

CHILOCCO

Senior Class Annual

1 9 3 0

THE CHILOCCO SCHOOL SEAL

THE IDEA of having a school seal was first advocated in 1927 by Superintendent L. E. Correll, Mr. Rey F. Heagy and Mr. Francis Chapman. The design finally selected was drawn by three students, A. C. McIntosh, Harvey and William Bedoka.

The center of the seal is the plow and sheaf of wheat indicating that Chilocco is primarily an Agricultural School. Surrounding this motif are the words CHILOCCO INDIAN AGRICULTURAL SCHOOL. Surrounding this is a book, symbolic of the Academic Department, while at the base of the design appears the date of the school's founding, 1884. Surrounding this are emblems representing the various activities of the school, such as a brush for the paint shop; a cog wheel for the engineering shop; scissors for domestic art; a horse for the animal husbandry; a roller for the print shop; a shoe lath for the shoe shop; a football for athletics; Indian clubs for the Physical Education department; an anvil for the auto-mechanics and blacksmith shops; a nurse's cap for the hospital; a cow for the dairy department; a rolling pin for the domestic science department; a trowel for the masonry department; a square for the carpenter shop.

Graduates leaving Chilocco from year to year have this seal on their class rings so that no matter where one may meet a Chilocco alumnus he will be recognized.

Preface

This volume of the Senior Class Annual reflects the many-sided life of our Chilocco community.

It breathes the glory of the great school maintained by the United States government for the education of Indian boys and girls.

May it serve to strengthen the bond of interest and sympathy that must always exist between each of us and our Alma Mater.

Conclusion

Dedication

With great respect for his scholastic attainments,
deep admiration for his high ideals for Chilocco boys and girls,
and gratitude for his high sense of fairness, and
friendly council to students, this, the Senior Class Annual
of 1930 is affectionately dedicated to
Mr. Lawrence E. Correll.

THE BLOSSOMING WORLD

"Pray, what is the meaning of this blossom time?"
'Tis a gay symphony of waking sublime.
Little bird, understand, as you open your eyes
On the way Mother Nature unwraps a surprise,
That in this manner strange, she makes men aware
That the blessing of life is a gift most rare.
Gaze from your nest, see the blossoms about;
With the joy of just living they seem to shout.
The glorious sunshine pours down on their heads,
As they timidly peep from their snug winter beds.
Unable to sing they are swaying their stems—
They are the earth's new and marvelous gems.
Swiftly the brook, tinkling sweeps down the glen,
She too has escaped from her cold winter den,
Singing and humming a gay little tune
Of her freedom, a new and magnificent boon.
The pebbles beneath her, they also are glad,
'Tis with sun not with ice they are clad.
So birdling and brooklet, and all nature unfurled,
Be glad in the joy of the blossoming world.

BOOK I
CHILOCCO AT HOME

FOR LOVELY PATHS ARE THESE TO TREAD.

CHILOCCO

Oh Chilocco! Oh Chilocco!
Where the prairies never end,
Oh Chilocco! Oh Chilocco!
You are still our famous friend,
School of schools you are the best,
You're the school that stands the test
You're the school that brings us fame
Ever we'll revere thy name.

CHORUS

Oh Chilocco! Chilocco!
We love your campus grand
We love your lawns and shady walks
Where graceful maples stand,
We love your sunsets and the stars at night
Reflected in the lake so bright,
We love the cardinal's cheery call
And the bright red maples in the fall.

Oh Chilocco! Oh Chilocco!
Where your old stone buildings stand,
Oh Chilocco! Oh Chilocco!
Ivy covered they are grand,
They are monuments of hope
As we on learning's ladder grope,
School that makes our dreams come true,
We are loyal to you.

Oh Chilocco! Oh Chilocco!
When the morning bugle calls,
Oh Chilocco! Oh Chilocco!
We are glad to fill your halls,
We come here that we may learn
Life's great secret to discern,
Teach us how to work and play,
Bring us something new each day.

STUDENT LIFE AT CHILOCCO

FACULTY

Advisor for Boys	MR. HARRY S. KELLER
Assistant Advisor for Boys	MR. SAM B. LINCOLN
Advisor to Girls	MISS LIZZIE McCORMAC
Assistant Advisor for Girls	MRS. CARRIE ROBINSON

HERE ARE many ups and downs attached to life in a boarding school. but the hosts of loyal Chilocco students testify to the happiness of life on our campus.

While it is certainly important that students be equipped with knowledge that will enable them to earn a livelihood, it is equally important that they know how to take their places as worthy members of society. It is for this reason that extra-curricular activities are given so large a place in the life of students at Chilocco.

We believe that "all work and no play makes Jack a dull boy," consequently many opportunities are given for social activities. Movies, socials, parties, picnics, lawn socials, lyceum numbers, plays, pageants, concerts, clubs, societies, church, Sunday school, and young peoples' organizations all contribute to the happiness and contentment of students.

All student activities are carefully supervised, not because our boys and girls are not trusted, but because all youth must be properly guided into the path of right living and right thinking.

The four homes in which students live are made as attractive as possible so as to radiate a homelike atmosphere. Sympathetic persons are ever ready to help those who have any problem to solve.

To be sure, living in a large group is not like living in a small group, but the former helps to make one an unselfish member of a community as well as to develop independence.

SENIORS

EXCELSIOR!

GIBSON STARR

SAPULPA, OKLAHOMA.

Tribe — *Creek.*

(Mr. Correll's office boy.)

Achievements — The Senior class mascot has been a student at Chilocco for two years. His greatest achievement thus far has been to reach the height of four and one half feet and to weigh seventy-two pounds. He says he expects to graduate from Chilocco.

HAIL ALMA MATER!

Our Alma Mater, hail, thrice hail!
We sing farewell this time;
In memory our hearts can't fail
To live anear thy shrine.

We pledge to live in noble deeds,
Bear forth thy grand ideals;
Helping where'er the world has need,
And live in service real.

With wisdom may our feet be shod,
Fair hope our guiding star;
Our hearts by faith be linked with God;
Love shed its light afar.

The world has need of service true,
Strong hands and hearts sincere;
For there is sacred work to do
With lives to shield and cheer.

Help us who leave these halls today
Thy grand truths to express;
Thou righteous One, to Thee we pray
Our dear school to bless!

A PSALM OF PHYSICS

Miss Terrell is my teacher, I shall not pass.
She maketh me to take hard exams,
She leadeth me to expose my ignorance before the class.
She maketh me work problems for my grades sake.
Yea, tho' I shall study till mid-night, I shall learn no physics.
The equations bother me and the symbols sorely trouble me.
She prepareth quizzes for me in the presence of mine enemies.
She giveth me a low grade.
My work runneth over.
Surely zero or conditions will trouble me all the days of my life,
And I shall dwell in the Physics lab. forever.

JESSE L. ARCH

CHEROKEE, NORTH CAROLINA.

Tribe — *Cherokee*.

Engineering.

Achievements — Sergeant, Company A; Invincible Indians Debate Club; Glee Club; National Guards; Football Squad.

"He doesn't believe in wasting words." In spite of his assertion that his favorite pastime is arguing, we are convinced, after three years association with him, that the above quotation is in every way applicable to our classmate from the "tar-heel" state.

DORA ARMSTRONG

ELDORADO, KANSAS.

Tribe — *Eagle Harbor*.

Nursing.

Achievements — Invincible Indians Debate Club; Choir; Glee Club; Debate Team.

A very versatile young lady! It would indeed be a task to enumerate the many events in which "Dode" has participated during the four years she has been at Chilocco. Her dramatic ability has been displayed on numerous occasions when she has taken part in plays, cantatas, and pageants. Her ability in public speaking has been exhibited during the three years she has been a member of the debate team.

In spite of the fact that her favorite pastime is flirting, she has been heard to say on numerous occasions, "Really, I am not a vamp!"

BIRDIE BELLE BLYTHE

CHEROKEE, NORTH CAROLINA.

Tribe — *Cherokee*.

Home Economics.

Achievements — Hiawatha Literary Society; Home Economics Club.

After knowing "Bert" three years we can still look the whole world in the face and say, "She speaks, behaves, and acts exactly as she should."

NORMA PEARLY BROWN

HAWORTH, OKLAHOMA.

Tribe — *Choctaw*.

Home Economics.

Achievements — Captain, Company A; Glee Club; Y. W. C. A.; Hiawatha Literary Society; Home Economics Club.

Nine years at Chilocco has made it possible for "Normie" to be "able to do her own thinking with little advice from the outside."

ARA LEE BYINGTON

ATOKA, OKLAHOMA.

Tribe — *Choctaw.*

Home Economics.

Achievements — Invincible Indians Debate Club; Y. W. C. A.; Home Economics Club; Sergeant, Company A.

