"Planning and Designing for the Future"

A wiseman of old once said, "Of the making of books there is no end." (Paraphrased)

An editor assumes a task of writing, creating, designing, of course assisted by others. There immediately is posed a problem: "What will be the theme to bind the whole so that it will not ramble here and there, throughout this, another news article, or another newspaper, magazine, book or what-have-you?

Ah, yes! Education, planning and designing for the future! That's it!! Now join we one and all together in that one pursuit here at Chilocco. Of course, ever and anon, there skips throughout our group those with less serious aims of life, postponing for a while the serious business of preparing for tomorrow. (Remember the story of the ants and the sluggardly cricket?) Isn't it ever thus?

But, for now, come stroll with me down the pathway wending its way through the pages of yet another issue of the CHILOCCOAN. Herewith, we do present it for your pleasure, once again.

Chilocco, Oklahoma

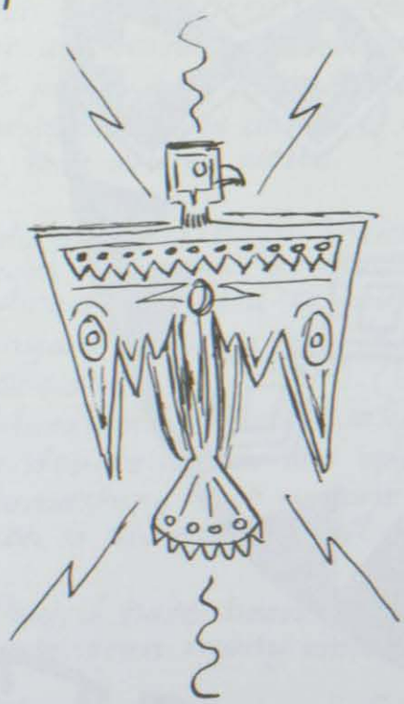
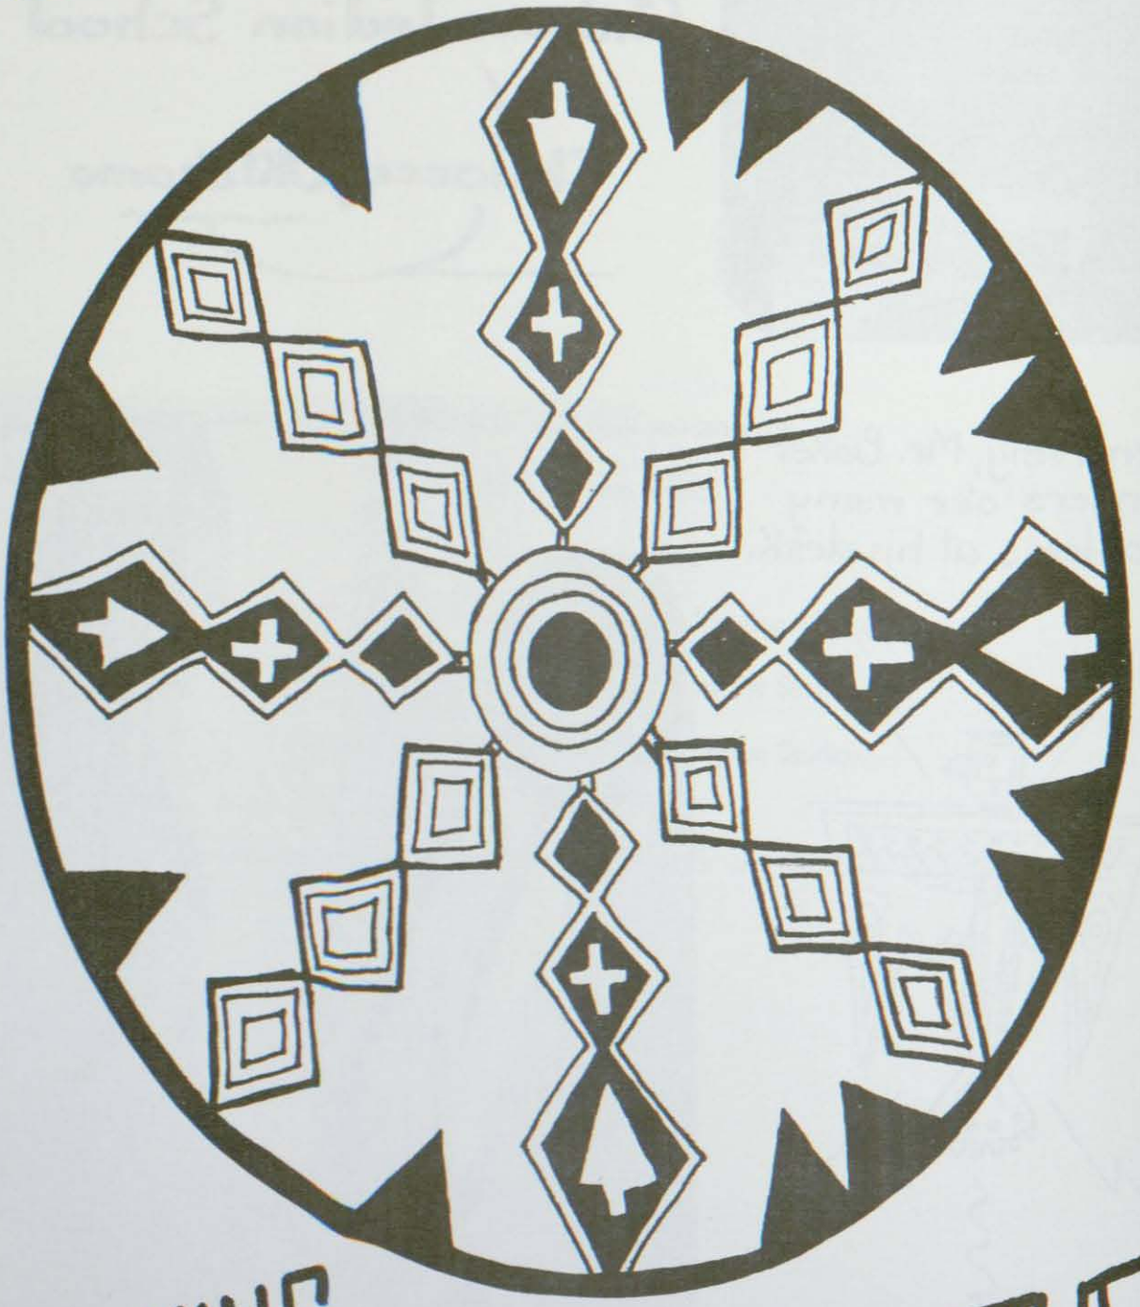
Pensively, Mr. Baker ponders o'er many problems at his desk.



