (U.S. currency) per egg and approximately 60 cents for each new born rooster. The eggs were placed in a 260 egg capacity incubator in the Phuoc Tuong Civic Action Center for a three week period. Hatch rate of the eggs purchased on Okinawa was between 75% to 85% and as high as 92%. The hatch rate for eggs purchased in Saigon by CORDS was generally around 35%. Approximately 90% of the hatched chicks were sold at one-half the local price to Vietnamese villagers interested in poultry production. These sales helped to defray the high cost of feed. All those who purchased chicks were informed of the veterinary services available to them at Hoa Vang District and Danang, and were encouraged to begin poultry raising rather than to immediately sell the chicks for a short-term profit.

At present approximately 60 hens are laying between 30 to 40 eggs daily. When enough eggs of sufficient size are laid, they will be incubated to determine their hatch rate. At that time, either eggs or chicks will be sold to any Civic Action unit or CORDS affiliated volunteer agency interested in poultry production. By the end of October of this year over 100 eggs daily is the expected rate of production. It is hoped that with a distribution of eggs such as this that at least a minor increase in poultry and poultry products will occur in Hoa Vang District.

A fire on the 24th of September in Hoa An Hamlet of Hoa Phat Village destroyed 18 houses leaving 145 Vietnamese homeless. 1st MAW provided emergency relief to the victims. A water trailer was left at the scene for three days; 80 cases of C-rations were given to and distributed by the hamlet chief; and 11th Motor Transport Battalion signed over four (4) General Purpose tents to be used as temporary shelter. Marines from both 1stMAW Civic Action and 11th Motor Transport Battalion Supply, together with the Popular Force militia of Hoa An Hamlet, erected two of the tents. One additional tent was provided and erected by the Vietnamese motor transport unit located near the scene of the fire.

Scrap lumber and tin are presently being collected to provide partial aid for the rebuilding of destroyed homes and property. The Hoa Vang District Civic Action Officer is also attempting to get construction commodities through GVN channels.

(2) 1st Marine Division reports:

(a) Due to the interest shown by Civic Action personnel of the 1st Marine Division, the villagers of Phuoc Thuan Hamlet, Hoa Vang District led the S-5 of Headquarters Battalion to a VC base camp and uncovered a VC rice cache.

The close cooperation by the villagers in conjunction with US and GVN efforts to construct 140 new homes and repair 80 other homes at Tu Cau and Ngan Cau Hamlets has convinced many people that the GVN is concerned about their welfare.

(3) Force Logistic Command reports:

(a) On 22 September 1970 at 0210 there was a fire in the hamlet of Hoa My. Three fire trucks from FLC and two fire trucks from 1st MAW responded to the call. One woman and two children (6year old girl and 8 year old boy) were fatally burned. There were no other casualties. The firemen worked for an hour and a half before the fire was completely out. Over 14,000 gallons of water were expended from the FLC fire trucks. The cause of the fire is still unknown.

Civil Affairs personnel of Maintenance Battalion, FLC delivered more than 30 truckloads of lumber, including plywood and 2x4's to the Hamlet Chief of Hoa My. This lumber will be used to rebuild the ten stores/dwellings destroyed by the fire.

Operation Plan 18 - 70 (Rice Denial)(U)

Ref: (a) XXIV Corps Rice Denial Plan, OPlan 18-C-70 of 16 June 1970

(b) Maps Vietnam: Series L7014, Scale 1:50,000

Time Zone: H

1. SITUATION

a. Enemy Forces

- (1) Annex A (Intelligence) to Reference (a).
- (2) See current intelligence summaries and estimates.

b. Friendly Forces

- (1) Reference (a), para 1b.
- (2) Americal Div, supports rice denial operations in QUANG TIN and QUANG NGAI Provinces in cooperation and coordination with ARVN and other GVN elements located in AO and maintains the capability of providing a reaction force for the recovery of rice captured by the enemy.
- (3) 101st Airborne Div (AM) supports rice denial operations in THUA THIEN Province in cooperation and coordination with ARVN and other GVN elements located in AO and maintains capability of providing a reaction force for recovery of rice captured by the enemy.
- (4) 2d ROKMC BDE continues current operations.

c. Assumptions

- (1) Enemy main force units and VC local forces will continue combat operations during the rice harvest; rice collection efforts will increase as additional rice becomes available.
- (2) Enemy threats will remain at the same level.

