3. To provide all weather Air Traffic Control at Hue/Phu Bai Airport and Approach Control service throughout the Northern I Corps Area. In addition, a detachment at Marble Mountain Air Facility and An Hoa Airfield provides VFR and Special VFR service at those facilities.

4. Average monthly strength was 5 officers and 80 enlisted.

## Part 2. Significant Highlights

1. MATCU-68 received a certificate of achievement from Major General L.B. Robertshaw for support of combat operations during the period between 15 May 1966 and 1 June 1967.

**Part 3. Significant Events.**

1. Personnel - MATCU-68 continued to train newly arrived personnel and attain a high degree of proficiency for the coming monsoon. The need for officers intensified with the departure of Captain BEVER, the OIC, on the 1st of July. Officer strength will be 3 during the month of July.
2. Promotions - promoted to their present rank were the following:  
Staff Sergeant James P. DAVENPORT and Sergeant William H. SCHUMANN
3. Air Control - During the month of June Hue/Phu Bai Tower conducted 21,101 operations, and 154 GCA's. Marble Mountain Air Facility conducted 15,276 tower operations and An Hoa conducted 3,971 tower operations. MATCU-68 and MAG-16 were relieved of the An Hoa Tower responsibility on 22 Jun 1967 by MAG-36.
4. Supply - Difficulty in attaining spare parts and priority parts essential to operate generators has been very prevalent.
5. Maintenance - MATCU maintenance section has continued to do a fine job of maintaining equipment and keeping all air control radios and radar in an operational status.