He performs one of those tasks that is a happy compensation for all his labors - giving a diploma and congratulations to one of the graduate students.

HAIL CHILOCCO



DESIGNING

FOR THE FUTURE

Erle W. Haring
Director of Learning

A Word from Erle W. Haring, Director of Learning, Chilocco:

My first year of teaching was in a small high school at Maple Hill, Kansas. There are many things about that first year still standing out in my memories. This was the year that Pearl Harbor was attacked, getting the U.S. involved in World War II. My son was also born that year.

In 1945, when I entered the U.S. military service, I was teaching at the Junior College in Independence, Kansas. Following my discharge from the armed forces, I again entered the field of education as a business teacher and coach. After this experience I became Superintendent in Toronto, Kansas. I continued to serve as Superintendent for the next thirteen years in various public school systems in Kansas.

In 1960 I was elected Cashier of the Consolidated State Bank in Hill City, Kansas, and was there for three years. When the bank was sold, I came to Chilocco as a social studies teacher and in charge of the Student Bank. I planned to complete the year and return to the field of banking.

But over the next thirteen years I watched many young men and women enter and leave this institution of education. I believe that the most important justification for any school is the provision of educational opportunities to boys and girls alike. I believe that whenever schools fail to provide for this, they will be closed.

Education is basic training for an entire life. The kind of job you have, the amount of income you will receive, and the pleasure you get from life are all directly related to educational training. Education is a basic necessity to anyone that wishes to elevate himself or herself in our American form of society.

Education is relatively free to all people in America, and everyone who desires it has an opportunity of receiving an education. Education is something that no one can give you or keep you from having. Education is something that you have to do for yourself.

Now, I have been in the educational field for over thirty years. I have seen many new fads and theories in education come and go.

The basic facts of Education hold just as true today as they were when I was a student in high school. Without the mastery of the basic principles of reading, arithmetic, and science, no student will be able to reach or attain his greatest life potential. There is no easy way for a student to learn except by work and study.

Education will not of itself guarantee success in life, but it will make success more of a possibility to everyone. Education is a precious possession that each of you can have; SO — MAKE THE MOST OF YOUR EDUCATIONAL OPPORTUNITIES WHILE YOU ARE IN SCHOOL. THIS MAY NEVER BE POSSIBLE IN THE FUTURE.

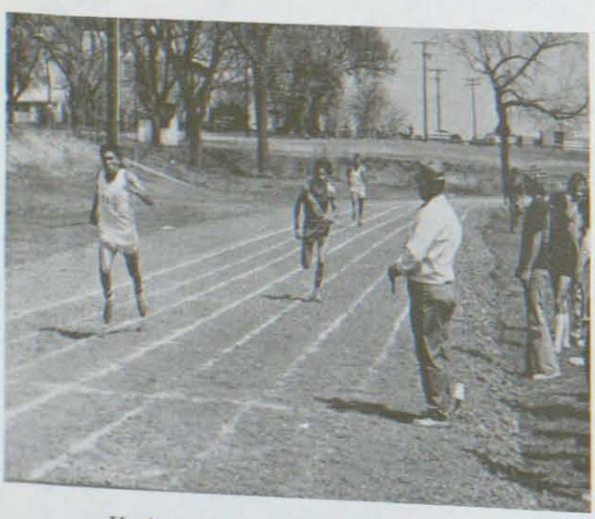
One of Chilocco's big events, now, is the annual Jim Thorpe Memorial Track and Field Meet, occuring this year on April 9.

In commemoration of that event, we present these scenes.

Broad view of theatre of events

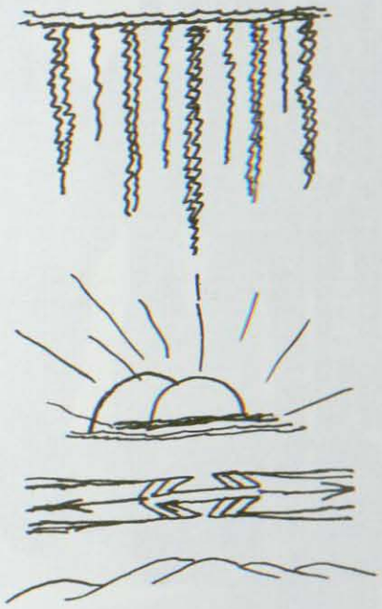
Some of the officials arguing?



Various track contenders from several schools competed—both boys and girls vying for top honors.

Resting after some gruelling competition, in this case Chilocco's Fred Hudson.

The high jump — one of the big events — performed in this case by Karen Saul, Chilocco.



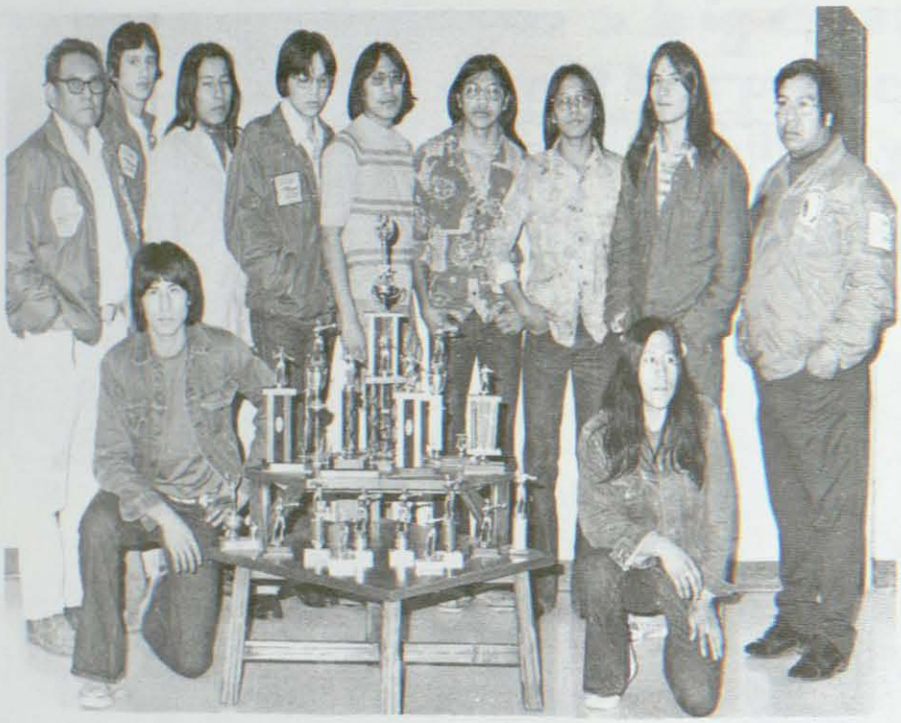
Mr Crossland Smith, Seneca, oversees entry of results on record sheet by Norma Dorsey.