"Karo" joined our class three years ago and since that time she has been busy in an effort to retain her dignity. Her roommates declare that her favorite expression is, "Girls, pep is so undignified!"

PHILIP CALEY

GRACEMONT, OKLAHOMA.

Tribe — *Wichita.*

Poultry.

Achievements — Invincible Indians Debate Club; Band; Orchestra.

"Phil" has been the official sergeant-at-arms for the class during the entire five years that he has been at Chilocco. He is truly "a fellow who enjoys life as much as we enjoy him."

LETA CLAY

ANADARKO, OKLAHOMA.

Tribe — *Wichita.*

Home Economics.

Achievements — Choir; Glee Club; Y. W. C. A.; Invincible Indians Debate Club; Sergeant, Company B.

For six years we know that "Mex" has been practicing the doctrine "that cheerfulness is an offshoot of wisdom." Just how many years longer we are unable to say, but certainly it is a habit that makes her a welcome member of any group.

JIMMIE COOK

MUSKOGEE, OKLAHOMA.

Tribe — *Cherokee.*

Poultry.

Achievements — Invincible Indians Debate Club; T. N. T. Pep Club; Bachelors Club; Poultry Judging Team.

"Ace" has been four years dancing his way through high school and is just now learning that it is wiser to "carve his name on hearts rather than on desks."

ELLA CANOE

PRYOR, OKLAHOMA.

Tribe — *Cherokee.*

Home Economics.

Achievements — Y. W. C. A.; Invincible Indians Debate Club; Captain, Company B.

"Boat" has had her four years of high school work at Chilocco. She is quiet and demure but always "faithful to duty and loyal to friends."

MARY ISABEL CLINE

MACY, NEBRASKA.

Tribe — *Omaha.*

Home Economics.

Achievements — Choir; Glee Club; Sagawanah Dramatic Club; Y. W. C. A.

An Omaha maid who has been with us only one year, but even that is long enough for us to learn that hers is "the mildest manner and the gentlest heart."

JOSEPHINE DEMOTT

OKLAHOMA CITY, OKLAHOMA.

Tribe — *Cherokee.*

Home Economics.

Achievements — Orchestra; Invincible Indians Debate Club; Debate Team; Y. W. C. A.; Home Economics Club.

"Joe" admits that most of the seven years she has been at Chilocco have been spent listening to Kate "filibuster." Apparently her time has not been wasted because she is a "whiz" when it comes to convincing the judge of the truth of her arguments. Besides being a debater of note Joe is a "mighty hunter and her prey is man."

CLARENCE CLAYTON DAYLIGHT

MIAMI, OKLAHOMA.

Tribe — *Quapaw.*

Nursery.

Achievements — Soangetaha Literary Society; Basket ball; T. N. T. Pep Club; Bachelors Club.

"Flashlite" is literally what the name signifies when he gets on the basket ball court. He began his "looping" while working for Miss Daugherty in the basement of Home Two some seven years ago. Eventually he persuaded the Junior High coach to give him a suit and let him try for the team. Since that time he has been going stronger and stronger and during the past season was the outstanding man on the Varsity team.

Apparently he is exceedingly shy, but his quizzical expression seems to say, "there is a lot of devilry beneath my mild exterior."

KATIE DANDRIDGE

ATOKA, OKLAHOMA

Tribe — *Choctaw*.

Home Economics.

Achievements — Invincible Indians Debate Club; Y. W. C. A.; Home Economics Club.

For seven years Kate has been filibustering wherever possible. Her favorite expression also expresses her philosophy of life — “when joy and work clash, let work go to smash.”

MARY ELLISON

FORT TOWSON, OKLAHOMA.

Tribe — *Choctaw*.

Music.

Achievements — Orchestra; Choir; Lieutenant, Company A; Y. W. C. A.; Student Teacher in Auditorium; Hiawatha Literary Society; Music Editor, Chilocco Journal.

“Yes, I sing a little, play a little, read a little, and talk a lot,” says Mary Lou. In spite of all this, however, she is one of the busiest young ladies on the campus and is constantly in demand for “tickling the ivories.” During the three years she has been at Chilocco Mary has been in everything — plays, cantatas, pageants, programs at Southwestern College Assemblies, and broadcasting programs at station K C R C, Enid, Oklahoma. Indeed, we shall miss her smiling countenance next September!

ELIZABETH W. FOX

OKMULGEE, OKLAHOMA.

Tribe — *Creek*.

Home Economics.

Achievements — Hiawatha Literary Society; Glee Club; Lieutenant, Company D; Y. W. C. A.

“Libbie” is another old-timer; she has been looking forward to graduating from Chilocco for the past six years and now that the time has come to say goodbye she says leaving isn't nearly so easy as she had thought it would be. She reads much and talks little. Her philosophy seems to be that “in quiet minds the greatest thoughts do grow.”

ALICE FARRIS

CISCO, TEXAS.

Tribe — *Chickasaw*.

Home Economics.

Achievements — Invincible Indians Debate Club; Y. W. C. A.; Home Economics Club.

Alice and Miss Sims are both from the Lone Star State and both of them are alike in that they are proud of it! In spite of the fact that “Mutt” has only been with us during our senior year, we have learned that “she is by nature perfectly good humored.”

NELSON FRENCHMAN

HENNIEPIN, OKLAHOMA.

Tribe — *Choctaw*.

Carpentry.

Achievements — President, Senior Class; Vice-president, Junior Class; Literary Editor, Chilocco Weekly Journal; Blackfriars Dramatic Club; Varsity Baseball; Bachelors Club; Band; Orchestra.

Hail to our Chief! "Jimmie" upholds the dignity of the Senior class. There is never any doubt in anyone's mind but that he is on the right side of every discussion. Truly he is "a man who is so busy that he has no time to say how busy he is"

JAMES FRAZIER

DUNCAN, OKLAHOMA.

Tribe — *Choctaw*.

Engineering.

Achievements — Band; Orchestra; Company C, 180th Infantry, Oklahoma National Guards; Invincible Indians Debate Club; Bachelors Club.

1.2.3.4.5.6.7.8.9 — It takes almost all of "Gator's" ten fingers to tell how long he has been a part of Chilocco. He claims the distinction of being the very oldest senior — in length of time spent here, not in years! Probably the reason the time seems to have been so short, however, is because such a large part of it has been spent sleeping. Gator has been heard to say on occasions, "he who sleeps soundly hears neither gossip nor bugles."

GEORGE J. FISH

DUSTIN, OKLAHOMA.

Tribe — *Creek*.

Poultry.

Achievements — Invincible Indians Debate Club; Foot ball; Basket ball; Company C, 180th Infantry, Oklahoma National Guards.

"Jay" is another newcomer this year. His work on the Varsity basket ball team placed him in the front rank of our athletes. He is the personification of good nature and his motto seems to be, "The world's no better if you hurry; life's no longer if we worry."

LEONARD FRAZIER

HUGO, OKLAHOMA.

Tribe — *Choctaw*.

Engineering.

Achievements — Soangetaha Literary Society; Glee Club; T.N.T. Pep Club.

"Still water runs deep" is a very good epitaph for our class "Bluebeard". Who would think by looking at this modest young sheik from Hugo that the appellation would fit him so perfectly? Probably it has been his association with such persons as "Ace", "Gator", and others of similar caliber the past six years that has made him such a heart-breaker. The only way Bluebeard manages to retain any degree of his freedom is by saying continually, "Away, fair maidens—one at a time."

WILLIAM FISH

DUSTIN, OKLAHOMA.

Tribe — *Creek*,

Carpentry.

Achievements — Blackfriars Dramatic Club; First Sergeant, Company A; Choir; Glee Club; Felix Club; Company C, 180th Infantry, Oklahoma National Guards.

Bill has been at Chilocco so long he says he has almost forgotten just how long it is, but he thinks it is eight years. He is the official barber on the campus and every one is wondering who will take his place next year. His proverbial good nature gets him out of many difficulties, even when he admits that, "he doesn't like study, because it weakens his eyes."

EDNA GRIFFIN

COOKSON, OKLAHOMA.

Tribe — *Cherokee*.

Home Economics.

Achievements — Captain, Company C; Home Economics Club; Y. W. C. A. ; Invincible Indians Debate Club; Orchestra.

Ed is one of those persons who "puts joy into everything she does." Just how she manages to do it has not yet been discovered, but during the seven years she has attended school at Chilocco everyone has talked of her happy outlook on life. We predict for her a life filled with happiness and success.

MAGGIE HARJOE

HOLDENVILLE, OKLAHOMA.

Tribe — *Seminole*.

Home Economics.

Achievements — Minnehaha Literary Society; Glee Club; Sergeant, Company B.