2. MISSION

III Marine Amphibious Force continues current operations and, in close cooperation and coordination with GVN forces, supports rice denial and recovery operations in QUANG NAM Province.

3. EXECUTION

- a. Concept of Operations. Rice and food denial operations will be conducted on a continuing basis during the three phases of rice harvest: Phase I, pre-harvest; Phase II, harvest; Phase III, post harvest. During the pre-harvest period (Phase I) III MAF, in coordination with ARVN forces, will place priority on the location and destruction of base camps, rear service and logistics bases, and the interdiction of enemy rice-gathering groups and supply routes into/away from populated areas. As the harvest season approaches (Phase II) the main effort will be toward limiting enemy access to rice producing areas by conducting saturation patrols and ambushes. Following the harvest (Phase III) III MAF will continue rice and food denial operations and maintain the capability of providing, at a minimum, a platoon size reaction force to recover any rice captured by the enemy. Traffic control points will be utilized to aid the delivery of the rice from the harvest site to the mills/storage sites. Throughout, territorial forces provide population security, conduct operations against the VC/VCI, and furnish protection for rice storage sites.
- b. CG, First MarDiv, in coordination with CO, QDSZ:
- (1) Continue current security and pacification operations in TAOR.
 - (2) Conduct heliborne operations to disrupt enemy lines of communication and to locate and destroy enemy base camps and logistic sites in QUANG NAM Province.
 - (3) Conduct saturation patrols and ambushes during rice harvest season to limit enemy access to production areas.
 - (4) Maintain the capability to provide a reaction force (at a minimum, one platoon) for recovery of rice captured by the enemy.
- c. CG, FMAW
- (1) Continue to provide tactical air support for U.S./FMAF/RVNAF throughout MR 1 as required or directed.
 - (2) Provide assets for transportation of rice to secure areas, as required.
- d. CG, ForLogCmd
- (1) Continue to provide service support in accordance with current directives.

CONFIDENTIAL

CONFIDENTIAL

- (2) Provide transportation assets for movement of rice to secure area, as required.

e. Coordinating Instructions

- (1) Maximum use will be made of ambushes, patrols, sensors, night vision devices, radar, anti-intrusion devices and other surveillance means.
- (2) Close coordination with province chief, district chiefs, and ARVN forces will be maintained.
- (3) Surveillance and reconnaissance of known and suspected routes of infiltration will be intensified during the rice harvest, and for as long as necessary thereafter.
- (4) Traffic control points, coordinated by PM, XXIV Corps, will assist in maintaining the security of rice being transported to mills/storage sites.
- (5) Every effort will be made to evacuate captured rice and foodstuff to a secure area. If, however, evacuation is not possible, the food should be destroyed.
- (6) PSYOP. XXIV Corps PSYOP-OPORD 1-70 (RICE DENIAL PSYOP CAMPAIGN) (U) dated 11 May 1970.
- (7) Civil Affairs. Current Campaign Plans.
- (8) This plan is effective for planning upon receipt, and for execution in accordance with subparagraph (9) below.
- (9) This is a general contingency plan, not related to any one specific harvest period. Annual rice gathering periods for QUANG NAM Province are from 1 April to 31 May and from 1 September to 31 October, therefore, specific plans will be prepared for actual harvesting periods.

4. ADMINISTRATION AND LOGISTICS

- a. Force 4000,5B (Logistics - Standing Operating Procedures)
- b. In accordance with existing service regulations, command procedures, and reference (a).