A group of girls from various schools registering for some event while a little distance away—

Some boys from Sequoyah make preparations for another event.

Each year, Mr. Jim Choate, ex-athletic director, boys' advisor,

and coach, returns to Chilocco to give aid in various events here.



Chilocco's Boxing Team
1975-1976
Reading left to right: Top row: Coach Newman Littlewalker, Boxers Danny Page, Orville Jimerson, Dwight Howe, Bruce Loneman, Ronnie Loneman, Gerald Loneman, Vincent Parker and Coach Charles Battiest. Kneeling: Tony Parker and Orvin Flyinghorse.

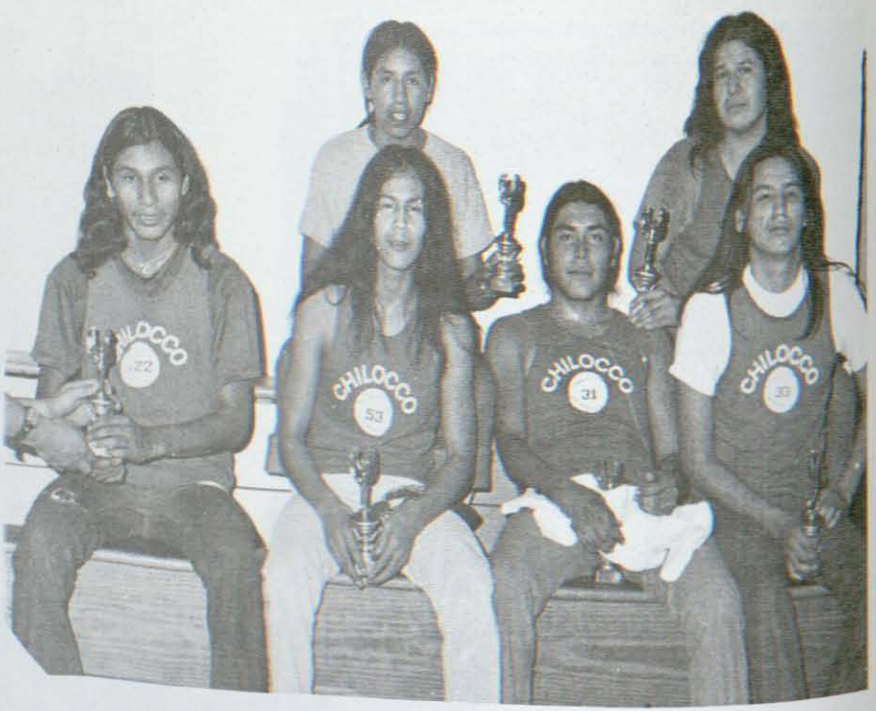
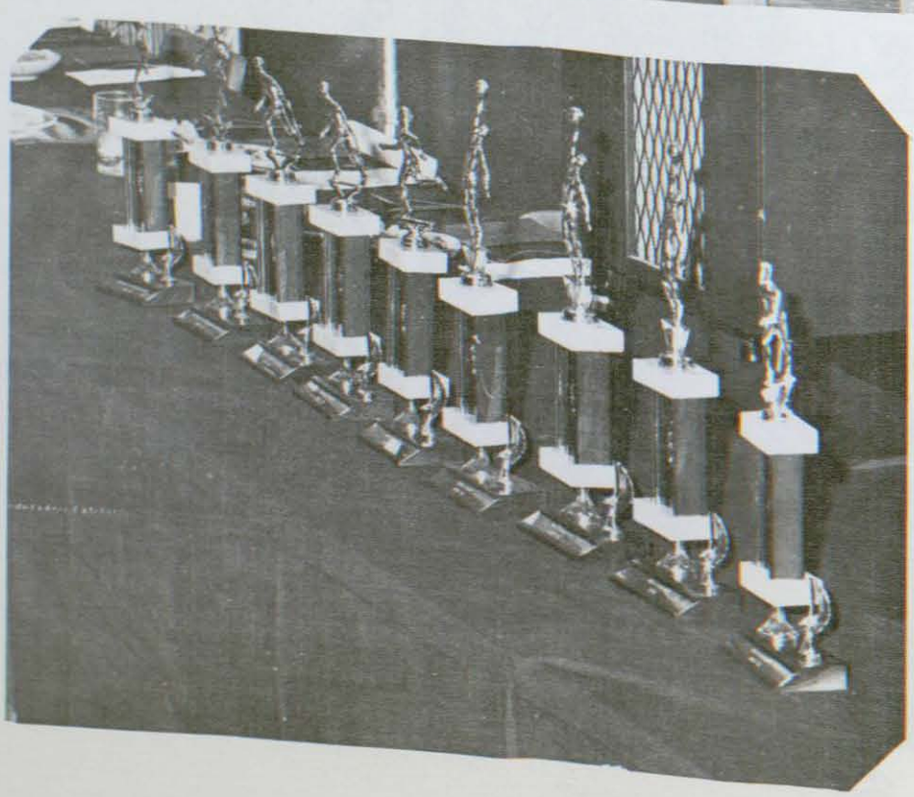
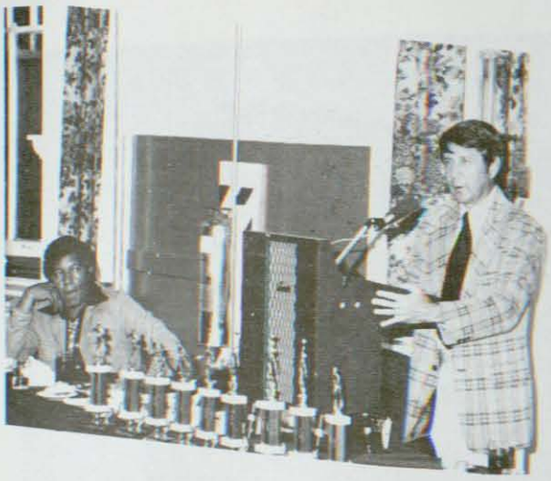
Include Back row: Mike Watkins, and Glenn Isham. Seated: Spencer Arkeketa, Sam Osceola, Curtis Williams and Dale Buffalohead.