"Sis" says she wishes to dispute "Gator's" claim of being the oldest senior, in point of service, because she has been at Chilocco just as many years as he has—namely nine. Always quiet and unassuming, but ever ready to carry her share of any work. With her, "Deeds are more than words; modesty is better than forwardness."

GERTRUDE HITCHCOCK

MUSKOGEE, OKLAHOMA.

Tribe — *Cherokee*.

Nursing.

Achievements — Invincible Indians Debate Club; Y. W. C. A.

"Always doing enough to be happy, and never too much to miss a good time"—that's "Bill!" For five years she has been giggling around the Chilocco campus and her friends say that wherever she goes she will continue to do likewise.

DOROTHY HODGES

COUNTYLINE, OKLAHOMA.

Tribe — *Choctaw*.

Normal Training.

Achievements — Sagawanah Dramatic Club; Glee Club; Social Editor of the Chilocco Journal; Y.W.C.A.; Student teacher in the Primary department.

"Dots" takes life rather seriously, but in spite of this she is one of the most charming persons one could hope to find anywhere. For four years she has been doing things to help others around Chilocco. Truly we can say of her that "her smile is as refreshing as the showers on a summer day."

CAROLINE CATHERINE JEFFERSON

BETHEL, OKLAHOMA.

Tribe — *Choctaw*.

Home Economics.

Achievements — Hiawatha Literary Society; Glee Club; Y.W.C.A.; Home Economics Club.

Another old timer! Nine years at Chilocco! Wonder what "Paw" will do next fall when September comes and she fails to return to Chilocco. She says very frankly that she doesn't know herself how she will manage to stay away. Her amiability has won for her hosts of friends who tell us that her policy has always been to follow the old adage which says, "The only way to have a friend is to be one."

JOHNNIE MAE JACOBS

HOLDENVILLE, OKLAHOMA.

Tribe — *Creek*.

Nursing.

Achievements — Sagawanah Dramatic Club; Orchestra; Y. W. C. A.

Johnnie says that more than anything else she likes to dance. Since she is so very proficient at it we are not surprised that she likes it. On occasions when most of us would have been frantic she has been heard to say in a very nonchalant manner, "If you never trouble trouble until trouble troubles you, you will seldom have a reason for feeling blue." We know that she has practiced this for three years so it is safe to predict that the future will not hold a great deal of trouble for her.

JAUNITA JAMES

STRATFORD, OKLAHOMA.

Tribe — *Chickasaw*.

Home Economics.

Achievements — Sagawanah Dramatic Club; Home Economics Club; Class Treasurer; Orchestra; Y.W.C.A.

"Pup" was our May Queen and a lovely one she was! Her influence on the policies of the group during the four years she has been at Chilocco has always been for the betterment of the largest number. We can understand why one of her friends said of her, "A merry heart maketh a cheerful countenance."

MACK JOHNSON

HOT SPRINGS, ARKANSAS.

Tribe — *Choctaw*.

Printing.

Achievements — Invincible Indians Debate Club; T. N. T. Pep Club; Bachelors Club; Local Editor, Chillico Journal.

"MacMayo" came to join our class from the wilds of Arkansas only two years ago. During that time we have never seen one hair out of place on his head nor have we beheld a fleck of dust on his shoes! His favorite pastime is helping Rastus and Dan operate the moving picture machine on Saturday evenings. When asked what he expects to do next year he insists that he is going to South America, or is it China, MacMayo? Well, anyway wherever it is we predict for our friend from Arkansas a most successful career because it is true that "Perseverance has its own rewards."

JESSE PAUL JAMES

KELLYVILLE, OKLAHOMA.

Tribe — *Euchee-Creek*.

Horticulture.

Achievements — Band; Orchestra; Invincible Indians Debate Club; Bachelors Club; T.N.T. Pep Club.

J.P. has helped to run more organizations than any other person in the Senior Class. If he isn't president of one thing he is of another. This year he has been president of the Debate Club, his Home Room group, and the Bachelor Club. In spite of his numerous duties he has time to write a letter every day! He is always laughing and says that his advice to folks is "laugh when you can; it's cheap medicine."

SAMUEL R. JOHNSON

WEWOKA, OKLAHOMA.

Tribe — *Seminole*.

Agriculture.

Achievements — Choir; Company C, 180th Infantry, Oklahoma National Guards; Felix Club; Glee Club; Blackfriars Dramatic Club; T. N. T. Pep Club.

"My tongue within my lips does reign,

For he who talks much talks in vain."

The above is Sam! He never wastes his words in idle talk and therefore when he speaks folks listen to him. During the six years he has been here he has read most of the books in the school library, hence we feel safe in saying that after work hours his chief form of amusement is reading.

LUCILE KEELE

ARDMORE, OKLAHOMA.

Tribe — *Chickasaw*.

Home Economics.

Achievements — Invincible Indians Debate Club.

"Chip" may be little, but she is very much in evidence on all occasions. She insists that during the last seven years she has grown at least one inch, therefore she sees no reason why in the course of time she might not hope to be all of four and one half feet tall! That's right, Chip, keep up your spirit, and you'll get there by and by.

GLADYS LOVETT

PETITT, OKLAHOMA.

Tribe — *Cherokee.*

Nursing.

Achievements — Minnehaha Literary Society; Orchestra; Colonel, Girls' Battalion.

Really we have seen so little of Gladys this year it is almost impossible for us to tell anything about her. If she has any idiosyncracies we have been unable to find out what they are. She is another one who says that the only thing she has against school is having to study.

VELMA LEWIS

CLARENORE, OKLAHOMA.

Tribe — *Cherokee.*

Nursing.

Achievements — Minnehaha Literary Society.

"I'd like school all right if I didn't have to study!" This was the answer we got when we asked Velma how she liked to go to school. Perhaps that accounts for the fact that she is among those missing from Division 2 so often.

CHARLES W. LEADER

PAWNEE, OKLAHOMA.

Tribe — *Pawnee.*

Achievements — Co. C, 180th Infantry, Oklahoma National Guards; Foot ball; Choir; Glee Club; Blackfriars Dramatic Club; Bachelors Club; Officers Club; Colonel, Boys' Battalion; Chilocco Journal Staff; Annual Staff.

"Chas" is Mr. Keller's right hand man and it is difficult for us to see just how Home 1 is going to get along without him next year. Not very many things have taken place around this camp the past four years that this very versatile young man has not known about. In fact, he "dabbles in everything from athletics to love—except books.

AGNES MORRIS

KANIMA, OKLAHOMA.

Tribe — *Choctaw.*

Home Economics.

Achievements — Home Economics Club; Sergeant, Company G; Hiawatha Literary Society; Y. W. C.A.

She has a twinkle in her eyes that seems to say, "I never dare to be funny as I can." Five years is the length of her stay at Chilocco and she insists that during that time she has learned to cook and sew.

EDMOND MAHSEET

APACHE, OKLAHOMA.

Tribe — *Comanche-Ottawa.*

Animal Husbandry.

Achievements — Bugler; Soangetaha Literary Society; Company C, 180th Infantry, Oklahoma National Guards; Sport Editor, Chilocco Journal; Annual Staff.

When asked why he was always so quiet Ed said, "Silence is sweeter than speech." In spite of the fact that he has so little to say he has made himself famous during his four years stay at Chilocco as an artist. His drawings adorn the pages of our annual and his write-ups of the various athletic events were to be seen in each issue of THE CHILOCCO JOURNAL the past year.

MOSES MCGIRT

SEMINOLE, OKLAHOMA.

Tribe — *Creek.*

Auto-Mechanics.

Achievements — Company C, 180th Infantry, Oklahoma National Guards; Choir; Glee Club; Invincible Indians Debate Club.

"Still water runs deep", so 'tis said and we believe it. Mose is one of the most dependable fellows in the class when it comes to work that needs to be done. He reads much and talks little, which is not such a bad policy to adopt.

CLARENCE MYERS

MIAMI, OKLAHOMA.

Tribe — *Delaware.*

Poultry.

Achievements — Sequoyah Literary Society; Bachelors Club; T. N. T. pep Club.

"Swede" has won fame during his two years residence among us by his ability to judge poultry. And chickens are not the only things he knows! 'Tis indeed a marvel that "one small head can hold all he knows."

HASKELL MORRIS

POTEAU, OKLAHOMA.

Tribe — *Choctaw.*

Mason.

Achievements — Invincible Indians Debate Club; T.N.T. Pep Club; Captain, Company C., Boys' Battalion; Company C, 180th Infantry, Oklahoma National Guards; Member School Fire Company.

No, he's not Agnes' brother: says he's never asked her whether they are related or not. In every home letter he promises to begin studying, but so far he hasn't started. As an officer he is quite proficient, but he has assured us that:

"Learning by studying must be won

"Twas ne'er entailed from father to son."