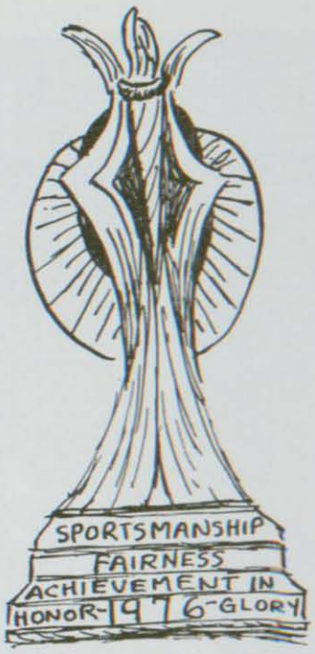




Picturing some of the very impressive awards granted at this year's Athletic Banquet, observed on Chilocco's campus, 6:30 p.m., April 16, 1976.



Mr. Warren Harper, Asst. Football Coach, Oklahoma University, addressing the assembled All Sports Banquet, Friday, April 16, 1976.



Mr. Jimmy Baker also addressed the group on this gala occasion.

Ricky Hudson received several awards.

Fred Hudson receiving an award.

Skip Toppah, stepping away from the awards table with his.

There were several other awards, too numerous to mention due to limitations of this yearbook. We certainly look with pride at our fine athletes!

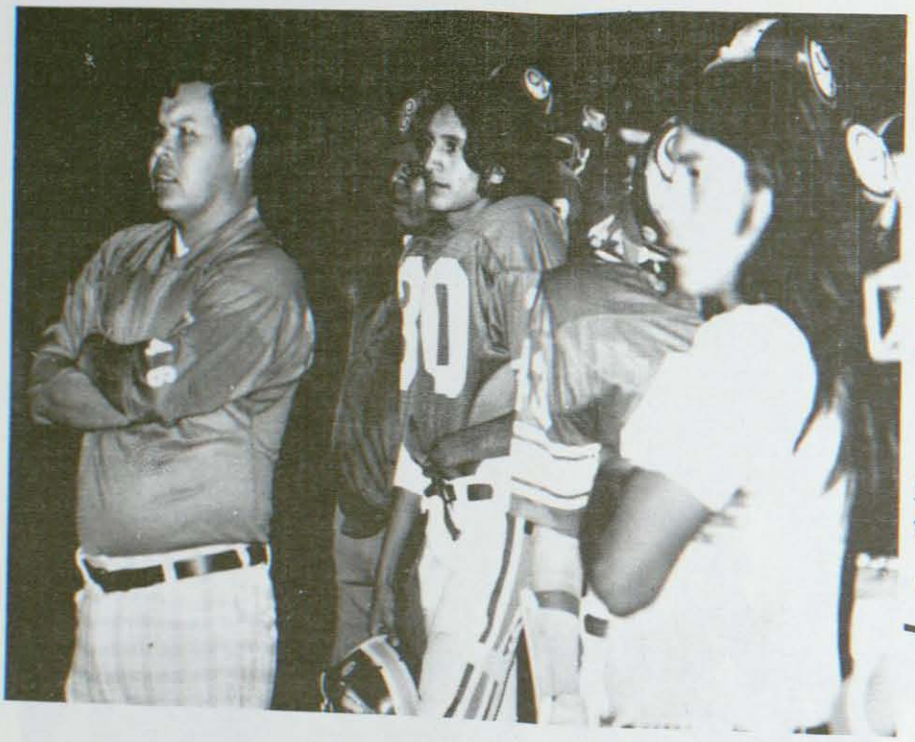
MERRY "BANQUETTERS"

No high school is complete without its bevy of pretty cheerleaders. Here, we present Karen Saul. Susan Knight, Kim Saul and Norita Motlow. And wouldn't many a young man be jealous of little Kelly Jackson, son of our Coach Jackson?

This 1975-76 Football season saw the crowning of Chilocco's fair Homecoming Football Queen, Miss Sonja Rust.

Miss Lisa Norman poses with escort Ken Dorsey. Lisa was our fair Queen's Attendant for the 1975-76 Football season.

We view Miss Sonja Rust escorted by Mr. "Nipsey" Hudson, one of our fine football players.



No one envies the lot of the football coach who stands on the sideline, studying every move made out there on the field, "sweating it out" when his boys are backed up against the goal line.

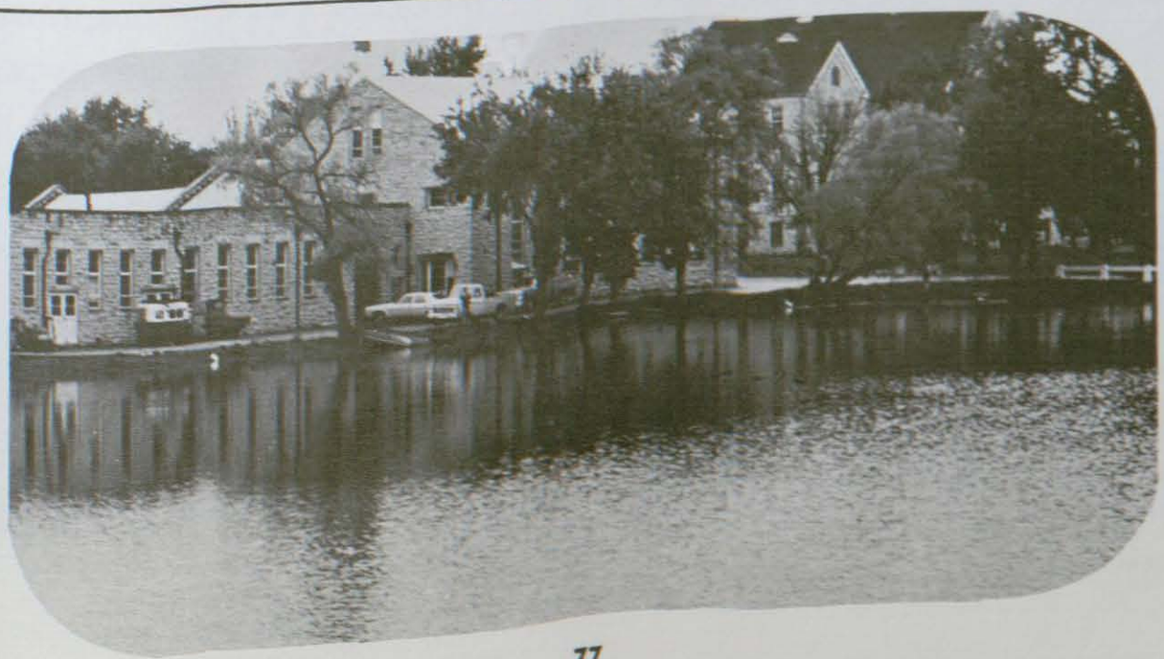
Coach '75 Season:
Louie Jackson
& some players "sweating it out."