NELLIE MCDANIELS

TAMAHA, OKLAHOMA.

Tribe — *Choctaw*.

Home Economics.

Achievements — Invincible Indians Debate Club; Home Economics Club; Glee Club.

"Gram" says we'll often wonder why she did her Junior work away from Chilocco. Anyway, we're glad she came back to us for her senior year. She is famous as a basketball player as well as a storyteller in Home Room.

RUBY MCEWIN

SKIATOOK, OKLAHOMA.

Tribe — *Shawnee-Delaware*.

Nursing.

Achievements — Hiawatha Literary Society; Y. W. C. A.

Very quiet and unassuming — that is Ruby! It has been whispered by those who know her that she is not always so quiet, but we have known her for five years and we have never seen anything to the contrary.

SERENA NED

MILL CREEK, OKLAHOMA.

Tribe — *Chickasaw*.

Home Economics.

Achievements — Minnehaha Literary Society; Home Economics Club; Y. W. C. A.

"Silence and chaste reserve are a woman's genuine praise."

MARY BETH PAYNE

Did not graduate.

MILLARD PROCTOR

WETUMKA, OKLAHOMA.

Tribe — *Creek*.

Animal Husbandry.

Achievements — Varsity foot ball; Track; Wrestling; Class Secretary; Sequoyah Literary Society; Felix Club.

"Cowboy" has been loafing around here the past six years and really we are so used to him now we are wondering just how it will seem for him not to be hanging around. He knows many things, but we are inclined to think that he knows more about Creek history than anything else. His association with Francis has undoubtedly enabled him to find out a few things about the fightin' Eucheese. He likes horses and high boots.

JENNIE RAY

COFFEYVILLE, KANSAS.

Tribe — *Delaware*.

Home Economics.

Achievements — Captain, Company A; Home Economics Club; Hiawatha Literary Society; Glee Club Y. W. C. A.; Annual Staff

"Jenny Wren" did not get her name because of her resemblance to the small bird by the name. When she first arrived at Chilocco four years ago many people wondered how she was able to pass herself off for an Indian. But she has proved to be good one and we shall miss her next year.

FRANCIS RECORD

SAPULPA, OKLAHOMA.

Tribe — *Euchee*.

Engineering.

Achievements — Varsity football; Wrestling team; Blackfriars Dramatic Club; Felix Club.

"Capt. Kinski" of the Vienna police won fame for himself by proving conclusively that he could not unravel a mystery. But in spite of the fact that he is not a detective, we find him a source of fun especially at socials and parties. His laugh is contagious and when he appears he always "brings a smile to greet you."

MINNIE SHELL

STILLWELL, OKLAHOMA.

Tribe — *Cherokee*.

Home Economics.

Achievements — Invincible Indians Debate Club; Home Economics Club; Y. W. C. A.; Sergeant, Company D.

Some one has said something about the steadfastness of the Rock of Gibraltar — whatever it is might easily be applied to our Minnie. She is serious far beyond her years; we often wonder why she should carry the worries of others on her youthful shoulders. Cheer up, old dear, the best of life is just around the corner!

KATIE SAM

BRAGGS, OKLAHOMA.

Tribe — *Cherokee*.

Home Economics.

Achievements — Minnehaha Literary Society; Y. W. C. A.; Home Economics Club; Student officer.

"A sweet face and a pleasant smile, what more could one desire?"

NATHAN SANDERS

OKLAHOMA CITY, OKLAHOMA.

Tribe — *Creek*.

Printing.

Achievements — Invincible Indians Debate Club; Major, Second Battalion; Company C., 180th Infantry, Oklahoma National Guards; T. N. T. Pep Club; Felix Club; Editor-in-Chief Chilocco Weekly Journal; Editor-in-Chief Annual.

"Rastus" has literally grown up at Chilocco. He says he barely remembers a day nine years ago when he first saw this campus. Since that time he has learned many things, among them being the ability to argue convincingly. He has been on the debate teams for a number of years and that is probably why he was chosen head officer at Home II — because of his ability to convince the fellows that he means what he tells them to do.

ERA MAE SOCKEY

PANAMA, OKLAHOMA.

Tribe — *Choctaw*.

Nursing.

Achievements — Y. W. C. A.; Invincible Indians Debate Club; Sergeant, Company C.

"It is nice to be natural when you are naturally nice."

ERNEST L. SCROGGINS

FRANCIS, OKLAHOMA.

Tribe — *Choctaw*.

Engineering.

Achievements — Bachelors Club; T. N. T. Pep Club; Invincible Indians Debate Club; Choir; Company C, 180th Infantry, Oklahoma National Guards.

"Lil' Scrogg" usually works when "Big Scrogg" does, but he doesn't always eat at the same time. Most of his time is spent in reading this and that, hence it isn't surprising that he knows enough to be valedictorian of this illustrious class. During the past year "he has become a ladies' man with great violence!"

EDGAR SCROGGINS

FRANCIS, OKLAHOMA.

Tribe — *Choctaw*.

Engineering.

Achievements — Invincible Indians Debate Club; Glee Club; Company C, 180th Infantry, Oklahoma National Guards; Bachelors Club; School Fire Company.

"Big Scrogg" is never comfortable unless he is working the night shift at the power plant. His hobby is eating, but we wonder that he doesn't get discouraged and stop, for his chief characteristics are "length and good nature."

WAYNE TAHQUETTE

CHEROKEE, NORTH CAROLINA.

Tribe — *Cherokee*.

Mechanics.

Achievements — Major, Boys' Battalion; Chilocco Journal Staff; Choir; Glee Club; Invincible Indians Debate Club; School Fire Company.

"For they can conquer who think they can!" With such a philosophy we shall not be surprised to hear that this young man from the Atlantic coast fulfills his ambition to travel into foreign lands ere long. The Chilocco store will hardly seem the same with out him to dispense the "pop."

EDMOND TIGER

SEMINOLE, OKLAHOMA.

Tribe — *Seminole*.

Auto-Mechanics.

Achievements — Sequoyah Literary Society; Felix Club; T. N. T. Pep Club; Company C, 180th Infantry, Oklahoma National Guards.

"Get acquainted with him, he will surprise you." Ed's hobby is driving the school bus. Doing that is an acid test of anyone's good disposition and we have never yet seen him the least bit out of humor. That's quite a record for a five year period!

GEORGE L. TAYLOR

WILSON, OKLAHOMA.

Tribe — *Choctaw*.

Shoe and Harness Making.

Achievements — Band; Orchestra; Blackfriars Dramatic Club.

"Study is a weariness of the flesh and I think much of my health."

GENEVA TOINEETA
CHEROKEE, NORTH CAROLINA.

Tribe — *Cherokee.*

Home Economics.

Achievements — Minnehaha Literary Society; Home Economics Club; Major, Girls' battalion.

"Gene" is the embodiment of sweetness and good nature.

JAMES W. TYNER

PAWHUSKA, OKLAHOMA.

Tribe — *Cherokee.*

Carpentry.

Achievements — Band; T.N.T. Pep Club; Company C. 180th Infantry, Oklahoma National Guards; Felix Club; Blackfriars Dramatic Club.

"Airdale" says his ambition is, "To be an angel and with the angels stand, and toot his little horn in the angel band." Well, all we have to say is that we hope he gets his desire, but if he wants to do us a favor he will please leave his curly hair to some one who will appreciate it as it deserves.

LUCINDA WEST

STRONG, OKLAHOMA.

Tribe — *Cherokee.*

Home Economics.

Achievements — Orchestra; Hiawatha Literary Society; Home Economics Club; Y. W. C. A.

"A smile is good humor all the world over."

MADELINE WILEY

DUSTIN, OKLAHOMA.

Tribe — *Creek.*

Home Economics.

Achievements — Invincible Indians Debate Club; Home Economics Club; Y. W. C. A.

"When it comes to singing she's the canary's tonsils."

SENIOR CLASS WILL

As the school year nears its close, we, the Senior Class of 1930, realize the necessity of disposing of our earthly possessions before our connections with Chilocco are severed by graduation.

Therefore, being of sound mind and memory, we do hereby make, publish, and declare this to be our last will and testament:

The SENIOR CLASS as a whole wills the *Key of Knowledge* to the JUNIOR CLASS, and to the entire school we extend best wishes for future success.

I, DORA ARMSTRONG, will my ability to use make-up to Lena Crittenden.

I, JESSE ARCH, do will and bequeath my pole climbers to Jonah Ratliff.

I, BERTIE BLYTHE, wish it to be understood by all persons here present that Elizabeth Chandler is to have my chair in the Senior Clothing Laboratory.

I, NORMA BROWN, willingly make Lillian James the sole owner of my beloved curling irons, including the recipe file case in which they are kept.

I, ARA LEE BYINGTON, do bequeath to Knotchie McCreary my three square meals a day at Leupp Hall.

To Harold Smith, I, PHILIP CALEY, most willingly give the place on the Poultry Judging Team that I did not get.

I, ELLA CANOE, will to Ethel Bohanon my finger-waving ability.

I, LETA CLAY, bestow upon Dorothy Sunrise my position of assistant dining room matron.

I, MARY CLINE, leave my chair in the choir to Gertrude Johnson.

I, JIMMIE COOK, pass on to Walter Jefferson my position as water boy on the Poultry Judging Team.

I, KATIE DANDRIDGE, give to Rosa Mae Stark my collection of notes.

I, CLARENCE DAYLIGHT, will to Oscar McCurtain my place on the basketball team.

I, JOSEPHINE DEMOTT, bequeath to Violet Pickard such a portion of my height as I do not need.

After much solicitation on the part of Edward Sunday, I, MARY ELLISON, agree to will and bequeath to the said E. Sunday such a quantity of my superfluous height as he may deem necessary to make him as distinguished as I am.

I, GEORGE FISH, will my basket-ball curves to Roy Brown.

I, ALICE FARRIS, will to Grace Harris my Spanish vocabulary and suggest that she translate her own love letters.

I, BILL FISH, reluctantly leave to Amos Canard my barber tools and permanent wave.

To Mose Blair, I, JAMES FRAZIER, will my wild onion garden and frying pan.

I, ELIZABETH FOX, will to Willa Mae Hunter my double bed in room 32.

I, LEONARD FRAZIER, leave to Henry Scott my famous name of Bluebeard.

To my sister, Gladys, I, EDNA GRIFFIN, leave my ability to relieve the monotony of life by day dreaming.

I, MAGGIE HARJO, bestow upon "Doggie" Lonelodge my badly dilapidated Physics note-book.

I, GERTRUDE HITCHCOCK, leave to Lena Crittenden my position as chief cook and dish-washer at the hospital.

I, DOROTHY HODGES, will to Brewster Sunday my eighteen-inch smile.

I, JESSE JAMES, will to Bessie Wall my excessive "pep."

I, JOHNNIE MAE JACOBS, will to Loretta Goen my place in the basement of Home Four for Saturday afternoon and Sunday.

I, MACK JOHNSON, do hereby will to Dan Johnson my position as chief projectionist at Chilocco.

I, JAUNITA JAMES, wish it to be distinctly understood that Lola Lively is to have my place in the front of the mirror in room 29.

To Sequoyah Mouse, I, SAMUEL JOHNSON, leave my well groomed four horse team.

I, CAROLINA JEFFERSON, leave my worn out powder puff to Damus Smith.

To Ted Riley, I, LUCILE KEELE, leave my share of 1931 boiled eggs.

I, VELMA LEWIS, wish it understood that all of my so called "IT" shall go to Jackson Isaac.

I, GLADYS LOVETT, gladly give to Brent Clark a goodly share of my surplus avoirdupois.

I, EDMOND MAHSEET, leave my place on the Journal Staff to Henry Ahdunko.

I, NELLIE MCDANIELS, wish it to be understood that Dorothy Simpkins is to have my reserved seat on the bleachers at all of the socials.

I, MOSE MCGIRT, will to Josephine Baken my permanent wave — long may it wave.

I, HASKELL MORRIS, will my baton and place as drum major to Charles Wolfe.

I, RUBY McEWIN, will to Reed George my frequently changing personality.

To Chester Whitmire, I, CLEARENCE "Swede" MYERS, leave my famous appellation of "Swede".

I, AGNES MORRIS, will to Anna Washington my ability to quote Mother Goose Rhymes.

I, SERENA NED, freely give my high top shoes to Angie Brown to prevent her taking cold next winter.

I, MILLARD PROCTOR, will to Knotchie McCreary my best roping horse, Leatherhead.

I, JENNIE RAY, will to Jerome Click my Leupp Hall technique.

I, FRANCIS RECORD, will to Gibson Starr my bass voice.

I, KATIE SAM, will my long hair to Katie Thomas.

I, NATHAN SANDERS, pass on to Wayne Wynashe my title of "Rastus".

I, MINNIE SHELL, will to Irene Barnett my Hiawatha Hall windows.

I, EDGAR SCROGGINS, will to Parker Harris my priviledge of getting late meals as well as my favorite shift at the power plant.

To Glen Frazier, I, ERNEST SCROGGINS, will my habit of saying a "jillion" things on all occasions.

I, ERA SOCKEY, will to Thomas Woodall my ability to make noise.

I, GENEVA TOINEETA, do solemnly swear by my Physics book that Mose Blair is to be the sole owner of all of my empty staycomb jars.

I, WAYNE TAHQUETTE, will to Jonah Ratliff my job as driver of truck 13.

I, GEORGE TAYLOR, will to Lola Lively my government violin.

I, EDMOND TIGER, will to Fred Jackson my berth in room 9, bed no. 3.

I, JAMES TYNER, will to Pearl Garen my well kept permanent wave. Please take care of it, Pearl, dear.

I, LUCINDA WEST, will to Wessie Moore my ability to turn hand springs.

I, MADELINE WILEY, will to Charles "Snooks" Hutchins my ability to invent alibis.

In testimony whereof, we do hereby set our hand and seal, this the twentieth day of May, in the year of our lord, nineteen hundred and thirty.

THE SENIOR CLASS

Witness: MISS SIMS.

THE CHRONICLES

CHAPTER 1

1. Now it came to pass in the year of our Lord, 1926, there entered through the portals of Chilocco Campus a mighty host; and this host numbered one hundred and forty!

2. Now these were not grown men and women, but mere babes.

3. And of these sixty-three did number sons and seventy-seven daughters.

4. Now because of the extreme newness of the age of these babes, the Chief Magistrate on the Campus commanded them to be called Freshmen.

5. Now also, these were commanded that they represent the color of the grass.

6. Lo, the strong waxed stronger and the weak waxed weaker. Those who have shown themselves worthy of further trial were endowed with passing grades.

7. And these were said to be advanced in their first year's work.

CHAPTER 11

1. And it came to pass in the year of our Lord, 1927, in the month called September, that these did return to the Campus to toil for nine months more.

2. Now, such of these who were not endowed with passing grades, returned not, but wandered elsewhere.

3. And of those who returned there numbered ninety-two.

4. And by name these were called Sophomores, which is a Greek word meaning wise fool.

5. So these Sophomores, feeling great compassion for the inhabitants on the Campus, did participate in many things and make themselves widely known.

6. And the sun waxed warm and the summer came, and behold, the Chief Magistrate maketh the Campus again empty and scattereth abroad the inhabitants thereon.

CHAPTER III

1. Verily, verily I say unto you, when the month of September came again there entered through the gates of this Campus this same host.

2. Now by reason of their having dwelt for two years in this same place they were ordered to be called Juniors.

3. And this multitude once more became united and resolved in these nine months to make much festivity and feasting.

4. Now in the month of May, there occurred at a certain court a memorable festivity, which was called the Senior-Junior Prom.

5. And much gold was expended for this and did show forth the toils of these for a length of time.

6. Now these Juniors from the 19th to the 23rd of May wrote signs of their understanding and sixty-six were passed on to higher knowledge.

CHAPTER IV

1. And lo, when these returned for the fourth time the month was September, 1929.

2. And at the first convocation only sixty answered to their names when the roll was called.

3. Now these were the most mature of all on the Campus, therefore they were called Seniors.

4. And in the first month of the new year the Chief Magistrate said unto them: "Verily, verily I say unto you, you have done well in all things." Many have shown themselves to be exceedingly wise.

5. "And among these are found men of highest vigor, for you have excelled in games known as foot-ball and basket-ball."

6. "Therefore, as ye have prospered in these things, so have ye advanced in things of the mind."

7. "Whereas, ye shall have become acquainted with all things to be learned on the Campus and have done exceedingly well, I say unto you:

8. "In the month of May ye shall depart from the Campus, for at that time shall all things be finished for you."

9. So saying he bid these farewell and they departed from him.

AGRICULTURE AT CHILOCCO

FACULTY

LAWRENCE E. CORRELL	Superintendent
WALTER GRAY	Director of Agriculture
ANDREW V. PLATTS	Instructor in Farm Subjects
ENSLEY E. MORRIS	Teacher of Agriculture
HENRY C. HOLLOWELL	Farmer
JASPER E. PARKS	Farmer
ARTHUR Y. WADDEL	Nurseryman
GEORGE FIELD	Dairyman
ROGER S. DENMAN	Poultryman
ROBERT M. HOLLOWELL	Assistant
ALVA M. COBLE	Assistant
ALBERT BARCELO	Assistant
C. H. HUNT	Assistant

CHILOCCO is primarily an agricultural school. The school farm includes eight thousand six hundred and forty acres of good, rich soil in northern Oklahoma which is being used to give the boys who major in Agriculture a well rounded, practical education in the fundamental industry of our nation.