Sequoia always furnishes stout combat and competition pitted against Brother team, Chilocco Indian School.

And there is little that can compare to the excitement and thrill of a good, hard-fought ballgame. Here: an invader down short of the goalline.

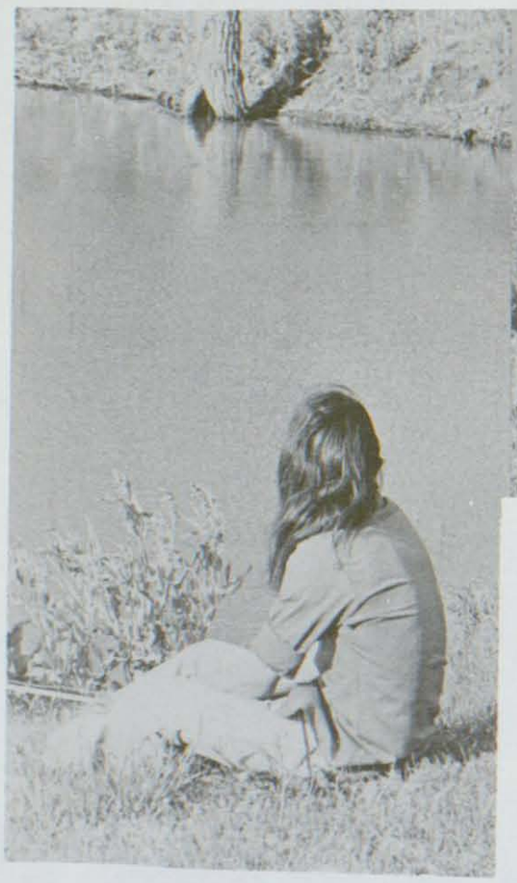
Basketball Queen Susan Knight is escorted by basketball player Alden Wells.

Attendants to the Basketball Queen, Camie Pappan and Mary Martin, are escorted by Rick Hudson and Delbert Dunn, respectively left to right.



SIDELINE SPECIAL:

Chilocco's fair domain is studded with many ponds. Here we see two students enjoying a pretty spring day.



Or, perhaps, students prefer golfing at our beautiful golf course here on campus.

And here we see Mr. Joseph Smith, Band Director at Concho Indian School, directing the fine band in a spring concert in Chilocco's auditorium.

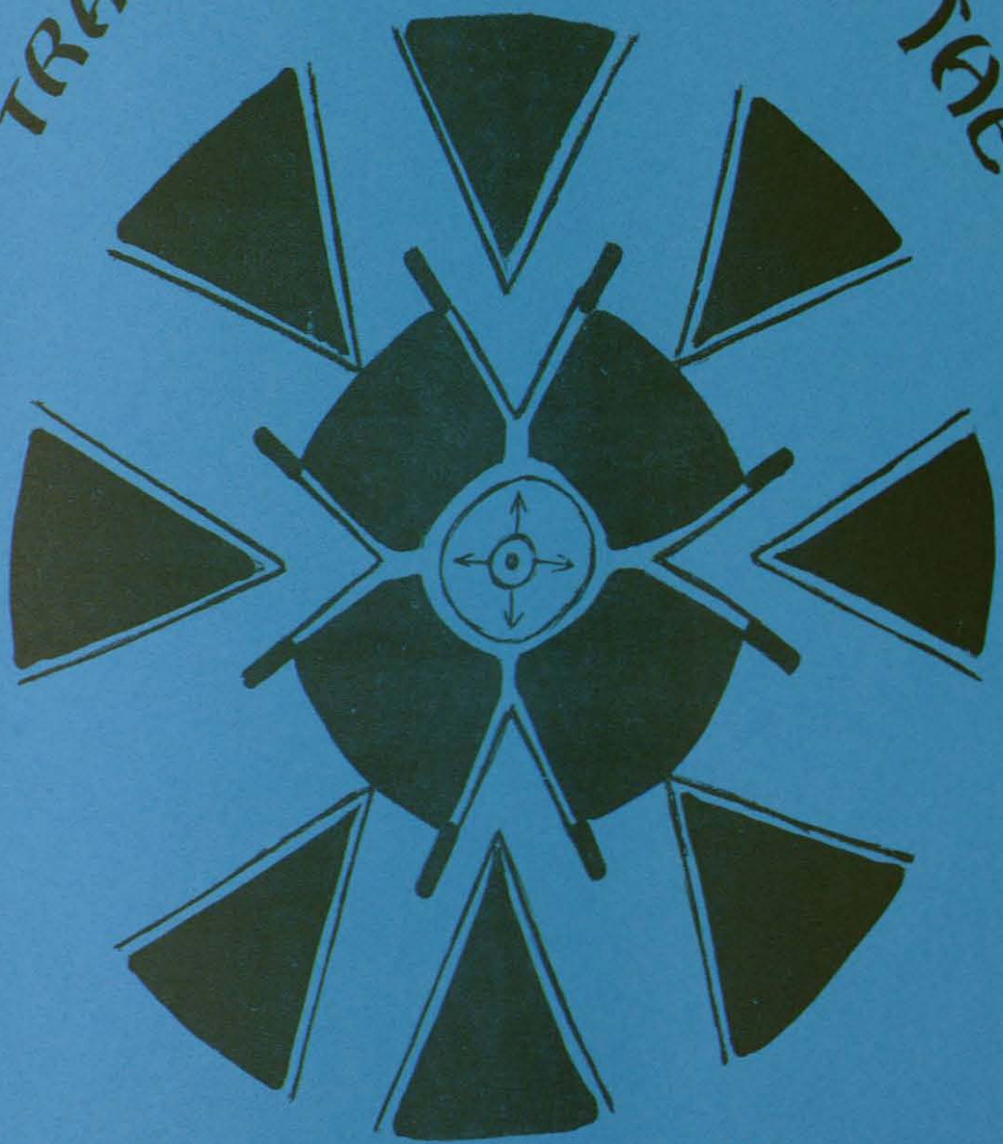
SIDELINE SPECIAL:

Certainly, one of the highlights of this year is the marriage of our petite, pretty Barbara K. Kimberling, Art Teacher, to Tom Austin, Silverdale, Kansas, 8:00 P.M., Friday, May 7, 1976.

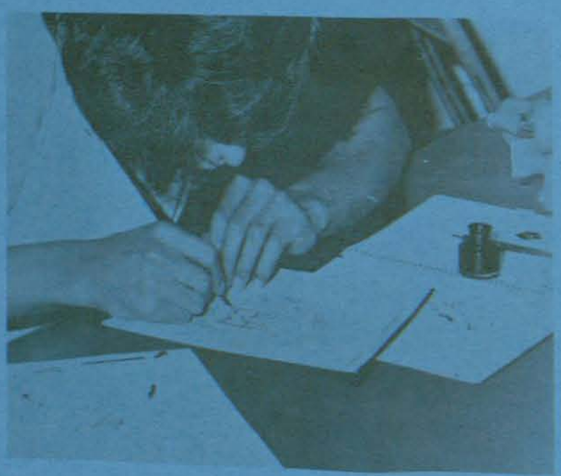
Kay presented Ironstone set by Staff associates in the school library.

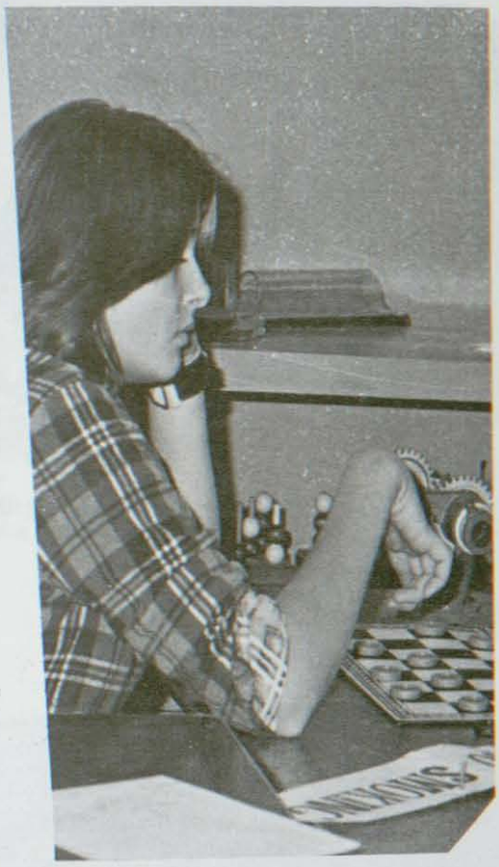
Two of our fairest, Karen Saul (Junior), and Regina Cross (a freshman), journeyed to Holiday Inn, Ponca City, to accept a flag presented to Chilocco Indian School by Okla. Dept Tent No. 8 Blackwell, Oklahoma Daughters of Union Veterans of the Civil War.

TRAMPIN' 'ROUND THE CAMPUS



Ambling 'round the campus, Carriasco McGilbra our photographer, snapped the scenes following:



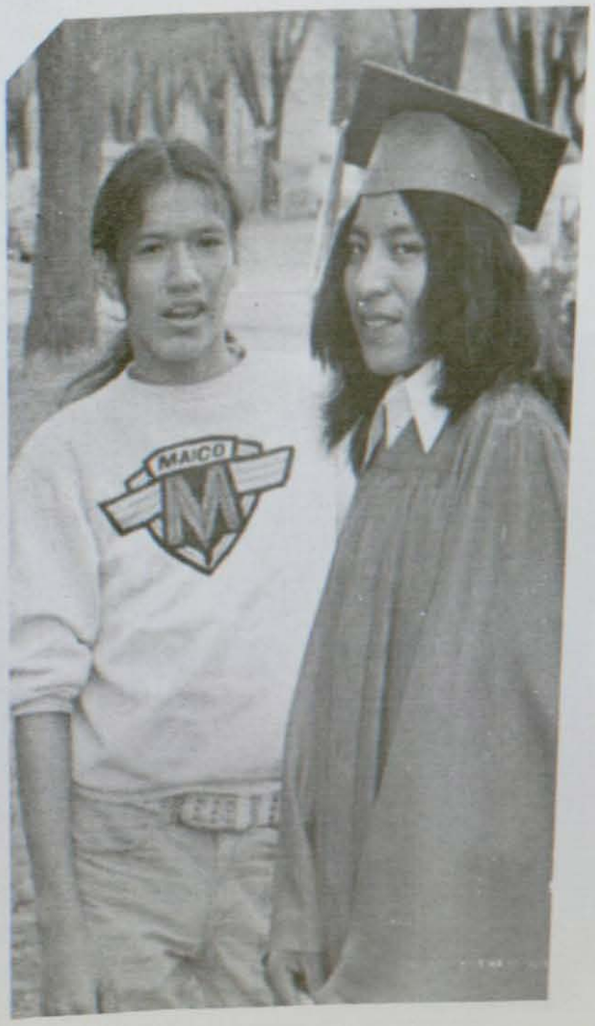


One day we caught Tracy Durant pensively studying her next move against—

Sharon Baker, who seems to be like the cat waiting to jump on a mouse!!

Typical of many proud moments in the lives of graduates, Ken Dorsey accepts diploma and congratulations from Supt. Baker.

After the ceremonies, Lyle Johnson, like many other grads, savors the pleasure of a wonderful moment, with Damon Roughface.