The Farm Plot plan, which has been in vogue here for the past six years, was instituted by Mr. C. M. Blair who was at that time Superintendent of Chilocco. The details of the system were worked out by Mr. Lawrence E. Correll, who was then Director of Agriculture. Under this plan any boy who wishes to major in Agriculture may lease from sixty to seventy acres of land from the school and work it as any tenant farmer. The student is furnished the necessary machinery, horses and tractor power, and seed to plant his small plot of ground. The boys cultivate their land under the direction of trained agriculturists and practical farmers, and in return for their work receive one-fourth of what is harvested from their acreage. The monetary success of these student farms varies with crop conditions from year to year as is the case on any farm.

The number of plots has increased in six years from four to thirty-three. Each year there is a waiting list of boys who are anxious to adopt this practical method of learning how to farm. Truly the motto of the men who instituted the system of Farm Plots was, "We Learn to Do by Doing."

In addition to the practical farming students are taught the value of pure

bred stock, pure seeds, the value of proper preparation of seed beds, the cultivation of the soil, and all other necessary steps in the proper management of a farm. They are required under this system to plant half of their plot each year in wheat, one-fourth in oats, and one-fourth in corn or kaffir. When there is time cow peas are worked in as a soil builder.

During the winter months and on rainy days, these boys do all of the things that are necessary on a farm for success, such as repairing machinery, repairing and building fences, hauling manure to fertilize their plots, and helping to feed and care for the live stock.

Practical farming is not the only branch of agriculture taught at Chilocco. For those boys who are interested in Dairying the school has a most up to date Dairy. A herd of high quality dairy cows produces all of the dairy products used at the school.

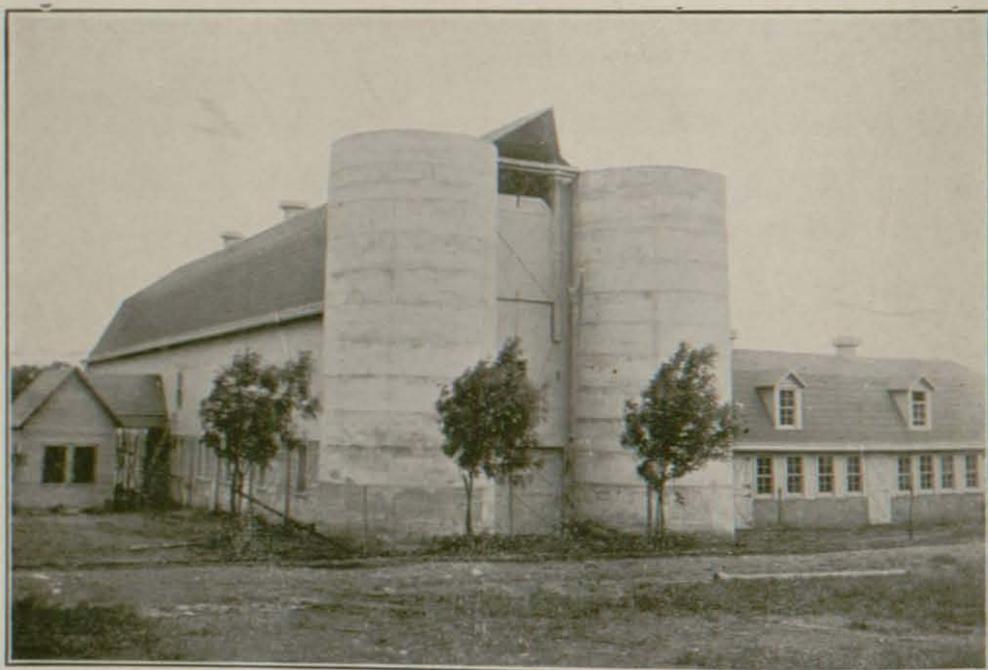

The swine department at Chilocco is one of the largest in the state. Duroc-Jerseys are raised both for market and for school consumption.

In the horticulture department students are taught the methods of top and cleft grafting, budding, pruning for better fruit production, as well as the best methods of cultivation for different fruits. They are also taught to gather and care for the crops after harvest.

The poultry department is maintained for the purpose of providing eggs and chickens for school use, and to give boys the practical training necessary to successfully raise Poultry.

About forty acres are planted in gardens each year for the purpose of providing vegetables for school use. All seasonable vegetables are grown and many are stored and canned each year.

THE POULTRY YARD

HOME ECONOMICS AT CHILOCCO

FACULTY

ZELLA MCCUE	Principal
LUCILE LUSK	Senior High Teacher
PEARL COLGLAZIER	Senior High Teacher
DOROTHY WARNER	Junior High Teacher

HOME ECONOMICS is taught at Chilocco from the sixth to twelfth grades inclusively. The enrollment in the department is nearly three hundred and fifty. All girls in the sixth, seventh, eighth, and ninth grades have courses in foods and clothing. In addition to foods and clothing the tenth grade has a practical course in household management at the practice cottage. The eleventh grade is given instruction in methods of teaching, interior decoration, and home nursing and child care. In the twelfth grade girls specialize either in foods or clothing. Those who choose the foods course have work in advanced cookery, quantity cookery, dietetics, child welfare, and practical work as assistants in the school kitchen and dining room. Students who specialize in clothing have courses in costume designing and advanced clothing. Their practical work is obtained by acting as assistants to the school seamstress in the sewing room. Both groups do practice teaching under trained supervisors. The sixth grade classes are used as the training school.

The Home Economics department consists of two food laboratories, a dining room, and two clothing laboratories. The food laboratories each consist of five unit kitchens equipped for a unit of four girls and the work is planned and carried out on a family basis. In the practice cottage the activities of the home are carried out. In the clothing department the girls learn to design and make their own clothing. They also learn to make household linens, to renovate clothing, and to make children's clothes.

In the Home Management courses the class is divided into groups of six each of which stays at the cottage for a six weeks period. The work is so arranged that each girl has the entire management of the house for one week. This includes ordering all supplies and being responsible for the activities of the other members of the group. This year a new cottage has been built and classes have planned and furnished it.

Related activities that come under the supervision of the Home Economics Advisor are, the sewing room, the mending room, the school laundry, the dining room, the school kitchen, and the bakery.

BOYS TRADES AT CHILOCCO

FACULTY

CHARLES K. MCCLELLAN	Teacher Shop Subjects
GEORGE O. GRIFFITH	Engineer
JOSE ANTONE	Assistant Engineer
FRANCIS CHAPMAN	Printing Instructor
BERTES S. RADER	Mason
ROY E. TROST	General Mechanic
NELSON ROWE	Assistant Mechanic
CHARLES FISHER	Blacksmith
GEORGE G. RODMAN	Shoe and Harness Maker
GEORGE M. MCDOWELL	Carpenter
WEST TOINEETA	Carpenter
ROBERT I. GRIFFIN	Painter

THE PRIMARY OBJECT OF THE trade courses at Chilocco is to train boys to become competent workmen, who will have a substantial, theoretical, and practical knowledge of the work they wish to pursue after graduation. The theoretical side of each trade is taught by a trained instructor. His classes are small and this enables him to give much individual attention to his students. Practical knowledge is gained through actually engaging in the work.

Students majoring in engineering learn the trade by working at the school plant. They are responsible for the operation and upkeep of the heating and lighting systems and for pumping the water used on the campus from the deep wells. The ice supply used on the campus is also made at the plant.

The printers have much practical work that enables them to learn the fundamentals of that trade. *The Indian School Journal*, and THE SENIOR CLASS ANNUAL for Chilocco, bulletins for the Washington office, and job-printing for various school activities constitute some of the work of this group.

The general mechanics trade is sub-divided into auto-mechanics, plumbing, tin-work, and blacksmithing. Each division has definite institutional work for which it is responsible and there is always plenty of work on hand. The school maintains a number of cars, trucks, tractors, and other machinery that must be cared for. The plumbers look after the water supply after it leaves the water tower, and install and repair all plumbing fixtures on the campus. The blacksmith shop is the general repair shop for all of the farm machinery belonging to the school.