Keith Rock, Edwin Wolfe, and Randy Ground assist in the decoration of the Prom Hall.

Some of the students of Chilocco awaiting the start of Prom festivities.

Students clearing the floor for the Prom activities.

THE PROM IS A HAPPY AFFAIR THAT IS INCLUDED AMONG THE HONORS PAID TO GRADUATING SENIORS. THIS OCCASION MARKED THE END OF THE FIRST ELEVEN WEEKS QUARTER OF CHILOCCO'S NEW SCHEDULE SYSTEM.

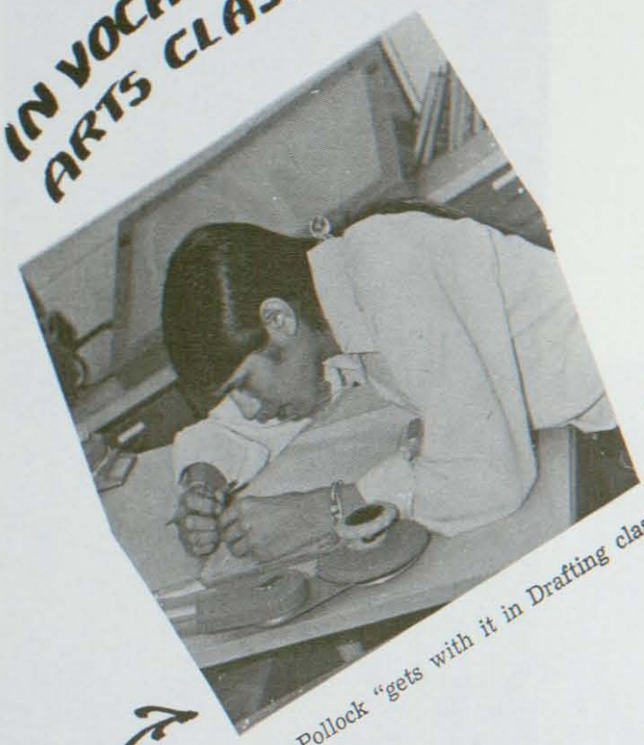
Mr. Nelson Rowe, ex-boys' advisor was a welcomed guest at Chilocco's recent 92nd celebration and —

Mr. Jesse Alsobrook, Title I, and his wife joined in the dining and festivities of the Anniversary party.

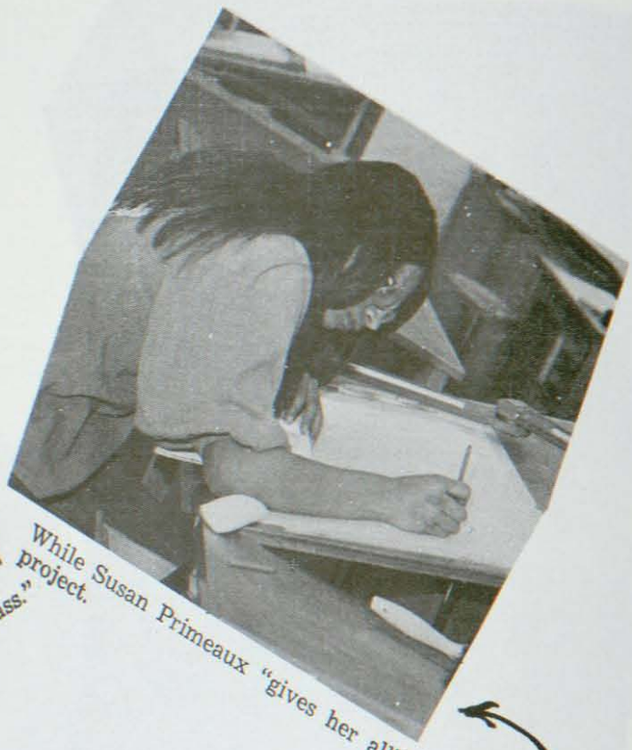
Roamin' 'round the campus we caught Mr. Coston Nicholson, Vocational Arts Instructor, and an unidentified Chilocco student at work in Woodworking —

While in the Foundry class we encountered Don Jourdain and Silas Listo intent on their projects.

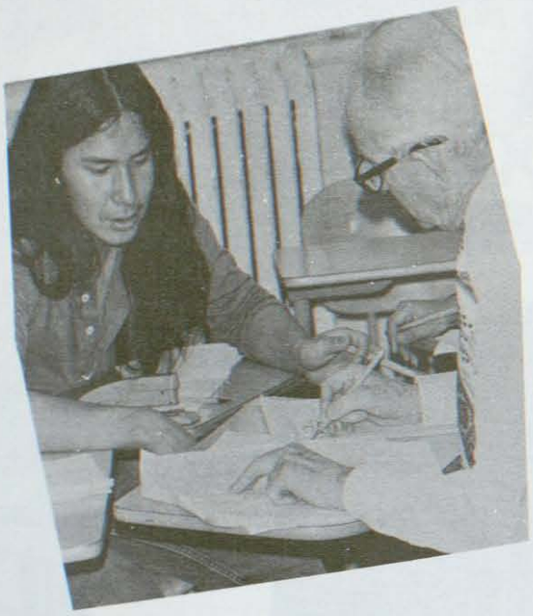
IN VOCATIONAL ARTS CLASSES:



David Pollock "gets with it in Drafting class."



While Susan Primeaux "gives her all" on her project.



And Phillip Black "Kibitzes" while Mr. Nicholson "sweats out" a problem.

Mr. Tom Hardin poses with Driver Education students: Ella Sands and Sheryl Wagon.

Lyle Johnson and Delbert Dunn: Buddies in the Auto Shop.

Peering Into the Past

In keeping with this Bicentennial Yegr's observation of events of the past, we of Chilocco look into our past to recall some events. No dates are given purposely. See if you can estimate about when some of these events could have transpired:

Sept. __, 19__: The first frost of the season appeared at Chilocco on the morning of the __th, one of the earliest appearances of frost ever recorded here!

Sept. __, 19__: Circular No. 9 establishes a fire department in Chilocco with B.S. Rader, School-mason, as fire marshal and Frank C. Dumont, Plumber, as assistant fire marshal.

The run of automobiles through Chilocco on Sept. __, 19__, was on time, many of the K.C. Star tourists taking refreshments here and seeing the school in uniform. This is from the Kansas City Star: "Another highly interesting feature of the tour was a visit at the U.S. Indian School at Chilocco. When the tourists arrived, they found 550 Indian boys and girls of forty-five tribes standing at attention on the campus with the school band playing. The boys all wore military uniforms, while the girls, too, wore distinctive uniforms, a different kind for each grade in the school.

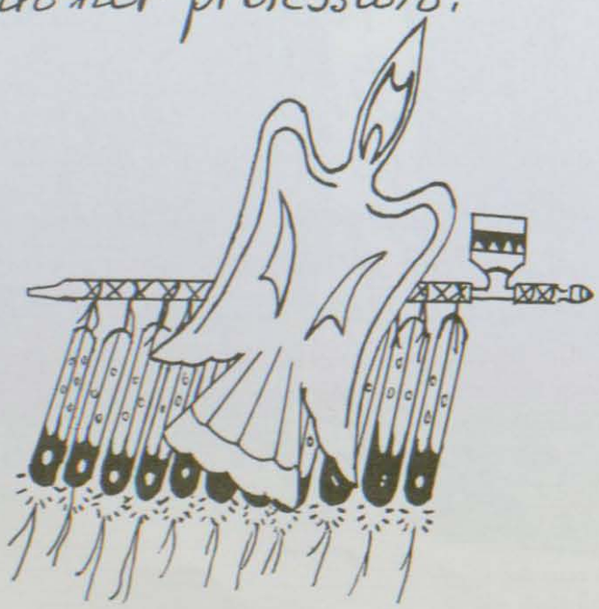
The telephone system is about complete. All important points can now be reached by wire, and it is found a great convenience and help. Twenty 'phones have been installed.

The new library has been decorated, the old Swastika symbol entering prominently into the design. The room is to have a waxed floor and some attractive Indian rugs.

Colonel James A Joyce, late Commander of Roosevelt Garrison of the Army and Navy Union, Washington, D.C., and formerly member of the Marine Band, an experienced bandmaster, is here in quest of the position of band leader. The boys are elated over the Colonel's accomplishment as a musician.

19—: Two children of Geronimo, the Apache Chief, the "human tiger," are being educated at our Chilocco Indian Training School. Robert is seventeen years old, and Eva, his sister, is eighteen. They both make their home with Assistant Matron Margaret L. Phillips at Home Two. They are both exceptionally bright and good.

Miss Phillips says Eva is one of her best girls. She is a Christian, being connected with the Baptist denomination. Eva's practice is to read her Bible every night before retiring, and her whole life is consistent with her profession.



Summer school of '75 provided a wonderful opportunity for an ever-to-be remembered picnic. Ice cream, cold drinks, and the regular picnic fixin's were great!

And then later on, in the fall, came along the annual Arkalalah parade in Arkansas City, Kansas. Recognize Shirley Yeahquo (Chilocco Princess) and Vivian Bushyhead on the float?

Remember the fun we had at summer school of '75?

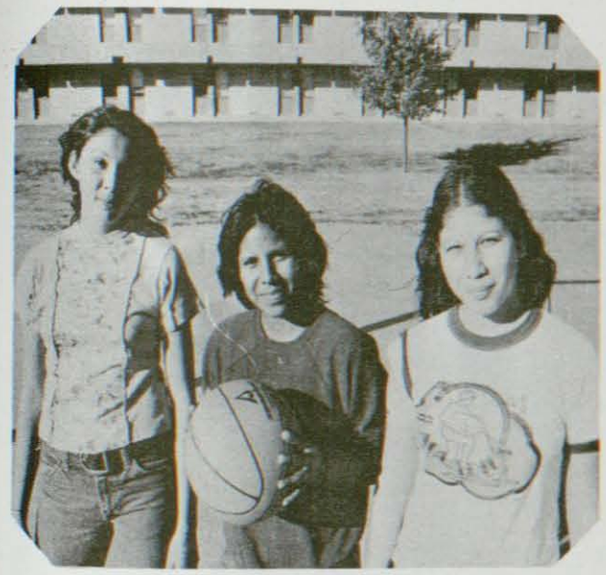
Henry Hendrickson — a cook! For heaven's sakes, what else is gonna happen, 'round this crazy campus!

Hey, fellers, what mischief are you up to now, huh?

Staffers John Dunn and Coach Moore show great pleasure when football game statistics show us on the winnin' side.

Betcha' we must have made a goal and are now 'way ahead in this football game!

Kathy Rankins and Beatty Ramirez "Settin' on the corner—watchin' all the guys go by."



Naomi Tommie, Sherry Tubby and Kelly Blaine — Aw, come on and play, fellers!

Delbert Dunn, Aaron Billie and Dan Osceola—Not right now girls! Got more important matters to take care of!

Manuel Lewis, Randall Frazier and John Beaver are supervising repairs to machinery on the farm.

Gerald Magoosh coming in from a hard day's work on the farm.

Supt. Baker, Mr. Narcomey, during a tense moment at one of the basketball games.

And then, if there is nothin' better to do, we can "scrounge around" at the Boys' Dorm.

life!

Havin'

fun!

Lovin'

Remember the hours in friendly, warm chatter during the meal times at Chilocco's Dining Hall?

Hidden safely behind safety goggles, one of the students work busily at a lathe in the machine shop.

Edwin Wolfe and Danny Page are thinking of the good eatin' that comes after the preparation and cookin'.

Chilocco students, whether cheerleader or spectator, enjoyed the "razzle-dazzle" and excitment of the football games.

Jack Runnells shows off one of the many fine farm animals here at Chilocco. "Ain't he a beaut?" the animal. I mean!!

One of the student members performing an eagle dance, one of many activities of the Indian Club.

Donalene Bunch, Home Eco, demonstrates some techniques in cooking to! Boys!! future chefs, huh?

Shirley Yeahquo speaking to audience in the old auditorium. Wasn't she a lovely Chilocco Princess.

Some of the Key Club boys caught in action at a Pancake supper benefit. Theme of the conversation? Girls, maybe!!

Chuck Hines and Bob Begay snapped in action, along with Velma Hall and others, at a night football game.

Alden Wells and Dwight Howe aren't too worried about diets and calories, least of all iron, calcium, phosphate, niacin, etc.—just plain good eatin'!

And even staffers, Henry Hendrickson, Charles Narcomey and John Dunn sho' ain't worried about midwaist "tire tube" expansion!!