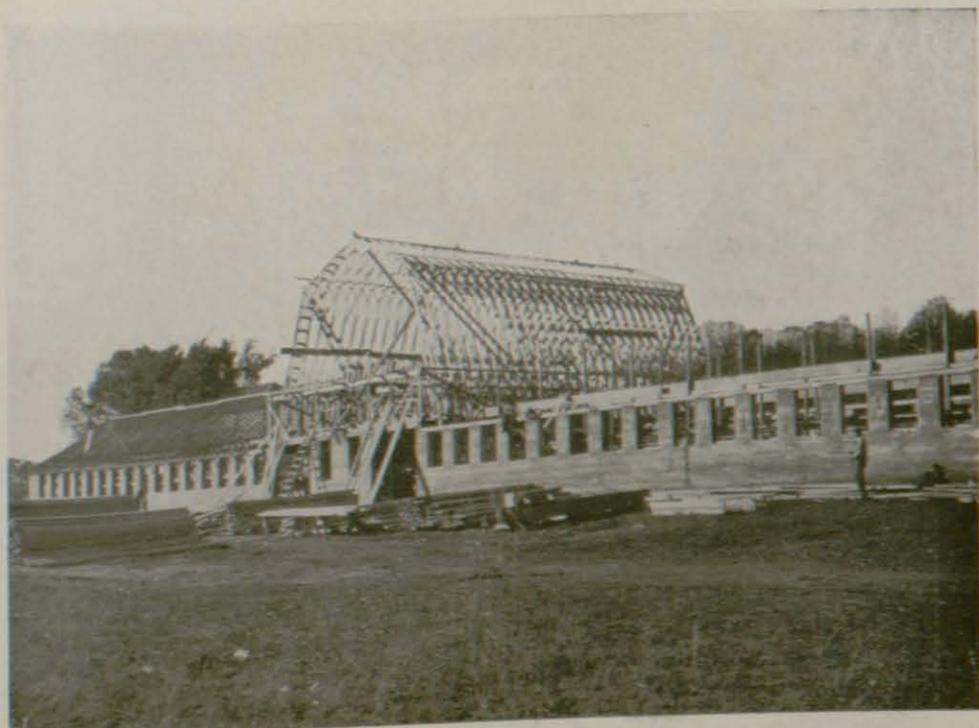

With a thousand students to wear out shoes, the shoemakers have no difficulty finding plenty of work to do. Since much of the farm work is done by horse power there is much harness repairing to be done also.

The construction departments are kept busy putting up new buildings and repairing the ones already built. The masons do all of the plastering, concrete work, stone masonry, and brick work. Construction work is directed by a skilled workman of many years experience. The carpentry repair room is well equipped for that kind of work. Cabinet work and furniture repairing is done here. Boys who elect to study painting also get practical training. A coat of paint is constantly being applied to some building at Chilocco.

MASONS LEARNING TO PAVE A ROAD

STUDENT CARPENTERS BUILDING THE HORSE BARN

SCHOOL HOSPITAL.

THE SCHOOL HOSPITAL

STAFF

M. A. V. SMITH	Resident Physician
H. C. GILLILAND	School Dentist
JESSIE GILHAM	Superintendent of Nurses
ALICE LONNEKE	Nurse
MILDRED SLOAN	Dietitian

HE CHILOCCO HOSPITAL opened its doors for patients on November 24, 1926. The hospital is located on the east side of the lake with a western exposure. The bed capacity is fifty. There are two large wards, private rooms, operating room, X-ray room, sterilizing room, class room, physician's office, dentist's office, dispensary, nurses' quarters, reception room, dining room, and kitchen.

The old adage that HEALTH IS WEALTH is indeed true, because without it no one is able to give his full measure of service to his community, state, or nation. The success of any individual may be measured largely by the state of his health. With this thought in mind Chilocco endeavors to guard with utmost care the health of her students. A physical examination is given to each student upon entrance and at proper intervals throughout the year. Special diets are prepared for under weight students under the direction of the physician. At any time a student may go to the hospital for treatment. If his case warrants his remaining under the care of the physician and nurse he is carefully watched. Preventive measures are used whenever possible to safe guard the health of students. Many are vaccinated against small-pox each year and during the past spring every student in school was inoculated against typhoid fever.

The course for student nurses includes twenty weeks of instruction, with a three hour period per week. This instruction is primarily for home nursing. The work includes practical care of the sick and the ethics of hospital training. Courses in anatomy, physiology, and surgical technique are given. The practical training includes the actual care of patients, care of the hospital, invalid cookery, bandaging, and dispensary work.

Many of the graduates of the Chilocco nursing course have entered hospitals and completed their work in nursing. The Indian girl possesses those qualities of character which go far toward making a "perfect nurse." When she is trained one may rest assured that she will do her utmost to carry the message of healthful living to her people.

MUSIC AND AUDITORIUM ACTIVITIES

FACULTY

MARGARET PEARSON SPEELMAN Auditorium
GLADYS HEMPHILL Piano
PETER A. VENNE Director, Band and Orchestra

IN THE AUDITORIUM classes at Chilocco each group is given an opportunity to do group singing in the class room. Programs for special occasions are practiced and presented under the direction of the Auditorium teacher. Students with special talents are given the leading roles and thus receive much training and encouragement. Students who are unable to take the principal character parts take part in the chorus singing. During the present year the Senior High School students presented "*The Nativity*," a mystery play, at Christmas. At Commencement the Junior High School students presented "*The Legend of Sleepy Hollow*," a cantata, based on the famous story by Washington Irving. All of the students in both the Junior and Senior High schools participated in the mammoth pageant presented during the forty-sixth commencement, which depicted six episodes in the history of the Indians of America. A Health pageant was presented on May Day for the purpose of stressing good health.

There are Glee Clubs for both boys and girls. These organizations practice twice a week and furnish special music for programs throughout the year. During the Christmas week a recital was presented by the music department and both glee clubs sang. The choir has a membership of forty-eight. They sing at the church service each Sunday and at the Young Peoples' Service on Sunday evening. The boys' quartette has sung at a number of places during the year. Some of these include the State Hi-Y Conference at Stillwater, Southwestern College, Winfield Kansas, Rotary Club, Arkansas City, and the broadcasting station K-C-R-C, Enid, Oklahoma.

Public school music is taught in all of the lower grades at the school by the public school music teacher.

A large class of piano students take private lessons. Practice hours are arranged for under the proper supervision.

The school band and orchestra contribute much to the school activities. Twice during the year they have appeared in formal programs in the school auditorium. The band plays for all of the dress parades and for the various athletic events held at the school. On numerous occasions they are invited to participate in affairs away from school. The orchestra plays for the school socials and special parties as well as for the movies each week and for special services held during the year. Both the band and orchestra practice three times each week.

SENIOR HIGH DEBATING CLUB

MRS. MARGARET SPEELMAN Coach
 MISS FAYE SIMS Coach

THE INVINCIBLE INDIANS DEBATE CLUB was organized in the fall of 1926 and membership in the Oklahoma State Debate League, District two obtained. During the years since that time the club has had representative teams in the conference debates and has won a fair share of victories. In the past season the teams won five out of six meets. The district championship was lost when the negative team lost to the Edmond team in a debate on the question, RESOLVED THAT THE INSTALMENT BUYING OF PERSONAL PROPERTY AS NOW PRACTICED IN THE UNITED STATES IS BOTH SOCIALLY AND ECONOMICALLY SOUND.

The affirmative team was composed of Edna Griffin, Josephine DeMott, Katie Dandridge, and the coach was Mrs. Speelman. The members of the negative team were Dora Armstrong, Nathan Sanders, and Dan Johnson; the coach was Miss Sims.

The schedule for the season was as follows:

Chilocco Affirmative — Medford Negative	Won
Chilocco Negative — Coyle Affirmative	Won
Chilocco Negative — Prague Affirmative	Won
Chilocco Affirmative — Choctaw Negative	Won
Chilocco Affirmative — Tonkawa Negative	Won
Chilocco Negative — Edmond Affirmative	Lost

CHILOCCO HONOR SOCIETY

WE HAVE a long admitted fact that superior scholarship is an almost positive indication that the person possessing it will be a worthwhile addition to any community in which he elects to live after leaving school. Because the faculty at Chilocco believes that an outstanding record during four years of high school will be worth something to young men and young women later in life the Honor Society was organized to recognize these students. In order to be eligible for membership a student must have been enrolled at Chilocco for at least four years. During that time he must have an academic and vocation average of a B or above. In addition to his scholastic standing he must have taken an active interest in extra-curricular activities and his personal record must be absolutely free from any blots. A student who has been guilty of any serious infraction of the school regulations, regardless of his scholastic achievements, will not be considered as a candidate for election into the Honor Society.

Four students from the graduating class of 1930 have been elected into the society. Ernest Scroggins, the valedictorian of the class, Dorothy Hodges, and Dora Armstrong have been students at Chilocco for the past four years. James Tyner, the fourth member of the group, has been here five years.

ORGANIZATIONS AT CHILOCCO

EVERY STUDENT in the Junior and Senior high school departments is asked to affiliate with one of the numerous clubs or societies on the campus. These organizations meet each Friday evening of the school year and contribute much to the members who take an active interest in them. Students interested in debating are urged to join one of the debate clubs; those interested in dramatics derive much pleasure and profit from participation in the work of one of the dramatic clubs; there are literary societies, a Home Economics Club, and an Aggie Club that will interest students in special departments.

The sponsors of these various organizations are selected from the faculty. They attend each meeting and direct the program committee in the preparation of programs. The sponsors of the debate clubs are the coaches for the teams that take part in the interscholastic debates.

The organizations include the Invincible Indians Debate Club, the Sagawah Dramatic Club, the Blackfriars Dramatic Club, the Soangatahah Literary Society, the Minnehaha Literary Society, the Hiawatha Literary Society, the Jolly Wranglers Debate Club, the Sock and Buskin Dramatic Club, the Thespian Dramatic Club, the Home Economics Club, and the Aggie Club.

ATHLETICS AT CHILOCCO

FACULTY

RAY COLGLAZIER Director of Physical Education

THELMA JACOBSON Teacher of Girls' Physical Education

ATHLETICS AT The Chilocco Indian Agricultural School occupying such an important and conspicuous place in the life of the student body as they do, have come to be recognized as the source of school loyalty. Very largely, the spirit of sportsmanship honor, gameness, and loyalty displayed in athletics has come to be recognized as the spirit of the school. Forming, as athletics do, one of the most vital and conspicuous parts of school life, they leave their imprint not only on those who participate, but upon all who come in contact with the institution.

The athletic director, as well as the school officials, has constantly worked for the development of quality and quantity, both in intermural and school sports. They realize that athletics of today are builders of character, manhood, and sportsmanship. It is the aim of Chilocco to see that these attributes of the various games be made the goal of the department.

During the past year Chilocco engaged in Interscholastic contests in football, basketball, baseball and track. The records show that each team won its share of victories and defeats. Perry, Riley, and Record won berths on the all-state Junior College football team last fall, and McCurtain and George received honorable mention. Daylight was selected as a forward on the second team at the Southwestern College basketball tournament this past winter.

The following boys won letters in athletics during the year:

Football — Milton Perry, Theodore Lonelodge, Cecil Chisholm, Reed George, Henry Scott, Miller Proctor, Esias Thompson, Francis Record, Mose Blair, Ted Riley, Jimmy Hood, Antwine Wheeler, Roy Brown, William Falls.

Basketball — Clarence Daylight, George Fish, Isreal McKinney, Milton Perry, Oscar McCurtain, Theodore Lonelodge, Garland Spybuck.

Baseball — Gus Alex, Cecil Chisholm, Sunrise Chebahtah, Nelson Frenchman, Herman Franklin, William Falls, Clifford Hornbuckle, Legus Miller, Isreal McKinney, Milton Perry, Jonah Ratliff, Easton Simpson, Ishmael Tiger, Esias Thompson, Baxter York.

Track — Brant Bracken, Walter Jefferson, John Sam, Easton Simpson, John Tanyan, Isreal McKinney.

WISE AND OTHERWISE

Kate: Why did you wave at the officer when he signaled for you to stop?

Joe: I thought he was trying to flirt with me.

Miss Sims: In what course do you expect to graduate?

James F. In the course of time.

Airdale: Say, Barber, how long will I have to wait for a shave?

Barber: (After looking him over) About ten years.

Miss Terrell: An atom is so small it cannot be seen with the naked eye, or even with high powered microscopes. An instrument has been invented capable of measuring a billionth part of an inch.

Leonard: Well, what do they want to measure it for if they can't see it?

Miss Terrell to Bill Fish in Physics class: Some people declare that all inventions are made by lazy people. There is an excellent chance for you.

Miss Sims: Have you prepared for this class?

Dora: Yes mam.

Miss Sims: What did you do?

Dora: Combed my hair and powdered my nose.

James T. (In Rural Ec.) All men are created equal.

Mack: If that is true why do you always shut me out in the dining room?

Miss Sims: (After repeating a question to Haskell M.) Why don't you answer my question?

Haskell: I did, Miss Sims, I shook my head.

Miss Sims: Do you expect me to hear a rattle this far away?

Nathan: Dode, why don't you bob your hair?

Dode: I can't decide whether to make it look like a whisk broom or a feather duster.

Jay F.: Ouch, I bumped my crazy bone!

Mary: Never mind, just comb your hair to one side and the bump won't show.

Era: I beleive this school is haunted.

Ruby: Why?

Ruby: Everyone is always talking about school spirit.

Ed Mahseet: I can speak any language except Creek.

Francis R.: Say something to me in Euchee.

Ed: That's Creek to me!

Mahseet: Oh, but you dance divinely! I feel as if I were treading on the clouds.

Mary: Don't fool yourself; those are my feet.

Mrs. Antone: (Speaking to Charles L. about his shirt collar being unfastened) Charles, pull in your rabbit ears!

Before Charles had time to obey Big Scrogg grabbed his ears.

"Cowboy" Proctor: (At a regular school social) Ho hum, I wonder who will have the honor of dancing this next dance with me?

Rastus: (To a group of girls standing near) How's that for conceit, girls?

"Ed" Tiger recently began his Home Letter as follows: "Dear Mother, don't be disgusted with these grades; wait until next month.

"Big" Scrogg would like to know why Mary Ellison considers him a joke.

Francis R: I've always liked blondes better than brunettes.

Airdale: Well, it's a good thing you feel like that, cause if you didn't I imagine Dots would have something to say about it.

Charles L.: (At the senior "weenie" roast) Say, big boy, what are you opening that can with?

Sam J.: A can opener, of course.

Chas.: Oh, I thought you were opening it with prayer!

Dode: Did your musical ability ever help you?

Rastus: Oh yes, when the Chilocco creek overflowed Mr. Stickle floated along on a broom-stick and I accompanied him on the piano.

"Big" Scrogg: (In Physics class) I held two broken ends of a telephone line and the line was busy.

"Lil" Scrogg: Yeah! What did it feel like they were saying?

MODERN PROVERBS

He who has his lesson — Is unusual.

All students study — When they have to.

To study is to learn — Few students learn.

Education is living — Most of us are walking corpses.

A girl's marcel — Is not so important — As what goes on beneath it.

We don't mind rules — If they're not enforced.

BELIEVE IT OR NOT

Haskell Morris worked a problem in Physics!

Twenty years of George Taylor's life will have been spent

sleeping when he lives one more year.

Gladys Lovett came to school five days in succession!

Mack Johnson passed the peanuts around.

Even as a baby Rastus could "rave."

Charles Leader was on time for Physics once.

Wayne Tahquette is the noisiest boy in the class.

HISTORY OF CHILOCCO

ONCE IT WAS NOTHING but a prairie, wind-swept and lonely, cut almost into by a small creek. Over the horizon from the northeast appeared a friendly band of Pawnees who pitched their tents by the side of the creek and rested. Years went by and up from the south came a gallant band of Spaniards hunting the fabled cities of Quirvera, but they were not here.

The prairie never knew, nor did the Indians, when this lonely land became a part of the United States of America, and it was many, many years before this prairie, beside the muddy little creek, became the property of an eastern band of Indians and was called the Cherokee Strip. Still it was nothing but a prairie cut almost into by a little creek. It was in 1876 that this kindly tribe bequeathed nine thousand acres for a school for the native sons and daughters of this territory, and in 1884, out of native stone, was built the first building on the campus—Home Two.

Year after year the prairie changed, sod was turned, additional buildings were erected. Only the little creek remained the same. Many superintendents have come and gone. Many patient men and women have worked unselfishly for the advancement of the school.

From a grade school with only one building, and one hundred and fifty students, we have grown into a senior high school with twelve buildings and an enrollment of one thousand students.

We offer all the courses necessary to make our race independent and worthwhile. Our broad acres produce valuable crops. On what is left of our prairie graze pure bred cattle. In our shops we learn the trade that enables us to enter the industrial world by the side of our white brothers. In a word, we have adopted the western civilization as our own. Chilocco, on her forty-sixth birthday, graduates the largest class in her history—sixty young men and women—from the Senior High School.

The Indian wigwam, and most of the prairies are gone. The little creek still runs, and our school continues to be a light and a guide to the Indian youth of Oklahoma.

In Memoriam

CORNELIA JOHNSON

Class 1930

1907--1928

Conclusion

Now the year is over. Commencement is drawing near. As we bid our friends adieu, we, the Senior Class of '30, give to you this little book in memory of our last year at Chilocco, and trust that you will derive as much pleasure from the perusal of its pages as we have had during our Senior year.
